

Further Court Action is Seen in Sumpter Dispute

Van Buren School Board Loses in Court of Appeals

Elementary School Building Will
Be Ready for Students Sept. 16

BELLEVILLE — School days for 300 elementary students of the former Sumpter School District will begin next Monday, Sept. 16, Dale E. Kaulitz, superintendent of Van Buren Public Schools, announced following a regular School Board meeting Monday night.

The nearly two weeks delay in absorbing the remainder of 550 Sumpter students ordered transferred to the Van Buren School System was caused by time required to get the elementary school building, located on Sumpter Road, repaired and in reasonable good shape for teachers that had to be hired and students.

The 250 junior and high school students have already reported for classes at the Belleville Junior and Belleville High Schools, Kaulitz said.

A COURT SUIT instituted by Van Buren School Board in Wayne County Circuit Court asking for a declaration of rights and responsibilities in the financing of Sumpter Re-organization was the major delay in student take over but brought a favorable decision that upheld the Van Buren School Board's position.

Circuit Court George T. Martin denied a motion to dismiss the court action that had been filed by the Attorney General office. He further held that the Van Buren School Board's position was sound and the \$476,237 promised by the State Board of Education should be paid.

An appeal to the State Court of Appeals taken by the Attorney General brought a reversal of this decision.

THE APPEALS COURT by a 2 to 1 decision directed the Van Buren School Board to

forthwith take over the teaching of the Sumpter students.

The school board agreed to do this but in an emergency session of the School Board adopted a resolution to further pursue its court fight for financial aid and for a decision determining its rights.

In a statement issued last Friday, Sept. 6, the Van Buren Board of Education stated:

The Board of Education of the Van Buren School District has been and will remain to do what is best for the children of the School Districts of Van Buren and Sumpter. With this in mind, we have agreed to accept the students living in that portion of the Sumpter District assigned to the Van Buren School District.

The citizens of both of these Districts should know that the State Board of Education on

Romulus Teachers Ratify New Employment Contract

Agreement Provides
Higher Pay Scales
Ballot is Overwhelmingly
To Accept Terms of Pact

By HENRY CANTIN
ANP Staff Writer

ROMULUS — A new 1968-69 school employment contract embracing higher salary schedules and fringe benefit improvements has been ratified by teachers of the Romulus Community Schools.

Salary increases range from \$700 to \$1,610.

An agreement on the new contract was reached at 4 a.m. last Wednesday, Sept. 4, when negotiators representing the Romulus Board of Education and the Romulus Education Association settled various points of contention.

The settlement came a day after the official opening of schools. William Jakad, chief negotiator for the School Board, reported immediately after the contract was approved that the one day lost by students will be made up on Jan. 24. This day had been scheduled for Records Day for teachers and children in the district.

The teachers will make up Records Day on Saturday, Jan. 25.

Ratification meeting on the new contract was held at Progressive Hall, Romulus. Teachers voted overwhelmingly to accept the new terms. Some 200 teachers are involved.

STATE LABOR Mediator Walter Quillico assisted negotiators in reaching contract settlement.

Negotiations that have been in process for weeks reached a stalemate late Saturday, Sept. 7. They were resumed Tuesday and again on Wednesday, school opening day.

The 10-step salary scale for

teachers with Bachelor of Arts Degree will now begin at \$6,900 to a top of \$10,800 and teachers with Master of Arts Degrees, \$8,100 to \$12,200. Teachers with specialist degrees, \$9,100 to \$13,200.

The contract also provides that teachers will receive additional pay if they are given additional class assignments, one-tenth of yearly salary. Salary increments will remain at \$300 for teachers on third year probationary contracts, substituting a percentage of \$6 per hour. Substitution rates are to be: Daily, \$27.50; Permanent, \$30.

Teachers on the BA scale, who continue studies beyond the basic degree will be paid \$20 per hour up to 30 hours. And teachers on the MA scale will be paid \$22.50 per hour up to 30 hours. A payment of \$5 per hour is provided for other additional duties.

AS RESULTS of negotiations, teachers will be given extra curriculum activities instead of a flat fee. They will receive a percentage of the base pay. This includes

"DO YOU BETTER BE GOOD" — Miss Maria Blaszk of 10000 Willow Road, world famous, when she stops tickets for the mammoth National Aviation and Space Exposition that will take place next weekend at nearby Willow Run Airport. Captain Barber who makes his home at nearby Ford Lake, was Captain of USA Aerobatic Team which went to Budapest, Hungary in 1962. He will perform twice during the three-hour air show demonstrating precision aerobatics with two different types of aircraft. Full details of the huge aviation event and program can be found in the Bill Balogh's "This Flying World" in this issue.

U of M MEDICS SAY

Emergency Care at Belvil Hospital Saves Girl's Life

BELLEVILLE — A the fast and "excellent" was disclosed. This was the opinion of staff doctors at the University of Michigan Hospital who received and treated the child after initial emergency care at Belvil Hospital on Aug. 24.

And also of the child's parents, who are still praising and thanking the medical staff and aides at Belvil Hospital for their undivided attention and quick action.

Gina Marie West, daughter of Mr. and Mrs. James West of 19180 Clark Road was brought into Belvil's emergency rooms at 8:01 p.m. Aug. 24, with a critical injury caused when a rotary lawn mower, mangled

(see SAVES LIFE PAGE 2)

Van Buren Board Airs Proposal For Cleanup of Lake Pollution

BELLEVILLE — Van Buren Township officials have proposed a solution to the pollution problem of Belleville Lake, Louis A. Toth, township supervisor, announced.

The proposed method of reducing or eliminating a major cause of river and lake pollution requires the full co-operation of residents, property and business owners along that portion of Willow Creek that flows through Van Buren Township.

The Township Board made the anti-pollution move following an on - the - spot inspection last week of Willow Creek, a stream that starts in Ypsilanti and enters into Van Buren Township, east of

Rawsonville Road, north of the I-94 Service Drive and then flows under the I-94 Expressway and ends at the entrance road into Edison Point.

TOTH DISCLOSED that the Board proposed that Willow Creek be encased and filled with sanitary land fill. This would involve some 8,500 feet of Willow Creek. That is from

20 to 30 to 100 feet wide at various points.

He reported that heavy pollution from Willow Run Airport, and area plants along with Ypsilanti's treatment plant empties into Willow Creek. Two small surface water streams also empty into the creek.

A report prepared and issued by Johnson - Anderson, consulting engineers of Pontiac

in April, 1948, on a clean - up job of Willow Creek and adjacent streams disclosed that it would cost more than \$2 million to perform this task.

Vote Registry Drive Started in Romulus

ROMULUS — An all-out campaign to get residents to register to vote in the Nov. 5 general election, was announced Monday by Alfred J. Perry, township clerk.

Five registration stations with deputy registrars have been set along with the use of two mobile units supplied by Local 600 UAW-CIO, Perry reported.

Deadline for registering to vote in the Nov. 5 election, is Oct. 4. The stations and mobile units will be in operations for the next three weeks, starting Sept. 18.

In addition, Perry said, notices on vote registration will be distributed to school children at class with instructions that the notices be taken home to parents.

The stations in addition to the township hall, and hours for registration are:

Township Hall, 36572 Goddard, regular office hours. Urban Renewal Office, 6446 South Wayne road, 10 a.m. to 5 p.m. Monday to Friday.

Romulus Post Office, 11189 Shook road, 10 a.m. to 5 p.m. Fridays.

Manufacturers National Bank, 36450 Goddard road, 10 a.m. to 4:30 a.m. Mondays.

Romulus Department Store, 36535 Goddard road, regular daily hours, Monday through Saturday.

One of the mobile units will be stationed at Diamond Point, Eureka road near Middlebelt road on Wednesday from 8 a.m. until 8 p.m. The second mobile unit will be at Wyadcliffe Estates on Wayne road near the Romulus High School on Thursdays from 10 a.m. to 8 p.m.

Chamber Schedules Meeting

BELLEVILLE — The Belleville Area Chamber of Commerce will hold a general board meeting, Sept. 12, at Lodge Lounge & Lanes, 46255 Willow Run Expressway, Theodore F. Kuckelman, executive director, announced.

Lunch will be served at 12:30 p.m. and the meeting will adjourn at 1:45 p.m.

Various committee chairmen have been asked to attend the meeting. Reports on pending area problems will be heard and discussed.

CHAMPION TIGERS — The American Little League title (American Division) was won by "Tigers" sponsored by Burhop Collision Shop with a record of 14 wins and one loss. Left to right (front row) are: Roger Clark, John Landoski, Eric Cullin, Jeff Schroeder, Terry (Andoski), Mark Michniewicz and Gordie Sullens. Second row left to right are: Doug Meyer (Ace pitcher), Tom Vasek, Gary Wills (top hitter), Ron Bluhm, Tom Budrick, Bill Buckner and Mike Lytle. Not in the picture is Eddie Conrad. Behind the team are managers, Cam Cullin and Don Bluhm. (see Story page 20)

COURT OF APPEALS

(continued from page 1)
Jan. 9, 1968, made numerous recommendations relative to the reorganization, including a recommendation that the Van Buren School District receive \$476,000 for capital improvements because the building which the Van Buren School District was to receive, namely, the Sumpter Elementary School on Sumpter Road, was an inadequate structure for the education of the children in that area.

To date, the Van Buren School District has not received those funds. As a result of not receiving those funds and numerous other inadequacies relative to the reorganization, the Van Buren School District instituted action in the Wayne County Circuit Court, Wayne County, Michigan.

THE CASE was assigned to the Honorable George T. Martin who ruled in favor of the School District and dismissed a motion by the Attorney General to dismiss the complaint filed by the School District.

The Attorney General then appealed the matter to the Court of Appeals. The Court of Appeals on Sept. 4, in a 2 to 1 decision ruled that the Attorney General should have been sustained in the lower court. Thus the School Board is faced with the serious question as to whether or not it should object to such an order and appeal to the Supreme Court or request a rehearing in this matter.

The Board by resolution resolved to do the following:
• Admit those students for the school year 1968-1969

LAKE

(continued from page 1)

The heavy pollutants emptying into the creek results in heavy growth of algae, slush and pollution. That eventually enters Belleville Lake.

A two-way program to eliminate this action, Toth said, would be to first begin dredging operations, (a costly project, and or secondly encase the creek and have only treated sewage flow through a 8 to 12 feet cement sewer pipe to be laid under land fill.

This sewage would then pass on to an inter-lake area in the Flat Rock, Mich., area. "We would be willing to issue a free sanitary land fill permit to begin closing up Willow Creek. This would have to be done under state and township regulations," Toth said.

"In years we have been fighting for a solution to this problem. The residents of the township will not vote this over \$2 million expenditure. People talk about looking for a way. The sanitary land fill program proposed for the creek is a solution," he added. Residents will have to shoulder the expense of installing the sewer pipe. He disclosed that area plants are going to be contacted toward bringing the proposed project about, Toth stated.

now living in the Sumpter District which was allegedly attached to the Van Buren School District pending further court action and subject to the reorganization action being completed.

• Request a rehearing before the State Court of Appeals so that the question of whether or not the reorganization was completed be given a full and complete hearing.

• Emphasize the fact to the Court and Community that the State Board of Education has not completed its role in the reorganization process and in fact neglected to obtain the funds which were recommended by its reorganization committee.

THE CITIZENS of the Van Buren School District and the Sumpter District are aware that numerous articles in the newspapers and on television and radio have directed their attention to the fact that the financing of schools is in a sad state of affairs. This is further emphasized by the fact that

SAVES LIFE

(continued from page 1)
her left foot. She was going into shock when she arrived at Belvil Hospital.

WILLIAM HINCHEY, hospital administrator, commended the hospital's medical staff and added:

"If it hadn't been for the instant care received this young patient could have lost her leg." Others felt that immediate care rendered Gina's critically mangled foot and leg saved her life.

Gina, the youngest of four children, went out to play Saturday afternoon Aug. 24.

While waiting for her supper, she went to the yard of her uncle Eugene West, who resides next door.

Her seven-year-old brother was cutting the back yard grass. He looked backwards to survey his lawn cutting when it was reported, something went wrong with the rotary lawn mower's gears. The lawn mower jumped backwards then forwards.

The mower struck Gina knocking her down. The rotary blade cut and badly damaged the foot and leg, cutting off the big toe and nearly severing the foot itself.

Flesh on the left leg was completely stripped from the leg.

THOMAS WEST, an uncle and Gina's grandfather, James L. West, wrapped the child in a bed blanket and rushed her

Faulhaber Promoted By Army

WILLIS — James R. Faulhaber, son of Mr. and Mrs. Loran Faulhaber, 8370 Bunton, was promoted to Army specialist four (August 14) while assigned to the 4th Infantry Division in Vietnam.

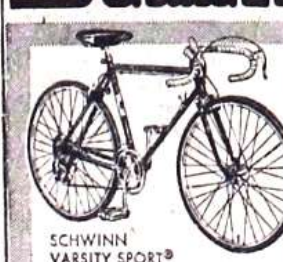

Spec. Faulhaber is a team leader in Company D, 1st Battalion of the division's 22nd Infantry.

He entered the Army in October, 1967, completed basic training at Ft. Knox, Ky., and was last stationed at Ft. McClellan, Ala., before arriving overseas in April, 1968. He has received the Combat Infantryman Badge.

Plant Break-ins Probed

ROMULUS — A series of breaking and enterings of several plants located in the southern section of Romulus Township are under investigation by Wayne County Sheriff Road Patrol and Romulus Police officers, Police Chief Jacob J. Koch reported.

Scout cars have all been alerted to be on the lookout. Plants reportedly broken into are Metro Asphalt Paving Company, Overhead Crane Company, MBM Fabricating.

Taken in the break-ins are various types of business machines.

Police are working on the theory that an organized gang of thieves are operating and the stolen merchandise taken out of town.

Plant owners and other businesses have been warned to be on the alert and report any suspicious person and situation to police immediately.

MILLAGE

(continued from page 1)

buildings. Later permanent recreational centers could be constructed if residents so desired.

The estimated cost of operation would approximate 85 per cent for personnel salaries and 15 per cent for required equipment, Florian said.

"This program envisions the use of a full time recreational director and ten assistants at the seven or more centers such as school buildings, Parks and Recreation Playgrounds, Water Front Facilities and specialized sport facilities," Florian said.

PROGRAMS WOULD include: Arts and Crafts, Sports and Athletic Program, Dramatics Program, Music Program, Dancing Program, Nature Study and Outings Program, Literary Activities, Social Activities Program and Special Program Activities.

A suggestions box for use of residents will be placed at various locations throughout the township in the coming weeks. At present, the box is at the Belleville Branch of the National Bank of Detroit.

athletic activities, band and choral directors and class advisors.

The lack of finances for operation of the School District reduced some of the school system's educational and athletic programs. It was this lack of finances that weighed heavily on school administrators in considering some of the major demands of the teachers' association, Jakad stated.

There was no change in hospitalization providing

Accident Kills Resident

BELLEVILLE — An accident on US-12 west of Ypsilanti and near the US-23 Interchange at 9:30 p.m. Sunday night resulted in fatal injuries to a Belleville resident.

Dead on arrival at the St. Joseph Mercy Hospital, Ann Arbor, was Gordon John Scheurich, 33, of 6671 Belleville road.

The State Police Post at Ypsilanti reported that

Scheurich was struck by a car being driven by James Snyder, 28, of 7848 Whitmore Lake road, Ann Arbor, while walking on US-12 to retrieve an object that had fallen from a companion's motorcycle.

Scheurich, troopers reported, was one of a group of five to six motorcyclists traveling on US-12 when something fell off one of the motorcycles ahead of him.

He stopped his motorcycle, got off, and was walking toward the object when struck. State Police are continuing their investigation.

A&D Firm Adds New 'Cycle Line

ROMULUS — The A & D Motor Company, motorcycle dealer, has announced the addition of a new line of motorcycles and snowmobiles. The A & D firm, an authorized "Honda" motorcycle and parts and service dealer, has added the latest in "Yamaha" line of motorcycles and snowmobiles. The motorcycle center is opened Monday, Wednesday and Friday until 9 p.m. and on Tuesdays, Thursdays and Sundays until 6 p.m.

BUILDINGS FOR SALE

Sealed proposals will be received by the undersigned at 1750 Guardian Building, Detroit, Michigan 48226, until 2:00 P.M., E.D.T., on Tuesday, September 24, 1968 for sale and removal from the premises of buildings at 33190 South Huron Road, New Boston, Michigan.

A Certified or Cashier's Check in the amount of ten percent (10%) of the bid price must accompany the proposal. The successful bidder will be required to remit the balance of the bid price within seven (7) days of being notified of the award. The successful bidder on a building may be required to make a deposit to assure cleanup of the site after removal of the building.

Envelope containing proposal should be plainly marked as follows:

"Building Proposal."

The Authority reserves the right to reject any or all proposals, to waive irregularities and/or formalities in any proposal and to make the awards in any manner deemed for the best interests of the Authority.

Proposal forms may be obtained at the offices of the Authority, 1750 Guardian Building, Detroit, Michigan 48226, or at the Lower Huron Metropolitan Park office at 17845 Savage Road, Belleville, Michigan.

Huron Township Voters OK School Millage Increase

APPROVAL CAME IN FIFTH ELECTION

NEW BOSTON — A Millage Increase Proposition calling for the assessment of 10 mills was approved by voters of the Huron Township School District in a special election held on Thursday, Sept. 5.

The millage boost, which includes a renewal of a five-mill levy expiring this year and additional five mills for school operation, was approved by a vote of 731 YES votes to 553 NO votes.

A total of 1,284 persons cast ballots out of a reported vote registry of approximately 2,700 in the school district. Thirty ballots were spoiled.

THE ELECTION was the fifth in a little over a year that the Board of Education sought voter approval of additional millage.

Thursday's special election was held at the demand of 298

citizens of the of the School District that had petitioned by referendum that the School Board vote on operating millage for a fifth time.

Vote by precincts is as follows:
Precinct No. One — YES, 315; NO, 199. Precinct No. Two — YES, 99; NO, 149. Precinct No. Three — YES, 317; NO, 205.

The millage approved is for a five-year period (1968-1972) and will mean a mill levy of 10 mills for each \$1,000 of assessed property valuation, state equalized.

THE CURRENT school millage (prior to the election) is 10.9 mills, made up of three mills voted and 7.9 mills allocated by the Wayne County Tax Allocation Board.

Another 7.05 mills is assessed for bond debt retirement, or 17.95 mills for schools.

The additional millage will raise this to 27.95 mills per

\$1,000 of assessed property valuation, state equalized.

The millage victory brought a wave of jubilation throughout the administrative and teaching staffs.

Byron Antcliff, school superintendent, said:

"We are going to attempt to bring full educational programs to students as quickly as possible. We are very happy with the voters' decision."

The Huron Township District's schools began half-day sessions at the start of the school year and other school programs were either reduced or eliminated.

IT IS the hope and immediate plans of the school officials to resume full-day sessions as soon as possible. There is need of additional teachers to supplant the present teaching staff of 69.

These staffing problems may delay the start of full-day sessions until the start of the second semester, Antcliff said.

A SILENT PRAYER — National Bank employee, Lori Majkowski, utters a quick prayer for her "Tigers" as she applies a "Go Get Em" bumper sticker to a willing customer's car. The bumper stickers are available free at the local bank for all of those Tiger fans who have been afflicted with the "Pennant Fever."

Like frost on a window pane, cataract is a cloudiness within the lens of the eye that blocks the passage of light. Surgery is the only recommended method of treatment for cataract and is successful more than 95 times out of 100 in those patients for whom an operation is recommended, advises the National Society for the Prevention of Blindness.

Bob Owen Appointed Instructor

BELLEVILLE — Robert J. Owen, of 14735 Haggerty has been appointed a Home Firearms Safety Instructor by the National Rifle Association, sponsor of a course designed to help reduce shooting accidents in the home.

The NRA course is designed to promote safety among those who normally do not use firearms for recreation or hunting, but are exposed to guns in their homes. It emphasizes the recognition of unsafe practices and hazardous conditions in the home and demonstrates how to correct individual situations.

Owen was awarded an NRA instructor's certificate following successful completion of a written examination. He is qualified to conduct the course on a local level.

Alexander Hamilton is buried in Trinity Church's yard, New York.

Wegienka Loses Recount

ROMULUS — Certification of the Aug. 5 primary election returns by the Board of Canvassers of Romulus Township was affirmed in a vote recount by the Wayne County Board of Canvassers, Alfred J. Perry, township clerk, announced.

The recount of votes, requested by Norbert Wegienka of 13702 Harrison Road, incumbent on the Romulus Township Board of Trustees, was held at the Township Hall last Friday, Sept. 6.

The recount, it was stated will cost approximately \$500 to the township, Perry reported.

WEGIENKA WAS defeated for re-nomination in the August primary. He received a vote total of 548 votes and ran third in a list of ten candidates who sought to fill two expiring

four-year terms on the Township Board.

A total of 2,698 persons cast ballots out of a registered vote list of 6,451.

Incumbent Jimmie Raspberry, (D) won re-nomination. Roderick E. Smith, former township clerk and running on the Democratic ticket, defeated Wegienka. Smith received 587 votes. Their opponents in the Nov. 5 election will be Republicans David A. Rogers and Robert L. Walicki.

In one of the precincts, the county canvassers found a vote counting mistake in one of the two machines used in this precinct.

Correction of this mistake reduced the vote totals of candidates but not the officials results.

Wegienka's vote total was reduced by 10 votes, Perry reported.

New Plan for McMullan Rezoning is Approved

BELLEVILLE — The Van Buren Planning Commission last week approved a new and modified petition requesting rezoning of 147 acres of land known as McMullan Pointe.

The planners' recommendation which must be also approved by the Township Board, has been forwarded to the Wayne County Planning Commission for its opinion and recommendation.

This is the second time a petition filed by Dearborn Land Developer Frank Volk, Sr., has been approved by Van Buren Township Planners Commission. The first approval was also adopted by the Township Board.

Area residents instituted a referendum vote petition and on May 6, voters rejected the

rezoning after a lengthy pro and con dispute.

Since then, Volk's attorney Rodney Kropf, prepared and presented a new and modified (from simple to multiple dwelling) rezoning plan to meet objections in the earlier petition.

The land site to be rezoned is located on Belleville Lake between the I-94 Expressway and the Lake and west of Beckley road. Volk is the land owner.

The number of multiple dwelling units proposed in the new petition has now been set at 1624 apartments from 2,000 units. Tennis courts, swimming pools and a nine-hole golf course is still part of the modified plan.

The revised plan sets aside a land parcel, on the east side of

McMullan Pointe and south of Denton road around the lake area for the construction of single homes. This was originally proposed for multiple dwelling.

Also a land strip of 150 feet in depth, north of Denton road, was proposed for single homes but the planners decided that the size of the strip was not good zoning for single homes (proposed lots in the strip would be small in size and not large enough for single homes that probably would be built to conformed to sizes of large single homes in the area, it was stated.

There were no major

objections made at the public hearing. Residents submitted numerous questions on the Board.

feasibility of the new plan and urged serious study before final approval by the Township Board.

IN ROMULUS

Charter Commission Post Sought by Six

ROMULUS — Six Romulus Township residents so far have taken out petitions for appointment to a proposed City Charter Commission.

Voters in the township will vote on a proposed City Incorporation Proposition and 20-member Charter Commission in the Nov. 5 general election.

If voters approve both issues, the Charter Commission will then prepare a Charter for city operation which will be presented to township residents later for their final approval.

Nominating petitions were

taken out by Charles J. Dick, Jr., of 34449 California; Felix F. Rogalle, of 36510 Goddard Road; Garnet Bunnell, of 12100 Elmview; Emory M. Seestedt, of 11576 Olive Street; Anthony Lopota, of 6711 Merriman Road, Inkster; and Mrs. Marie DeBuysscher, of 37839 Westvale.

Deadline for filing petitions with the Wayne County Clerk's Office is Sept. 17 at 4 p.m., Alfred J. Perry, township clerk, announced.

Petitions must have at least the signatures of 20 registered and qualified voters.

Citizenship Day

The good citizen is the man who, whatever his wealth or his poverty, strives manfully to do his duty to himself, to his family, to his neighbor, to the State; who is incapable of the baseness which manifests itself either in arrogance or in envy, but who while demanding justice for himself is no less scrupulous to do justice to others," said President Theodore Roosevelt.

President Dwight D. Eisenhower put it in another way: "Patriotism means equipped forces and a prepared citizenry. Moral stamina means more energy and more productivity, on the farm and in the factory."

"Love of liberty means the guarding of every resource that makes freedom possible — from the sanctity of our families and the wealth of our soil to the genius of our scientists. And so each citizen plays an indispensable role."

The advice Andrew Johnson gave in 1866 holds true today: "The time has come to take the Constitution down, to unroll it, to reread it, and to understand its provisions thoroughly."

And one way in which every American adult can publicly demonstrate his citizenship is to register and vote in the November election! This is the fundamental test of a good citizen.

A Colorful Season

Autumn means different things to different people, but, for all of us, autumn comes this year on Sept. 22.

To some, it ushers in the excitement of football, others look forward to the hunting season, still others journey to the mountains to view the red, gold and yellow autumn colors that no artist can quite catch in their glory. There are still other people, especially on ranches and farms, to whom autumn means the conclusion of harvesting and planting.

In the cities, autumn brings a freshness and a new life — the opening of another theatre season.

Each of the seasons has its attractions, and autumn has its full share. So whether you are a nature lover, theatre goer, football fan or just a plain stay-at-home who enjoys the smell of the cool fall air, there is something in autumn for you.

'Cures' Persist by Coincidence

Coincidence played a large part in establishing the reputed effectiveness of traditional remedies in medical folklore, points out TODAY'S HEALTH GUIDE, the American Medical Association's manual of health information for the American family.

Warts, which come apparently from nowhere and often disappear for no apparent reason, gave undeserved reputations to innumerable remedies which happened to be used just preceding the spontaneous disappearance of a wart.

The self-limiting character of many diseases, such as the milder sore throats and colds, also caused simple herbs and other methods to gain a curative reputation which they did not merit, the health book says. Here are the facts about some of the common misconceptions regarding health —

• There is no medicine which can be taken by mouth to dissolve gallstones.

• Heart disease is not necessarily a reason for refusing an operation or for being afraid to take anesthetics.

• Flowers absorb some oxygen, but the principal reason they are removed from the sick room at night is because they keep better in the open air.

• Insulin does not cure diabetes; it substitutes for the insulin which the body is unable to provide for itself.

• Premature baldness in men is not caused by wearing hats; nobody knows what causes it.

• Cancer has not been shown to be contagious.

• It is not important to lie on the right side when sleeping to keep from interfering with heart action; the heart actually is in the middle of the chest and not on the left side.

"Candid Capers"

By Bill Balogh

MINI - ASTRONAUT — This picture just goes to prove a point. While the Air Force and government space agencies spend millions of dollars and years on researching "Weightlessness" this three year - old has it "whipped" without any cost or effort right at home. In reality though, this quick snap was the result of a fast shutter speed on the camera and timing to catch the picture at the height of action.

By JIM FITZGERALD

If It Fitz...

Truth Comes First

know, because I edited his copy. A further truth is that Myers and Pat never discussed the State Home situation, not even once.

All of which could easily have been explained in a civilized discussion. Instead, Mabel told Pat she was a dumb bunny who didn't learn much in school and who blabbed untruths etc. etc. Pat's protests made no dent in Mabel's conviction that she had been shot down and Pat loaded the gun. One reason Pat couldn't make an impression is that she was trying to be polite. God bless her.

I always try to be polite, too, no matter how hard a time someone gives me. I figure it's part of my job and besides, my mother taught me to be mannerly and I'm not going to let her down just because some grouch is chewing on my fanny.

One example: after the recent primary election I had a question about the returns in one township. So I phoned that township's supervisor. Let's call him Elmer. I told him what I needed and he said:

"I don't know but I wouldn't tell you if I did. You wouldn't get it right anyway."

ELMER OBVIOUSLY had a complaint against our newspaper and I asked him what it was. Perhaps I could right a wrong? But Elmer wouldn't be specific. "Your whole mess is wrong. I'm sick and tired of your criticism and lies," Elmer said.

So I said "thank you, anyway," just like Mommy taught me, and hung up. Softly.

A critic might well snarl, "Yeah, you hung up softly and then wrote something nasty. Newspapers aren't always polite and kind to people."

Touche, I suppose. But newspapers are a different thing. Courtesy is a person-to-person deal. Reporters certainly should be kind to everyone they contact while gathering news. But they must write it like it is. Taxpayers must be told what is going on in the public institutions they support, such as the State Home or a township election. When the truth hurts someone, most editors will admit honest regret. But to withhold the news to spare a few people would be a far greater hurt to thousands of people. No worthwhile newspaper can see it any other way.

WHICH BRINGS us back to Mabel and Elmer. Our newspaper published something that hurt them — and they obviously think we got some fiction in with our facts. They could even be right — I personally made a mistake once, about 17 years ago.

But Elmer wouldn't even submit his grievance for possible relief. And Mabel took her gripes to the wrong person. Both of them behaved rudely. Both of them contributed more needless static to a world already uptight with fighting, distrust, hate and acid indigestion. Who needs it?

Please note I have been too polite to give the real names of Elmer and Mabel. Only they know that they owe a couple of apologies. I stand ready to accept Elmer's. And I may even convince my wife she should forgive Mabel.

If I stop laughing and say please.

Yesterday's Headlines

20 YEARS AGO

SEPTEMBER 10, 1948 — Two decades back our headlines read "Draft Board Office Opens in Belleville." The B.P.W. announces it would celebrate the first anniversary of its inception as a charter member of the National and Michigan Federation of Women's Clubs on Sept. 13.

Belleville Lake claimed two lives by drowning over the Labor Day Holiday.

In sports, the Romulus Jaycees were to vie with Wyandotte Chemicals for the championship of the Southwestern Wayne County Baseball League.

The Romulus High varsity was preparing for the season's opener with an old rival, Belleville High. The late Harold Cass was coach.

Then, as now, Pearl Morris was contributing her community's news in the "Romulus Personals" column. Margaret Hope was correspondent for Belleville and Marian Berlinn wrote for New Boston. Among the 10 other weekly writers was a teen-ager, Leona Hudge, whose efforts were titled "County Line Notes." Now a member of our editorial staff; she will be more readily recognized by the name Lee Smith.

15 YEARS AGO

SEPTEMBER 9, 1953 — Bold-face type announced the joyous news, "P.W. Son Returning." The John Lawsons, of 430 Liberty st., Belleville, were eagerly anticipating the arrival of their son, John, after three years imprisonment in a North Korean prisoner of war camp.

Funeral services were to be conducted for a veteran Belleville businessman, Lester Hannah, who died Sept. 6 following a heart attack. He had served as manager of the Belleville Edison office from 1914 till his retirement in 1951.

Don Ellis, mail carrier for Belleville Route No. 4, was in serious condition at Beyer Hospital — the result of a collision between his mail truck and a two-ton stake truck on Robson rd.

A team of construction workers were pictured installing Belleville's first parking meters.

10 YEARS AGO

SEPTEMBER 17, 1958 — A hearing on the widening of Main st., had been set by the Belleville City Council. At the same time, installation of 25 new fluorescent lights on Main st. had begun Sept. 16 as a result of the Wayne County Road Commission's release of set back figures on the widening proposal.

The GOP had formed its first club in Belleville under the chairmanship of Elizabeth Laverack.

Mrs. Joan Samuels was pictured on page one as the "City's First Lady Cop." Her duties were to include clerical work as well as minor police problems.

Headlines read "All-Romulus Mailing Sought by Township." Supervisor Terry Trout announced the Township Board was asking a re-districting of all Romulus mailing.

The B.P.W. marked its 11th birthday with a dinner party at Ted's Steak House. Miss Mildred (Midge) Artley was the current president.

A \$10 Haircut!

The National Observer starts off a feature article on inflation with "Haircuts for \$10, minus tip. Food bill for a family of four: \$115 a week. Cost of a 'medium-priced' car: \$9,900. An average-quality man's suit: \$250." The Observer points out that such prices appear fantastic, but they are what we may expect to pay within a very few years if the present course of inflation and the depreciation of the dollar continues unabated.

Even more alarming than the steady advance of inflation is the apparent indifference of the people — or at least many of them — to what is going on. The Observer accounts for this indifference by drawing attention to the fact that during the past 10 years, on the average, personal income for most people in terms of purchasing power has kept ahead of inflation. Until very recently, most individuals have enjoyed a complacent ride on the inflation bandwagon, but the day of reckoning is near.

During the past two years, inflation — price increases — has been catching up to productivity. During the past two years, the purchasing power of the paycheck of a man with three dependents has declined.

As The Chase Manhattan Bank of New York observes, "For many Americans the apparent economic gains of the past two years have been only an illusion created by inflation." The price of unlimited government deficit spending is cheaper dollars and lower living standards. The remedy lies in bringing government spending into line with taxpayers' ability to pay.

Autumn Will Begin On Sept. 22

Autumn will begin at 7:26 p.m. on Sunday, Sept. 22, Prof. Hazel M. Losh, University of Michigan astronomer, announced.

This is when the sun will reach the equator and the day and night will be said to be of equal length. Actually, this is not strictly true.

According to Prof. Losh, the atmosphere causes the sunlight to be bent and the sun appears "lifted" and visible before coming over the horizon and after setting. As a result, the daylight is increased by a few minutes.

THE DAY and the night will not appear equal until Sept. 26. At that time the increase in darkness will balance the atmospheric effect and the day and night will appear equal. From then on, the day's length will steadily grow shorter.

While Sept. 22 marks the beginning of autumn in the northern hemisphere, it is the start of spring in the southern half of the globe.

AWARDED TROPHY — Chester Wojcie, president of the Van Buren Junior Baseball Association (left) presents winning trophy to Jerry Maton, president of Van Buren Belleville Democratic Club, sponsors of the "Dodgers of 1968," champions of the National League. Standing (L to R) are: Dave Grant, John Cicotte, Paul White, Dwight Bell, Assistant Manager, Charlie White, Manager Mel White. Center row (L to R) Larry Bell, Dale Wojcie, James Gaither. Bottom row (L to R) are: George Sheffer and Eddie Brooks. Not pictured are: Lee Stiller, Jim and Keith Green. The presentation was made at Little League Banquet held Friday night at VFW Hall. This is the second year in a row that the Dodgers won the championship.

Family Swim Program To Continue at BHS

BELLEVILLE — The family swimming program will be continued this year it was announced by James Coplas, assistant principal at the Belleville High School.

Supervising the program will be Gary Gray and one other adult with four students helping — two watching and helping in the locker rooms and two with assisting life guard duties. The program will begin this Thursday, Sept. 12.

The pool will open at 7 p.m., swimmers will leave the pool at 8:45 p.m. and the locker rooms by 9 p.m.

The above schedule will be carried out Monday through Thursday with the exception of holidays, home athletic events, at which times the locker rooms are being used, and special events held at the high school.

ALSO THERE will be one less day for the adult education swimming class — this will be posted when the program begins.

The pool will be open on Saturday for students of the Van Buren School District, the times being 1-2 p.m. elementary; 2-3 p.m. Junior High; and 3-4 p.m. High School.

Parents are asked to remember girls must wear bathing caps as required by the Michigan State Health Department and all children participating in the evening swim program must be accompanied by an adult sponsor (21 yrs. or older).

Each adult is allowed to bring four children but they must either swim or remain in the bleachers until the child leaves. There is no sponsor requirement for Saturday swimming.

Station Operator Honored

BELLEVILLE — A special award was presented to Mrs. Ray Sinkiewicz, operator of Ray's Leonard Service Station, 15025 Middlebelt Road, Romulus, for "exceptional customer's service" by the Gates Rubber Company, Denver, Colorado.

Mrs. Sinkiewicz, who resides at 358 Liberty Street, receives a plaque, bearing two rare silver dollars and a specially minted commemorative coin set in an automotive engine design, which was presented in recognition of distinguished service rendered to customers.

The Denver-based company sponsors a nation-wide contest (now in its 36th year) to reward service station personnel who provide exceptional customer service.

Homeowners Group Will Hold Meeting

ROMULUS — The Quarterly Meeting of the Romulus Township Homeowners Association will be held 8 p.m., Wednesday, Sept. 18 at Progressive Hall, 11580 Ozga Road.

All members and prospective new members are urged not to miss this meeting, as it will prove to be lively and most informative.

On the agenda will be:

- A Repeat of the Proper Procedure for Handling Building Complaints.
- A report from the "REACT-KEEP ROMULUS INTACT" Committee.
- Guest Speaker, Francis Duane Ross will explain the establishment and operation of the new 34th District Judicial Court.
- A Question and Answer Session will follow the reports and guest speaker.

Tickets for the Annual 50-50 Drawing, which will take place at the Dec. 11 meeting, will be available. Refreshments will be served.

One out of every 10 Americans die of a respiratory disease.

With The Colors

NEW BOSTON — Army Private Kenneth E. Miller, 20, son of Mr. and Mrs. Edward O. Miller, 19109 Schulte Street, completed nine weeks of advanced infantry training at Ft. Polk, La. His last week of training was spent in guerrilla warfare exercises.

He graduated in 1966 from Huron High School, and was employed by the Wayne County Road Commission, Wayne, Mich., before entering the Army.

BELLEVILLE — Army Private Alton L. Neely, 19, son of Mr. and Mrs. Lowell O. Neely, 44471 Bemis, completed advanced training as a combat engineer (August 23) at Ft. Leonard Wood, Mo.

During his eight-weeks of training, he received

instruction in combat squad tactics, use of infantry weapons and engineer reconnaissance.

He was also trained in the techniques of road and bridge building, camouflage, and demolition.

ROMULUS — Airman John S. Havash, son of Mr. and Mrs. Sylvester F. Havash of 37700 Castle Drive, has been graduated from a U. S. Air Force technical school at Sheppard AFB, Tex. He was trained as a medical services specialist.

The airman is a graduate of Romulus Senior High School and attended International Data Processing Institute Detroit.

ROMULUS — Army Private Edwin M. Edmark, son of Mr. and Mrs. Edwin F. Edmark, 36834 Perry Street, has completed nine weeks of advanced infantry training at Ft. Polk, La. His last week of training was spent in guerrilla warfare exercises.

During his guerrilla training, he lived under simulated Vietnam conditions for five days, fighting off night attacks and conducting raids on "enemy" villages. He was taught methods of removing booby traps, setting ambushes and avoiding enemy ambushes.

BELLEVILLE — Marine Corporal Billy R. Hughes, son of Mr. and Mrs. Roy J. Hughes of 48645 Sully Drive, was promoted to his present rank while serving with the First

Marine Division in South Vietnam.

His promotion was based on time in service and rank, military appearance, and his knowledge of selected military subjects.

ROMULUS — Seaman Apprentice Michael Carwana, USN, 19, son of Mr. and Mrs. Joseph Carwana of 37511 Castle Drive, has been graduated from nine weeks of Navy basic training at the Naval Training Center here.

In the first weeks of his naval service he studied military subjects and lived and worked under conditions similar to those he will encounter on his first ship or at his first shore station.

BELLEVILLE — Army Private First Class Charles G. Ashley, 20, son of Mr. and Mrs. William C. Ashley, 42935 Fret Road, has been assigned to the 11th Armored Cavalry Regiment at Camp Blackhorse, Vietnam.

A gunner in Troop F of the regiment's 2d Squadron, Pvt. Ashley entered on active duty last February and completed basic training at Ft. Knox, Ky.

ROMULUS — Army Private McVone Lowe has been assigned to Company B, 13th Battalion, 4th Brigade, at Fort Knox, Ky.

Following the completion of basic training, Pvt. Lowe the son of Mr. and Mrs. James H. Lowe of 34525 Northline Road will receive at least an additional eight weeks of either advanced instruction or on-the-job training to qualify him in a specialized military skill.

BELLEVILLE — Army Private David A. Hartwick, 20, son of Mr. and Mrs. Larry D. Hartwick, 22080 Elwell Road, completed a helicopter repair course recently at the Army Transportation School, Ft. Eustis, Va.

During the 13-week course, he was trained in the repair and maintenance of the Army's cargo and troop carrying helicopters.

Lawn Reception Fetes Newlywed Bob Bakers

St. Paul's Evangelical Lutheran Church of Belleville was reserved August 31, for the morning ceremony which united Nina V. Selivra, of 364 S. Orange drive, Hollywood, California, and Robert G. Baker, Jr., of Belleville, in marriage.

Arrangements of white gladioli, green zinnias, and bells of Ireland served as altar appointments for the ten-thirty nuptial rite read by the Rev. Walter Henning.

Parents of the young couple are Mrs. Ludmila Selivra, of 1265 1/2 N. New Hampshire, Hollywood, California, and the senior Robert G. Bakers, of 139 Clarence street, Belleville.

MISS KOLLEVER

Daughter's Engagement Announced

Mr. and Mrs. Fredrick Kollever, of 19124 Merriman road, Romulus, are announcing the engagement of their daughter, Patti Lynn, to Sgt. Kay Freet, son of Mr. and Mrs. Jacob Freet, of Nappane, Indiana.

A Huron High School graduate of 1968, Miss Kollever is now attending the University of Michigan.

Her fiancé is serving with the U.S. Army in Vietnam.

No date has been set for the wedding.

Moose Notes

By MARJORIE KELLEY
The Women of the Moose Belleville Chapter Number 1135, held their Chapter Night Program Monday, September 9, at the Moose Home with the Publicity Committee in charge of the program.

The Women of the Moose will serve a roast beef dinner for the men on their Enrollment Night, September 14. The dinner will be prepared and served by the publicity committee.

The next meeting will be the business meeting which will be held at the Moose Home September 23.

4 Teachers Chosen for Institute

YPSILANTI — A year-long institute for advanced study by teachers of disadvantaged children, will open at Eastern Michigan University this Friday, Sept. 13. The Institute is authorized by the National Defense Education Act.

Among the participants chosen for the NDEA Institute are: Donna Hidenfelter and Samuel Lopresto, teachers at the Quirk Elementary School, 46270 Ayres, Belleville.

And from Romulus are: Michael Kernohan and Dollie Havad, teachers at Romulus Senior High School, located on Wayne Road.

FOR HER WEDDING day, Nina designed and made her Victorian mode gown which was distinguished by a high ruffled neckline centered with an ivory cameo borrowed from her bridegroom's mother. Her toe-touching frock of ivory alaskan featured a round yoke outlined with hand-clipped lace and pleated ruffles and her sheer, puffed sleeves were edged with a pleated lace ruffle in elbow length.

Fresh flowers — pink roses, stephanotis, pink straw flowers, and lavender statite — entwined with velvet loops formed the garland which secured her mid-back illusion veil.

The same selection of flowers were used to form the colonial bouquet which she carried as she walked to the altar with her brother, Anatole Selivra, of Hollywood, California.

THE BRIDEGROOM'S sister, Joan Baker, was the only attendant gowned in a pink creation, bustled at the back, and styled in formal length. The lace empire bodice was styled with puffy sleeves and the skirt was of chiffon over taffeta.

A pink floral crown and bouquet of pink roses, straw flowers, and calosia completed her ensemble.

Jim Baker, of Belleville, was his brother's best man and ushers were Jay Towar, of Belleville, and Ron Wickham, of E. Lansing, the bridegroom's fraternity brother and former roommate.

Following the ceremony, some 150 guests gathered at the Baker home on Clarence street for a lawn reception honoring the newly-weds.

The bride's mother received in a beige lace dress with a beige and brown feathered hat and beige accessories while Mrs. Baker, the bridegroom's mother, donned an aqua sleeveless jacket-dress with matching accessories. Both added corsages of green cymbidium orchids to their costumes.

THE YOUNG couple spent the week capturing the European flavor of Montreal and visiting the permanent exposition "Man and His World" after passing through the honeymooner's traditional site, Niagara Falls.

The bride is a graduate of Los Angeles City College. Her new husband, a graduate engineer from Michigan State University, is taking a trainee position in IBM's marketing program after two years experience in electrical engineering with Hughes Aircraft, Los Angeles.

The Bakers will locate in Flint after Bob completes the initial computer schooling in Detroit this fall.

IT'S A DATE

ROMULUS — The Romulus Lodge Degree of Honor will sponsor its annual games (lunen) party Tuesday, Sept. 17, at 7:30 p.m. in the L. & L. Hall, Romulus. Door prizes and refreshments will be included. Everyone is welcome to attend and enjoy a pleasant evening.

ROMULUS — The W.S.C.S. will hold its regular meeting Monday, Sept. 16, at the Community Methodist Church.

MR. AND MRS. ROBERT G. BAKER, JR.

All Around The Town...

WITH LEE

THE CAMPUS CROWD

IT'S THAT TIME of year again — the season for hustling the recent grads off to area colleges and universities for orientation week, freshman days, and all the hullabaloo that goes with entering college for the first time. Many a bulging station wagon has made its way out of Belleville for educational spots on the Michigan map.

Members of the freshman set at the University of Michigan will include Wayne Suttles, Bob Perry, Nancy Fredericks, and Judy Stillwagon.

Michigan State will claim Gene Turney, Patti Wyckes, Linda Allion, Dave Miller, and Jacque Wallace for their first year and Cindy Daroci, Mary Jahr, Ann Hope, and Sue Weber for their second.

Over at neighboring Eastern Michigan U. the newcomers will include Sid Beavers, Dave Clemons, John Orskey, Linda Broughton, Bill Santner, Chris Hoeft, Linda Cheek, and Josie Wojtowicz.

In weeks to come the campus at Mt. Pleasant's Central Michigan University will be crossed by John Gasido, Wilson Boone, Cindy Matulewicz and Barb Lewandowski, who'll major in home ec.; Joan Baker, whose field will be elementary education; Carey Mills, who'll enter the art department; and Tim Smith.

Derlyze Hall, Faith Pierman and Debbie Lehman will be heading for Kalamazoo and their dorms at Western Michigan University while Ferris State College will be the destination for Cindy Susterka, Janet Pitcher, and second-termer Greg Hill.

Frank Hayes will be up at Northern for his second year as will freshman Connie Quelch, Kathy Hogan, and Darwin Loyer.

Hope to have even more for you next week!

MOVING TO INDIANA

IT WAS farewell time last Friday evening at the home of Bill and Flo Hudge on Elwell road as they played host at a dinner party honoring Dave and Ginger Domen. The Domens and their daughter, Kathy, of E. Huron River drive, will be leaving this Sunday for a new home in Indianapolis, Indiana, where Dave has been given a promotion by Chrysler Motor Corporation.

Arriving with the honored couple for cocktails at seven, were Ed and Mary Ann Hudge and Ron and Jan Sierota.

MELISSA'S FOUR

RUN AND GAMES was the order of the afternoon Saturday at the Clyde Stapleton home on Clarence street as youngsters gathered for a party marking Melissa Stapleton's fourth birthday. Festivities, amid party hats and favors, took place on the back lawn after which traditional birthday goodies were served in the family room.

Kim Palmer, Nancy and Nora Hudge, Karen Sparrow, Debbie Woodruff, Kenny Duda, and Melissa's big sister, Elizabeth Ann, watched as Melissa blew out her four candles.

HERE 'N THERE

ADDING A cheerful note to the A. R. Liebler home on Ormond drive these late summer days is Gwen's mother, Mrs. F. Y. Owens, who arrived August 23, on her first jet flight from West Point, Mississippi. Over the holiday week-end she and her host and hostess were at Cobo Arena to see the Lawrence Welk Show after which she set foot outside the United States for the first time as she crossed the border into Canada. Mrs. Owens expects to be here about one more week. . . . P.F.C. WALTER R. Huett, son of Mr. and Mrs. Ernest L. Huett, of 24037 Elwell road, Belleville, has completed A.I.T. training at Fort Sill, Oklahoma. He was home for a few days visit with his family and is now enroute to duties in Korea. . . . MIKE SPENCER, of Lawrence, Michigan, was the houseguest of the Thurston Jahrs and daughter, Mary, of Harmony lane, over the holiday week-end.

PTA Group Schedules First Meet

An organizational meeting of the Lincoln Parents Teachers Association will be held tomorrow (Thursday, Sept. 12) at 7:30 p.m. in Room 17-19 of the high school building. All residents and staff of the Lincoln Consolidated School District are encouraged to attend.

An open meeting, attended by nearly 50 persons, was held, to which all community residents and staff were welcome was held last June 5.

At this time Mrs. Walter Nevell, District Representative of the Michigan Congress of Parents and Teachers, presented information regarding organization of a local PTA.

A vote to decide which type of organization could best meet Lincoln's needs indicated a large majority preferred a PTA. Upon this decision a Nominating Committee (Mrs. Harrison Harwood, Mrs. Sadie Ledford and Mrs. Gerald Pegouskie) and a By-Laws Committee (Mrs. Walter Cox, Mrs. Doris Anttila, Mrs. Leroy Cook, Mr. Leonard Kwiecinski and Mrs. Donald Huggins) were appointed.

During the summer these two committees have been at work and will make their reports at the organization meeting.

It is hoped that an active organization will get underway which will help promote understanding and cooperation between the school and community.

Children do not "outgrow" crossed eyes. To prevent possible loss of sight, crossed eyes should be treated before the child reaches four years of age, counsel the National Society for the Prevention of Blindness.

Traverse City Holiday Retreat For Orr Clan

By Mrs. Joseph Spring
OX 9-4021

Mr. and Mrs. Lloyd Orr with daughter Lynn, and son Lanny, left on Friday, Aug. 30, for Traverse City where they planned to spend the Labor Day week-end. Enroute they stopped at Big Rapids, for son Larry who had just finished summer school at Ferris State College. On Saturday they visited Charlevoix and took the ferry to Beaver Island where they enjoyed a cook out. They returned home on Monday evening.

Mr. and Mrs. Richard Feight and family of Milan and the former's parents, the Glenn Feights, of E. Huron River drive, spent the Labor Day week end at Atlanta.

Mrs. Mattie Simmons, of Second street, was taken to St. Joseph Hospital in Ann Arbor on Tuesday of last week for observation and various tests.

Mrs. Edward Neel, of Allen Park was a Sunday caller at the Henry Sager home on Columbia avenue.

Richard Booth, of Fort Collins, Colorado, arrived by plane Saturday afternoon to spend some time with his grandparents, Mr. and Mrs. R.G. Atyeo, of Church street.

Mr. and Mrs. Frank Hoag, of Liberty street, spent last Tuesday in Ann Arbor with the Paul Hoag family.

Mr. and Mrs. Glenn Cullin and family of Litchfield, Ohio, spent the Labor Day weekend with his parents, the Arthur Cullins, of Henry street.

Friends from Bakersfield, Calif., Mr. and Mrs. Harry Rowles, were callers last week at the William Graham home on Liberty street.

The Keith Feight family from Mt. Pleasant were over night guests on Friday of last week of his parents, the Glenn Feights, of E. Huron River drive.

After a summer spent with her parents, the Forrest Shirleys of Wexford street, Miss Patricia Shirley has returned to Loma Linda, Calif., to resume her 1st grade teaching at Colton.

Miss Faith Pierman left on Tuesday, Sept. 3, for Kalamazoo where she will begin classes at Western Michigan University.

Labor Day guests of Mr. and Mrs. William Graham of Liberty street, were Mr. and Mrs. Sidney Schanker of Southfield, and Mr. and Mrs. John Zuroff of DeWitt.

Mr. and Mrs. John Tontalo, of Liberty street, returned home on Tuesday of last week from Paradise where they had spent two weeks at their cabin on White Fish Bay.

Enroute home from Lake City, last Friday Mr. and Mrs. Lewis Lester were callers on the latter's brother and wife, Mr. and Mrs. J.P. Franklin, at Kalkaska.

Mr. and Mrs. Robert Tontalo, of Madelon street, entertained Sunday at a

Past Matrons Open Year

The first meeting after the summer recess of the Past Matrons' Association of Belleville Chapter No. 73, O.E.S., was held at the Liberty street home of Lydia Clark on Thursday, Sept. 5. Present for the 12:30 luncheon were 24 members and one guest, the Worthy Matron, Joyce Maki.

During the business meeting conducted by the president, Lucy Lambert, a committee was appointed to make plans for the annual "Family Nite" dinner to be held at the Masonic Temple on Wednesday, Oct. 23.

The October 3rd hostess will be Effie Kerkyson.

MR & MRS DEWEY L. BEREAN

Mrs. Minnie Gleason, Dewey L. Berean Wed

Many wishes of happiness are being extended to long-time residents of Belleville, the newly wed Mr. and Mrs. Dewey L. Berean. Mr. Berean and the former Mrs. Minnie Gleason exchanged nuptial vows August 29 in an eight o'clock service in the Seventh Day Adventist Church of Belleville.

Elder Foll from the Metropolitan Seventh Day Adventist Church officiated and also sang "O Perfect Love." The bride was lovely in a pale pink satin sheath dress with a matching cowl-collared jacket with three-quarter sleeves and self buttons. Her accessories, in off-white, included a delicate flowered hat with a brief veil and a corsage of deep pink rose buds.

Since returning from a wedding trip through Wisconsin, Minnesota, and Iowa, the Bereans have made their home at 379 High street, Belleville.

Mr. and Mrs. Thomas Grosman, of 34619 Julie drive, Romulus, are announcing the arrival of a new daughter, Tawni Marie, Sept. 2 at Garden City Osteopathic Hospital. The new addition weighed in at 7 lbs. - 4 ozs.

PASTOR KINNIMAN CRAWFORD

Monroe Church Setting For Novicki-Jordan Ceremony

The Missionary Baptist Church, in Monroe, was the setting Saturday, September 7, for the four o'clock nuptials which united Iva Jordan, of Newport, and Donald J. Novicki, of 31901 West road, New Boston are parents of the young couple.

Some 250 guests were seated prior to the ceremony performed by the Rev. E. E. Patterson. For the double ring rite, the altar was adorned with two floral arrangements and lighted tapers.

ESCORTED TO the altar by her father, the bride was gowned in a white sheath created of Chantilly lace and organza over peau de soie. Fashioned with an empire bodice and Kabuki sleeves, the gown was frosted with sequin-trimmed lace appliques on the skirt front and also on the train which drifted to chapel length from the shoulders.

A double crown of lace, aurora crystals, and seed pearls clasped her illusion veil which was cut in mid-back length, and she held cascading white carnations and pink sweetheart roses.

As her sister's maid of honor, Peggy L. Jordan donned an empire gown designed with a pink crepe A-line skirt and velvet bodice. Velvet also trimmed the pink headress which she wore and a bouquet of pink and white carnations completed her ensemble.

Similarly attired and holding bouquets of pink flowers to match their gowns were Connie Doederlein, of Ida and Donna Dalto, of New Boston, the bridegroom's cousin.

ROBERT MARSHALL came in from Mt. Clemens to serve as best man at the wedding. Ushers were Terry Breaz, also of Mt. Clemens, and Mike Grabitz, of Monroe.

The Woodland Beach Club House was reserved for the reception which followed. Mrs. Jordan received in a fitted dress topped with a three-quarter coat of pink and green brocade. The corsage she wore was of tinted pink carnations.

Mrs. Novicki chose an aqua jacket-dress to which she added aqua tinted carnations.

Following a week-long honeymoon in Upper Michigan, the newlyweds will make their home at 6108 Pointe Aux Peaux road, Newport.

A graduate of Jefferson High School, Monroe, the bride is employed as a secretary at the Carleton Messenger, Carleton. Her bridegroom, a 1964 alumnus of Huron High School, recently received his discharge from the U.S. Air Force following four years service, one year of which was spent in Vietnam. He is currently working as a supervisor at the Ford Motor Company in River Rouge.

MRS. D.J. NOVICKI

Women's Page Deadline
Noon Monday

Carolyn Haft Weds Kenneth J. Hyde

* Evening Ceremony

Candlelight formed the setting August 23 for the eight o'clock wedding which united Carolyn M. Haft and Kenneth J. Hyde in holy matrimony. Rev. George Woerner and Rev. Allen B. Rice, II, officiated the double ring nuptials before an altar appointed with white mums and gladioli at the United Methodist Church of Belleville. Organist was Mrs. George Clark, of Carleton.

Some 225 friends and relatives saw Carolyn approach the altar with her father. The daughter of Mr. and Mrs. George Haft, of 328 Church street, Belleville, she appeared in a gown of imported Chantilly lace fashioned with wristpoint sleeves, a scalloped Sabrina neckline and a toe-touching cage skirt. Adding back interest was the lace-banded train which swept to chapel length from the shoulders.

A pearl and crystal tiara held her bouffant veil of sheer nylon net and she carried a semi-cascade of white carnations and yellow roses.

ELAINE RAY and the bridegroom's sister, Mary Hyde, both of Belleville, served as honor attendant and bridesmaid, respectively.

Identically dressed, their formal A-line gowns were of pale yellow linen with dainty orange and yellow flowers and olive green velvet bows tracing the empire waistlines, their bouquets harmonized with their frocks.

Little Kimberly Jahner, the six-year old daughter of the Gary Jahners, of Belleville, was flowergirl at her aunt's wedding. Her floor-length

yellow dress was a miniature version of the senior attendants' gowns.

MRS. KEN HYDE

THE EARL BIRDS

Life-long Area Residents Celebrate Golden Wedding

Life-long residents of Romulus, Mr. and Mrs. Earl Bird, of 28431 King road, celebrated their golden wedding day August 24 with their family, relatives, and friends. The V.F.W. Hall, Romulus, was reserved for the occasion and some 200 guests attended. Music was furnished by Matt and His Royal Black Hawks.

The Rev. Daniel Richert, of St. Paul's Lutheran Church where the Birds are members, gave the blessing with dinner following.

A five-tiered wedding cake and bouquets of yellow and white glads and mums graced the main table.

Earl Bird and the former Elsie Kamin were born in Huron Township and have lived at their present address all of their married life. Members of their family include Mr. and Mrs. Ralph Bird, and Mr. and Mrs. Allan Peterson, all of King road, Romulus. There are also four grandchildren on their family tree.

Prior to retiring in 1958, Mr. Bird was employed by the Ford Motor Company at River Rouge.

All Around The Town...

(continued from page 6)

SEVEN CANDLES

KATHY DOMEN was a 'birthday girl' Saturday — a month early because of her family's move to Indiana this week-end. Arriving for the twelve-to-three celebration were 16 young friends who also said their 'good byes' to their little friend who'll be seven years old next month.

Games and contests were enjoyed with each youngster taking home a prize. Seated at kiddie tables and chairs for little finger sandwiches and dessert served in a stream red, ballooned setting were Patrick McNally, Kirby L. Wilson, IV, (who's better known as "Skipper"); Valerie, Karen, and Terri Ann Sierota; Debbie Carol, and Nancy Ery; Linda Schwehr, Robin Samonek, Marcia Domen, Kim Jahner, and Nancy and Nora Hudge, all of Belleville; Shelly Nowak, of Plymouth; and Lisa Mascar, from East Detroit.

BITS 'N' PIECES

JONATHAN JAHR was in Dallas, Texas for five days recently to attend the National Conference of Lambda Chi Alpha (he's president of the chapter at Northern Michigan University.) Thursday he flew to Marquette and N. M. U. to represent the Inter-fraternity Council (of which he's secretary) at a meeting with the president of the University and the governing council. Jon stayed on to begin his final year after spending the summer working for the J. L. Hudson Company in its executive training program. ... KIRK OWEN was home from the U. S. Naval Base at Dam Neck, Virginia to spend the holiday week-end with his parents, the G. W. Owens, of Edison Lake road. ... THE JOHN BOKONS, of Willis road, enjoyed a cruise on the Detroit River to Metropolitan Beach on the holiday week-end. They were guests of the Leonard Borutas, of Grosse Pointe, on board their cabin cruiser.

FASHION SHOW

THIS SEASON that fascinating style show sponsored annually by the Tri-County Osteopathic Auxiliaries is in the capable hands of Belleville's Marguerite Lorentson (the doctor's wife). Several hundred invitations have already been mailed to past patrons of the show which will again take place at the Latin Quarter in Detroit.

OPUS IV, with a Theater of Fashions by Margi Franzel, is the theme for the uniquely staged presentation by Harvey Lazar.

Two grand prizes — and get this — a tourmaline mink jacket with matching hat and an eight-day trip to the Grand Bahamas for two via jet — will cause some one's pulse to beat just a bit more rapidly as winners are drawn at the conclusion of the extravaganza.

The wives of Detroit's leading sportsmen will again offer their services as models and Mrs. Gordon Howe will continue in her role as Honorary Chairman.

Luncheon will be served at 12:30 and there are a few more tickets available by calling Marguerite at WH 1-3332.

MR. & MRS. ROBERT E. LILLEY

LILLEY-SHIRLEY WED

Newlyweds To Make Home In Maryland

Trinity Episcopal Church, Belleville, was the scene Sunday afternoon, August 18, for the wedding of Pamela Sue Shirley and Robert Edwin Lilley. Rev. Chisoto Kitigawa of Saint Luke's Episcopal Church, Ypsilanti, read the double ring ceremony uniting the daughter of Mr. and Mrs. Forrester Allan Shirley, of 110 Wexford avenue, Belleville, and the son of Mr. and Mrs. Douglas Ray Lilley, of Buena Vista, Virginia. The altar was adorned with white gladioli and pom pom mums.

Donald DeCamp, of Stockbridge, cousin of the bride, sang "The Lord's Prayer" and "This Is God's Love" accompanied by Mrs. Susan Bredin, organist.

THE BRIDE, on the arm of her father, approached the altar wearing a floor-length gown of silk organza and re-embroidered lace over delustered satin. She carried a cascading bouquet of phalaenopsis orchids, stephanotis and camellia leaves. Her bouffant veil of silk illusion fell from a pillbox fashioned from the same satin and lace as her gown.

Preceding the bride up the aisle, attired in pink embroidered organza over satin, were maid of honor, Patricia Shirley, of Loma Linda, California, sister of the bride; and bridesmaid, Margaret Burns, of Silver Spring, Maryland, college classmates of the bride. Their matching headpieces were large organza roses with short veils and they carried arrangements of pink asters.

The bridegroom asked his brother-in-law, Wilfred Hartless, of Jacksonville, Florida to assist him as best man. Ushers were Thomas Guilford, of Belleville, and Fred Peterson and Uta Peterson, of Belleville, all cousins of the bride.

CARRIETTA PIERMAN, of Belleville, had charge of the guest book. Serving as hostesses at the reception in the Parish Hall immediately following the ceremony were Mrs. Wilfred Hartless, of Jacksonville, Florida, sister of the groom, Mrs. Robert Peterson, of Belleville, and Mrs. Thomas Guilford, of Uta.

Mrs. Shirley greeted guests in an eggshell gown of embroidered organza over taffeta. Her accessories were pink. Mrs. Lilley wore blue lace in a cage design with matching accessories. Both mothers completed their ensembles with corsages of pink cymbidium orchids.

Special guests at the wedding were Mrs. Stanley Sobolewski, of Belleville, and Mr. and Mrs. Floyd Bennett, of Williamston, grandparents of the bride. Mrs. Edwin Lilley of Buena Vista, Virginia, grandmother of the groom, was unable to attend.

For going away the new Mrs. Lilley changed to a yellow suit with which she wore white accessories. Her corsage was an orchid and stephanotis from her bridal bouquet. After a short honeymoon the couple returned to Silver Spring, Maryland where they will live while the bride completes her final two tri-semester for her degree in nursing at Columbia Union College in Takoma Park, Maryland. She was graduated in 1964 from Adelphi Academy, Holly, Michigan.

THE BRIDEGROOM, a graduate of Parry McCluer High School, Buena Vista, Virginia, attended Jacksonville University, Jacksonville, Florida. He was recently retired from the United States Marine Corps after serving in Vietnam.

Pre-bridal showers were given by Miss Burns at her home in Silver Spring, Maryland and attended by college classmates and friends; and by Mrs. Fred Guilford, of Belleville, aunt of the bride, and Mrs. Robert Peterson of Belleville at the home of Mrs. Stanley Sobolewski, Columbia Avenue. They were assisted by Mrs. Alton Shirley, of Plymouth.

ROMULUS — The Romulus Lodge Degree of Honor will hold a linen party at the L and L Hall, located at Sterling and Goddard Road, Tuesday, Sept. 17 at 7:30 p.m.

There will be door prizes and refreshments will be served.

Birthday Celebrated At Hospital

Durlene Toni's 18th birthday was celebrated in somewhat of an unusual setting last Saturday, September 7. Since her mother, Mrs. John Tononi, is confined at Harper Hospital, Detroit, the family decided to take the birthday fixin's right to her bedside so she could share in the festivities.

Members of the immediate family attending were Mr. Tononi, Mrs. Dorothy Gruber and daughter, Silvia, of Grand Rapids; Mr. and Mrs. Calvin Tononi and daughter, Fae, from Flemington, New Jersey; and Mrs. Deanna Dubay, of New Boston.

Also taking part were sister-in-law, Mrs. Mary Cortella, of Melvindale; Karol Behlmer, of Fremont, Ohio; Mrs. Naoma Adams, of Detroit; and Karen Chevela, of Belleville, who is a nurse at Harper Hospital.

Artley Clan

Holds Reunion

At Bradshaw's

On Sunday, Sept. 1, members of the Fred Artley family gathered at the home of Mr. and Mrs. Harold Bradshaw, 2305 George street, Ypsilanti, for a family reunion and picnic dinner. 63 members were present from Litchfield, Ohio, Flat Rock, Northville, Saline, Livonia, Westland and Belleville.

The oldest member present was Frank Weber, (husband of Hazel) of Beck road, and the youngest was 17-month old Paul Artley, son the Tom Artleys, of Westland.

BELLEVILLE BREVITIES

(continued from page 6)

the home of his parents, the Frank Hoags, of Liberty street. He was enroute to Washington, D.C., to attend the 28th International Congress on Alcoholism. His mother accompanied him Monday as far as Wilson, N.Y., where she will spend a few days with her daughter, Mrs. George Wilson.

Mr. and Mrs. Troye Lambert of Quirk road, returned on Sunday, Sept. 1, after a ten day vacation part of which was spent in West Virginia where they visited Troy's uncle and aunt, Mr. and Mrs. Hardy Lawrence, at Clifton. They found them in good health in spite of their being 96 and 94 years of age. They visited Gatlinburg, Tennessee, enjoyed a ride on a ski lift, camped in the Great Smoky National Park and Dog Patch, Kentucky.

Returning home for a day they then went north in Michigan where they camped near Hale and fished in the Au Sable and spent one night at Old Orchard before returning home.

She's the cat's meow in

She's cute as a kitten in wide wale corduroy western jeans. Mothers love the way they wash because they're treated with permanent press to never need ironing. Girls love all the bright solid colors, belt loops, elastic back, zipper front and two back and side pockets.

DICK and BILL HOOK

In Death Valley, Calif., on a mountain, stands a weathered pine tree named Methuselah. Scientists estimate that it is 4600 years old - which means that it had already been growing for more than 16 centuries when King David wrote the Psalms. Trees can live far longer than any other organism because of their peculiar body plan. Only a small percentage of a tree is alive - the very tips of the roots, the slender, absorptive root hairs, the buds, a few cells in the bark and in the outer layer of wood, and the cambium - a one-cell-thick living sheath that envelops the trunk and branches just beneath the bark. A tree is really more than just shade from the sun!

HOOK'S CLEANERS INC., 32328 Mich. Ave., Wayne, 35 Main, Belleville, and 37311 Goddard, Romulus are only a shade from you wherever you live in the area. Bring your laundry for complete and dependable service. One-day service. Special same day shirt service - in by 10 out by 4.

HELPFUL HINT: Bed sheets worn out in the middle can be used for pillow cases.

Joan Baker In Top 10 At State Dress Review

Joan Baker, daughter of Mr. and Mrs. Robert Baker, of 139 Clarence street, Belleville, is a winner again. A member of the Belleville 4-H club for eight years and many times a winner in her sewing project, Joan was named winner of the Wayne County Dress Review last April.

On August 22 she went on to compete in the semi-finals with 310 girls from all over the state of Michigan and placed in the finals. On Friday, August 23, from among 52 finalists she placed in the top 10. This is the third time that Joan has been a top winner in Wayne County and her third year to compete in the State Finals held at Michigan State University. Out of the three years she made semi-finals every year and has placed twice in the top ten (1966 and 1968).

This year Joan's coat and dress ensemble was of white wool. The dress was one piece without waistline, semi-fitted, trimmed with four tiny buttons - two red satin and two navy satin near the shoulderline. She wore a red chiffon scarf tucked in at the round neckline. The coat was of matching white wool with three button closing. She wore a matching white wool hat with red and navy ribbon trim.

Her gloves, shoes and handbag were in navy.

Joan will be leaving this Saturday to attend Central Michigan University. She graduated from Belleville High School this past June and was in the top 10% of her class. Belleville's Junior Miss for 1968, she will return to Belleville in November to crown next year's Junior Miss. Joan has many memories of her years as a student at Belleville and as a member of 4-H.

BELLEVILLE HIGH'S AUDITORIUM UNDERWAY—Construction of the new 1000-seat Auditorium at Belleville High School is finally becoming a reality. Building crews have started foundation work for the nearly \$1 million dollar structure to be built adjacent to the high school. It is being financed by school building funds approved by the voters in April, 1965.

4-H'ers Join Ranks Of Eloquent Speakers

The American public will hear hundreds of speeches during the next few months from hopeful political candidates. Personal appearances, radio and television broadcasts will carry to the listener not only the speaker's message, but also his personality.

Another group -- considerably younger -- is also being heard throughout the country via the same media. They are the young people active in the 4-H Public Speaking program.

They polish up their speeches for county, state and national contests, hoping to win an award furnished by the program sponsor, Pure Oil Division, Union Oil Company of California.

THE TOP boy and girl in the state will get a \$50 U.S. savings bond. The state champions can then enter public speaking

records in national competition. The award is a \$600 scholarship for the two most outstanding 4-H speakers from coast-to-coast, plus expense paid trips as delegates to the National 4-H Congress to be held in Chicago the first week in December.

In addition, the most eloquent pair of speakers in the county earn medals of honor. The public speaking program is steadily gaining in popularity according to enrollment figures reported by the Cooperative Extension Service.

In the 26-state area where the Pure Oil sponsored program is carried on, well over 115,000 members participated last year. This was an increase of 16,000 over the last three years.

Any youngster interested in public speaking can contact the county extension office or a local 4-H Club leader.

Nature Study Workshops Scheduled

Two of the nature centers operated by the Huron-Clinton Metropolitan Authority will offer three nature study workshops this fall to help acquaint teachers of the Detroit Metropolitan Area with the park nature study facilities, including the nature trails.

The workshops will be conducted at Kensington Park near Millford and Stony Creek Metropolitan Park near Utica, with meetings to be held at the Nature Centers located in both parks.

Dates for the workshops are Saturday, October 19; Saturday, October 26 and Saturday, November 2, which will emphasize fall activities; plus one winter workshop

scheduled for Saturday, February 8, 1969.

The topics are as follows: Oct. 19 - HOW TO USE THE OUT-OF-DOORS: Preparing for field trips; conducting field trips; Outdoor manners.

Oct. 26 - ART AND NATURE: Using native materials in making collages and shoebox dioramas; laminating with plastic.

Nov. 2 - NATURE STUDY IN DOORS: Preparing specimens for permanent classroom use by embedding in plastic, casting in plaster and making rubber molds.

Feb. 8 - WHAT IS THERE TO SEE IN WINTER: A field trip to observe nature in the

winter season. To obtain information sheets and nature study area maps for both parks, contact the Nature Program, Huron-Clinton Metropolitan Authority, 1750 Guardian Building, Detroit, Michigan 48226 or phone 961-5865.

Driver Education Class Set

NEW BOSTON — A Driver Education Class will begin at Huron High School early this fall.

To qualify for participation in this program, you must reach the age of 16 years on or before Jan. 31, 1969.

Students who live in

Huron Township and meet the age qualifications, are eligible for this class.

Interested persons are asked to call the Huron High School, (782-1436), and leave their name, birthdate and telephone number. James Krolik and Raymond Koski are instructors.

In The Opening

The most dramatic hunting in Michigan is bear-hunting with dogs. There is a special season for bear, in the Lower Peninsula, Sept. 10 through Nov. 5.

There probably are more bear in Michigan than there were a hundred years ago. To the pioneer the black bear was an unmitigated villain. Bear preyed on livestock. Once a bear acquired an appetite for fresh pork it kept coming back for more. It was not until the present century that the black bear was accorded any kind of legal protection.

A bear is sometimes wrongfully accused of killing a farm animal because bears are attracted by carrion. When a horse died in a logging camp bears would come from miles around in the early spring to gorge themselves after the long winter fast, providing a bonanza for the camp hunter. (There is a strong British demand for prime black bear hides for making shakos, the tall fur hats worn by members of a military band.)

HOMESTEADERS IN the northern counties built deadfalls for bear, log pens with a heavy log rigged to fall on a bear entering the baited enclosure. Indians used set-guns to take spring bear. A nail keg was nailed to a tree about four feet from the ground. A muzzle-loading musket was fixed with its barrel projecting into the keg. A fish-line attached to the trigger was carried around a

nail, into the keg and tied to a fish head. A bear reaching for the fish head got a load of slugs in the head or neck.

Conservation Department field men capture nuisance bears by shooting a bear with a rifle loaded with a powerful sedative. The stupefied bear is hauled off and released after being ear-tagged. Recently it has been discovered that a tagged bear will travel many miles to return to its home territory.

OVER A period of a hundred years two persons have been killed by bears in Michigan -- a half-breed hunter in Cheboygan County back in the 1880's and, in the present century, a little girl, daughter of a fire-tower man near Brimley in the Upper Peninsula.

The best friend of the Michigan bear is Carl T. Johnson, a member of the Conservation Commission who keeps a pack of bear dogs, including hounds and tree dogs. A tree dog needs to be a fighter, but not too brave. The dog that gets too close to a bear rarely survives.

CARL JOHNSON'S advice, should you come upon a bear that refuses to get out of the way, is to back up -- don't run, don't try climbing a tree -- just let the bear know that you are vacating the neighborhood immediately.

Michigan black bears have been known to attain a weight of 600 pounds, which is a fair weight for a grizzly. It was a female, weighing probably less than 200 pounds, that threw a mild scare into two men who had some knowledge of bears.

Bruce Andrews, conservation officer, was driving on a backwoods road in Alger County when we came upon this unreasonable animal and a skinny cub. She ordered her cub to ascend a small maple and then she headed for the car, muttering to herself. She kept circling the car at a distance of about 20 yards. I asked Bruce how much he would charge to get out of the car and go over to where the cub was treed. He shook his head.

"For no amount of money," he said. "In fact, that runt bear is trying to get up her nerve to tackle this car."

So we got away from there.

WEDS

(continued from page 7)

Ringbearer was four-year old Robert G. Collins, Jr., the bridegroom's nephew.

The son of Mr. and Mrs. Harry Copp, of Haggerty road, Belleville, the bridegroom resided at 528 Manor drive, Ann Arbor, prior to his marriage. He and his bride are now making their home at 109 E. Columbia avenue, Belleville.

GORDON VAN VALKENBURG, of Belleville, was asked to be best man. Others on the esquire side were Gale Jordan, of Antwerp, Ohio, a cousin of the bride; Edward Hyde, of Westland, the bridegroom's brother; and David Wallace, of Wayne.

At the reception, which followed at Local 898 Hall, on Textile road, the bride's mother greeted guests in a pale peach shantung ensemble to which she added a corsage of white carnations. A similar corsage was pinned to the olive green frock which Mrs. Copp chose for her son's wedding.

The newlyweds honeymooned in Northern Michigan for one week prior to returning to Belleville where the new Mrs. Hyde is teaching Home Economics this year at the Junior High School. A Belleville High graduate of 1964, she earned her BA degree this year at Michigan State University.

Her new husband also graduated from Belleville High in 1964, served three years with the U.S. Army and is currently employed by the Ford Motor Company at Rawsonville.

Save! On "Double Graded" Produce Buys!

... AND TASTE THE DIFFERENCE, TOO, IN FARMER JACK PRODUCE -- BECAUSE HE ONLY SELLS THE ABSOLUTE BEST!

Equally important, when you buy Farmer Jack's "Double Graded" Produce -- is the difference in the money you save, because you never have any waste! Farmer Jack only buys U.S. Government inspected fresh fruits and vegetables, and in addition to this -- every piece of Produce he buys is always graded twice!

Farmer Jack's Produce graders examine every shipment he buys, and place the "Double Graded" label on only the finest, full-flavored Produce, and reject all the rest! Tree-ripened, and growing field fresh, -- and every piece "Double Graded" -- is why Farmer Jack backs up whatever you buy with a 200% money-back guarantee!

Homes Move Safely on Highways

Almost 18,000 mobile homes and manufactured houses were moved on Michigan highways in 1967 with an enviable safety record.

Michigan ranked fifth in the nation for Mobile Home production with factories producing this new form of housing in Marlette, St. Louis-Alma, Saginaw, Chesaning, Jackson, Marcellus, Union City, and Cassopolis.

The safety record of the Mobile Home Industry is

enviable. Even with 18,000 new units being shipped within and from the state plus the mobile homes coming into the state, there is seldom an accident which results in injury or death. Even property damage accidents are kept at a minimum.

This safety record is a direct result of the major manufacturers, the transport companies, and the others in the industry who continually work to assure safety.

Emphysema Clubs to Meet

DETROIT — The three Wayne County chapters of the Emphysema Club will hold a combined meeting in the Auditorium of the Wayne County Medical Society, 1010 Antietam, Tuesday, Sept. 24, starting at 4 p.m.

Thomas L. Petty, M.D., associate professor of medicine at the University of Colorado Medical Center, will be the speaker.

Dr. Petty, who received his medical training at the Colorado and Michigan University Medical Centers, is co-author of a book "For Those Who Live and Breathe With Emphysema and Chronic Bronchitis."

Emphysema Clubs in Wayne County are sponsored by the Tuberculosis and Health Society. All members, other interested persons and their families are invited.

Jake Casterton (Grand Rapids), President of the Michigan Mobile Home Association, has stated, "Companies moving mobile homes are highly conscious of safety. They do everything within their power to train their drivers plus be sure that the men transporting these 12 by 60 foot units are courteous to the other people on the road. Certainly the industry's safety record must take into account the fine work done by the Michigan State Department of Highways. The people at the Highway Department have been most helpful in assisting our industry regarding traveling on the safest routes and keeping us informed of hazardous or congested areas where we don't want Mobile Homes."

Casterton suggested that any person seeing hazardous or discourteous conduct by a mover of a mobile home should note all the details such as: time, place, license number, and the action and send this information to the Association at 26150 Fenkell Avenue, Detroit, Michigan 48239.

THE MERCURY MONTEGO car line — which is setting new sales records in the current model year — presents a fresh appearance and additional power throughout a spectacular new engine line-up for 1969. A bigger six-cylinder engine offers new acceleration and power and improved durability yet retains comparable economy. A wide selection of V-8 options includes new 351-cubic-inch engines with both two-barrel and four-barrel carburetion and a sporty new CJ 428 rated at 335 horsepower for outstanding street performance. The Mercury Montego two-door hardtop, above, is one of the full line which includes sedans, two-door hardtops, a convertible and a station wagon. The new cars will be shown at Sesi Lincoln - Mercury, 950 East Michigan Avenue, Ypsilanti the final week in September.

Scouts Practice Pioneering

Would you know how to retrieve a drum of radioactive waste material from a swamp where it has fallen from a truck

and must be removed before it sinks into a bog?

Boy Scouts in September will practice on projects that bring practical pioneering into the space age, according to F. Lloyd Smith, Scout commissioner of the Detroit Area Council, Boy Scouts of America.

These projects will be a part of the September program theme Scoutcraft Skills for the 952 Boy Scout troops in this area.

Each troop's interpatrol competitive rally will probably be scheduled as a part of a weekend campout, Smith said, testing such Scout skills as leaf identification, Tenderfoot knots, tripod lashing, fire building, emergency first aid, and using a compass blindfolded.

CUB SCOUT packs in this area will follow the theme "Doorway to Adventure," and many packs will hold their annual parents' meetings, which are planned to help parents understand the purposes and methods of Cub Scouting and how they can use them to help their sons, Smith explained.

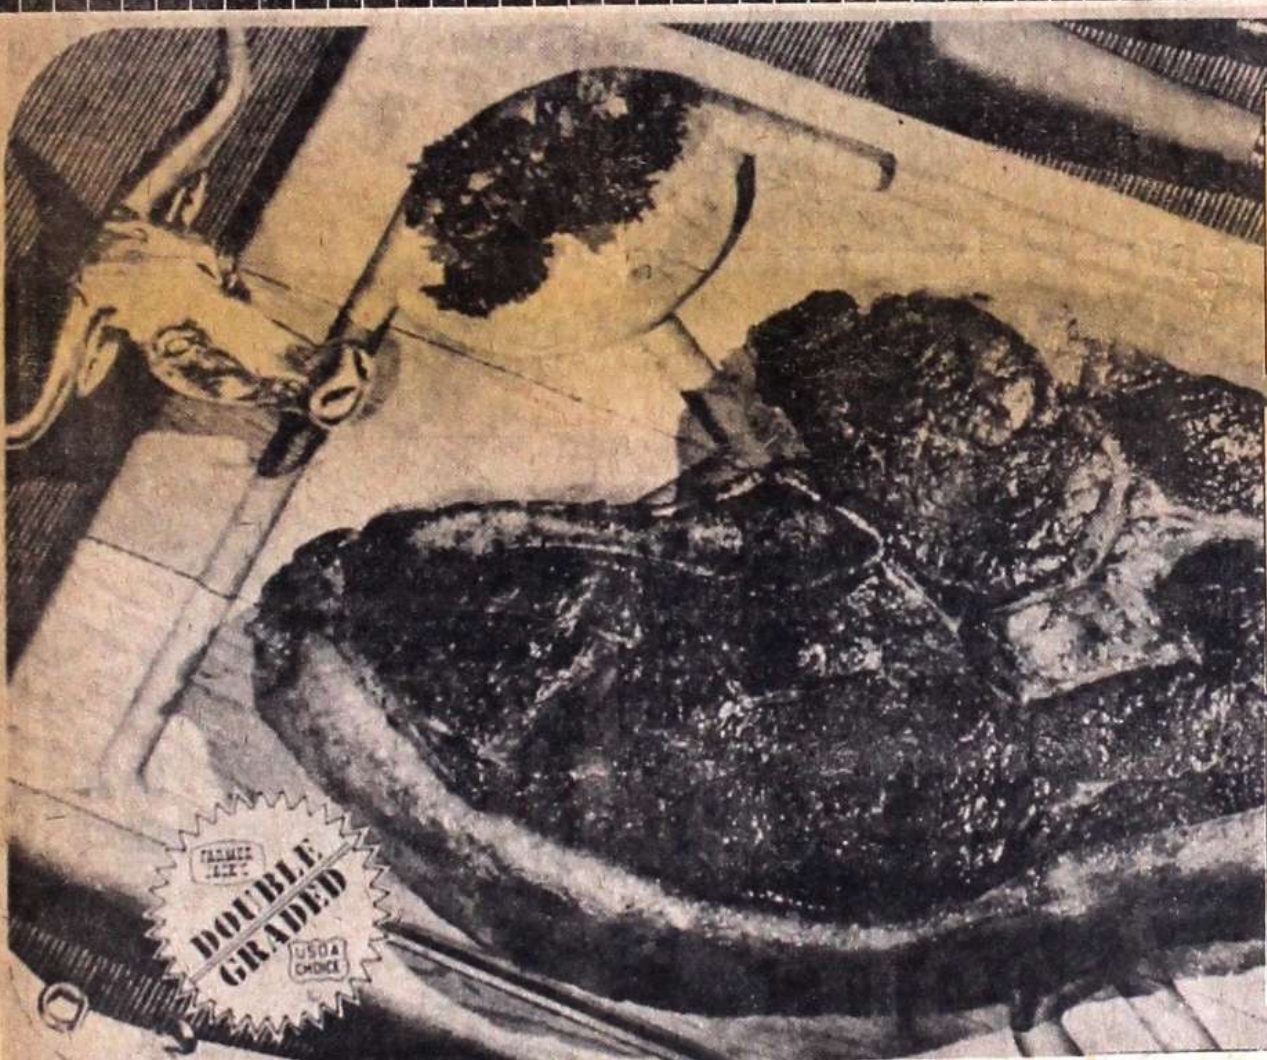

Ten year old Webelos Scouts in each pack will work — and play — to earn the Sportsman badge.

Requirements for the badge call for each boy to demonstrate his skill and knowledge related to a chosen sport. Scout units in the Detroit area Council will also take part in the annual fall roundup that is the Scout council's membership campaign, Smith said.

TIRES FAMOUS FOR QUALITY

"CHOO CHOO" TRAIN RIDE — was one of the amusement highlights of St. Aloysius Church's (Romulus) Festival held last Friday through Monday. Rain dampened festivities Sunday but festival officials reported that Monday's (Sept. 2) activities made affair was a very successful one. The

Associated Newspapers' Courtesy Flyer above is under the control of Charles Dick, Jr., Romulus resident and Jaycee official. It was waiting for youthful passengers when ANP Photographer snapped the picture.

School Boards Urged to Exercise Leadership In The Teaching of Morality and Values

The State Board of Education adopted a resolution at its most recent meeting strongly urging local school boards to exercise leadership in convincing parents and others of the importance of students learning about personal values and critically evaluating these, as well as other religious and ethical systems.

The State Board of Education also specifically urged schools to develop and adopt instructional materials relative to values for use in their schools. James F. O'Neil, a member of the Board, stated that this action was another milestone in re-establishing and re-emphasizing morality in the

schools, which has all too frequently been ignored.

O'NEIL STATED that the re-establishment of morality with particular emphasis on the development of self-respect, respect for others, respect for the law, and good citizenship is one of the greatest needs of our present troubled times and its re-emphasis is needed in the homes, at all levels of education, and throughout our society if we are to stem the tide running toward anarchy and change the tide in favor of equal justice and order under the law. The Resolution Follows:

RESOLUTION ON MORAL VALUES AND VALUE SYSTEMS

(Adopted by State Board of Education on August 28, 1968)

We, the members of the State Board of Education believe strongly—

That to function as a responsible citizen in our complex world, each individual should have available not only "the facts," but a sound set of values upon which to base his decision; and

That each youngster should be aided in making his choice of values not only by his parents and church, but by the schools; and

That, while the public schools in a democracy must not attempt to inculcate any specific set of values, the public schools may assist the student in his understanding of the numerous value systems and their historical basis.

We are concerned—

That few, if any, schools provide information to students, formally and systematically about the need for values and numerous values and value systems held by individuals and groups throughout the world; and

that part of the reason for this lack is the absence of instructional materials which would be viewed as appropriate by the community and teachers for use in the schools; and

That another part of the reason is an assumption, on the part of some school boards and educators, that some parents would object to more specific instruction about values and value

systems.

We, therefore urge—

That local boards of education and educators take leadership in their communities, in convincing parents and others that it is important for students to learn about personal value systems and critically evaluate these and other religious and ethical systems which have an impact on civilizations and institutions;

That the local schools, each in its own way and in a manner deemed appropriate by its communities, develop or adopt instructional materials about values and value systems for use in their schools, and adult programs, in such courses as history, social sciences, and humanities; and

That more than one text or other collections of appropriate instructional materials be developed as rapidly as feasible by outstanding academicians so that teachers can choose their

material for formal presentation from as broad a spectrum of source materials as possible.

Queen of the Cinderella Ball Announced

A charming, 19-year-old East Detroit High School senior will reign as Cinderella at the Oct. 5 Cinderella Ball staged annually by the Women's Committee of the Tuberculosis and Health Society.

Barbara Cronin of 20943 Eastwood, Warren, was introduced to members of the press, radio and television by Mrs. James M. Roche, chairman of the Cinderella selection committee, during a luncheon in the Crystal Room of the Sheraton-Cadillac Hotel Wednesday (Sept. 11). Mrs. Joseph B. Slatkin was chairman of the luncheon committee.

Barbara is one of four children of Mr. and Mrs. John Cronin. She contracted tuberculosis when she was 15 and was a patient in Herman Kiefer Hospital for 2½ years. She underwent two major and two minor surgeries while incapacitated.

Mrs. Joseph E. Risdon, president of the Women's Committee, welcomed the guests and introduced those at the head table including Mrs. William R. Shaw who is the 1968 Cinderella Ball chairman.

again supply the decorations and present a fashion show by George Halley; that Jules Schubot will present a golden slipper to Cinderella.

Grand prizes to be awarded during the Ball include a \$1,000 portrait in oil by Patricia Hill Burnett with the winner permitted to make the choice of subject; a day time costume by George Halley and a \$2,000 Piaget watch, courtesy of Jules Schubot with the winner having a choice of ladies or men's.

Mrs. Shaw also announced that Henry de S. Lauve will again do the official portrait of Cinderella for use in the Ball program. The original will be presented to Miss Cronin.

BURT DJERKISS provided the music for the press luncheon; Moss and Lipinski Florists, Inc., provided the floral decorations and corsages for past Ball chairmen in attendance.

Others who will make contributions to the Ball proper include the Allied Florists Association of Metropolitan Detroit (floral decorations); Mrs. Maria Lalli, Universal Wines, and Canadian Club Distillery (refreshments). Prince Charming, escort for Cinderella during the Ball, will be William R. Shaw III.

Sam T. Keller will crown Cinderella.

William T. Keller will crown Cinderella.

William R. Shaw, husband of the Cinderella Ball chairman, will receive a plaque from the Women's Committee, carrying out a custom established some

years ago.

Mrs. Shaw also announced that Paul Williams, WWJ radio personality, would be master of ceremonies at the Ball. Miss Mary Morgan, CKLW-TV Commentator, will introduce the fashion show.

Proceeds of the Ball are used by the Women's Committee to finance projects to combat tuberculosis and other respiratory diseases. The Ball, first held in 1950, annually is the first major event of Detroit's social season.

The new 5% passbook

it keeps your money handy.

For the first time, you can get short-term flexibility in passbook form, plus the long-term advantages of guaranteed high-return on your money all in the same package.

Passbook flexibility

You can make deposits at any time, in any amount of \$50 or more. You can withdraw quarterly, without notice, any amount that has been on deposit 90 days or more. And you always have a handy passbook record of your savings.

Highest earnings

Bank of the Commonwealth guarantees to compound 5% interest continuously to give you the highest possible earnings on bank savings programs in Detroit.

Four-year guarantee means over 5½% for you

Bank of the Commonwealth guarantees 5% for a full 48 months which will earn you more than 5½% return.

Choice of three Interest Payment Plans

You may elect to have your earned interest credited to your account, and continue to earn even more. Or, we will credit the interest to another Commonwealth account. Some may want to receive an interest check each quarter.

Money readily available

During the first ten days of any quarter, you can withdraw without notice any amount of your savings that have been on deposit 90 days or more. Or if you need money between quarters, you can get it with just 90 days' written notice.

And you can withdraw your most recently credited interest at any time.

Low initial deposit

All it takes is a \$500 deposit to start your Golden Passbook account.

You can add as little as \$50 to your Golden Passbook account at any time.

And to make adding even easier, you can start a systematic savings plan. We can transfer \$50 or more every month from your checking account—automatically.

Free checking, too

Once you're enrolled in Golden Passbook, you qualify for a free checking account. Check Free and Earn.

That means you can write all the checks you want, make deposits and get a detailed monthly statement, all free.

There's more

Your Golden Passbook is what we call "assignable." That means you can always use it as collateral for a loan at any Commonwealth office.

And, of course, Bank of the Commonwealth issues you an annual statement for tax purposes.

To open your Golden Passbook account, just bring your passbook or other funds from any financial institution into your nearest branch office. We'll make the necessary transfers in minutes.

MEMBER FEDERAL DEPOSIT INSURANCE CORPORATION

Belleville Road I-94 (Van Buren Township)

Metropolitan Airport (Romulus Township)

In 5 years you can save over \$140.00 with a new Gas dryer.

Work it out for yourself. It takes less than 2¢ to dry a load of clothes with Gas. And you can dry 5 loads in a Gas dryer for the cost of drying 1 with electricity.

Based on the number of loads an average family dries, there's a saving of \$28 or more a year—\$140 in 5 years. Your Gas dryer can actually pay for itself in 5 years with the money saved in operating costs.

There are no hidden expenses, either. Installation is free. Maintenance comes to less than 20¢ a year, on the average (or the amount you can save on a few loads).

No wonder 7 out of 10 families that now have dryers have Gas dryers. Money aside, Gas finishes loads up to 10 minutes faster, so you can get more loads through in a day. Clothes come out fresh, soft and looking like new, including all your permanent-press things.

Gas makes the big difference... costs less, too. Not just for 5 years, either; but as long as you use it.

See the latest dryer models at dealer or Gas Company showrooms.

Isn't it time you bought her a new Gas dryer?

MICHIGAN CONSOLIDATED GAS COMPANY

Water Safety Instructor Class Free

Two Water Safety Instructor courses are being offered this September by the Southeastern Michigan Chapter of the Red Cross. Persons interested in enrolling must hold a current Senior Lifesaving certificate and be at least 18 years of age.

Persons who will attain the 18th birthday during the ten weeks that each course will run are eligible also.

The first course will start on Wednesday, Sept. 18 at Warren Woods High School, 13400 Twelve Mile Road, Warren, and will run from 7:00 to 10:00 p.m. each Wednesday.

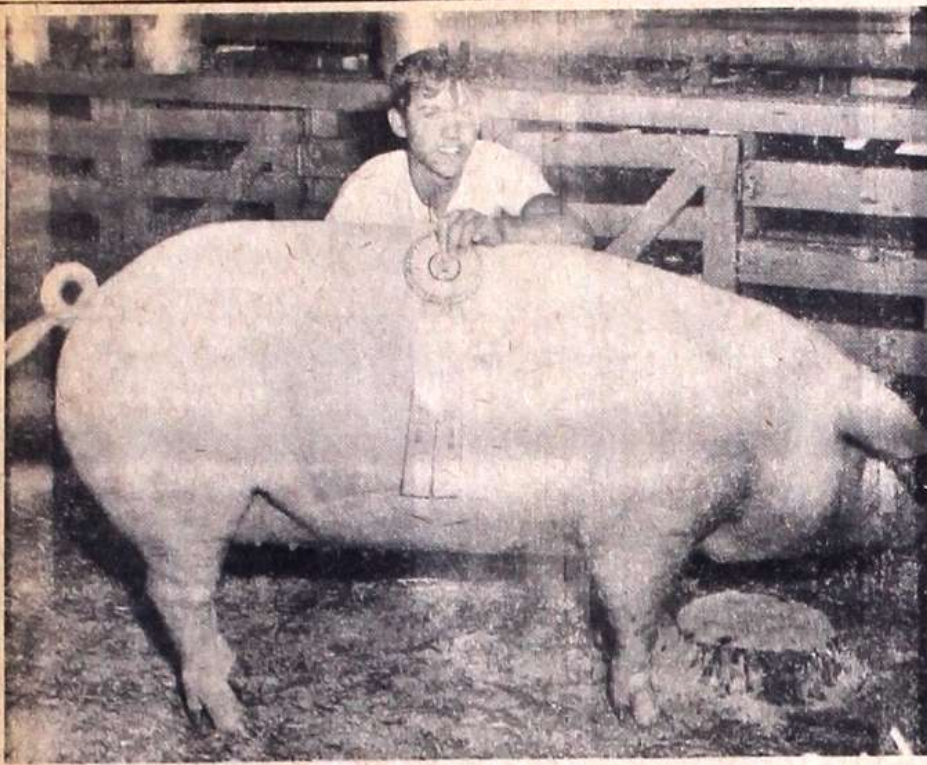

The second class will first meet on Monday, Sept. 23 at the Adlai Stevenson High School, 33500 Six Mile Road, Livonia, and will run from 7:00 to 10:00 p.m. each Monday for ten weeks.

Registration may be made at the first class session in either location.

Bizek and Perry To Attend Meet

ROMULUS — Members of Michigan Townships Association will gather tomorrow (Thursday, Sept. 12) in the Union Building, Lansing. Attending the session will be Romulus Supervisor Edmund Bizek and Township Clerk Alfred J. Perry.

The meeting's program will include discussions on Annexation, Incorporation, Consolidation and Merger confronting townships and a review of the 1968 Public Acts just approved by Michigan legislators.

STATE FAIR WINNER — A blue ribbon was won in Junior Shaw competition at the Michigan State Fair by Edward Carpenter, 13, of 6545 Cogswell, Wayne. Edward is a student at Romulus High School. He saw his porker, Alcays Fascinator Fay, named Junior Show reserve champion. He also took a first place in Open Show competition.

School Bells are Ringing For Adult Scholars, too!

You don't have to be a child—or even a young person—to be going back to school this fall.

If you don't believe it, consider this statistic reported by the Institute of Life Insurance: more than 28 million adults are engaged in some sort of educational pursuit.

Their goals, naturally, vary. Some are working part-time for high school, college and post-graduate degrees, which for many reasons were not obtained in earlier years.

OTHERS ARE boning up on the new technologies before seeking employment. Others, of course, are just delving into a subject area that interests them.

The trend toward adult education has been accelerating ever since the end of World War II, when millions of veterans flocked to the classrooms, some as part-time students.

There's good reason for the boom in adult education. Many grown-up students are taking classes in their occupational fields so they can increase their earning capacities. (In many cases businesses and labor unions encourage workers to go back to school in order to keep up with new developments.)

FOR SOME citizens, adult education programs afford a means to jump out of low-skilled jobs into better

paying positions. Other adult academies use night schools and correspondence courses in order to fulfill some long suppressed ambition—such as learning how to write a short story or sew a dress. Higher family incomes and the increase in leisure time, naturally, are factors in this.

Women are among the avid adults in the back-to-school movement. In some big cities, night college courses have proven to be places where working girls can make new friends and learn at the same time.

Many home makers, too, are students. Some are preparing themselves for jobs they hope to get once their children are more grown up. These women hope to join the nation's ever-growing number of working wives. Other married women are involved in adult education for reasons of self-improvement. Some want to keep up with the younger generation, others to learn a hobby.

TODAY'S INSTITUTIONS of learning are increasingly aware of the needs of adults. There's scarcely a university, community college or a correspondence school without some program geared to adult needs.

So, whether your interest is in ceramics, computers or even nuclear physics, there's probably an adult program for you.

IN ROMULUS

Jaycees Seek Members

ROMULUS — The Romulus Jaycees are seeking new members to work on their ever-expanding list of programs. In order to increase their membership, a meeting is being held Thursday, Sept. 19, at 6:30 p.m., in the Community Methodist Church, located between Goddard and Bibbins street, across the road from the Romulus Elementary School.

The evening program will outline the Jaycee program from start to finish, letting would-be members decide for themselves if it interests them.

Jaycee National Director John Bernard and State Vice-President Lee Taylor will be in attendance to help tell the story of the Jaycee movement and what it can offer young men age 21 through 35. There is no admission charge for the

evening. Following the meeting, there will be a Corn Roast, which everyone can attend, at Bennett Dugan's home on Romulus avenue. Young men who would like a Jaycee to pick them up, are invited to call Ron Halvin (941-2880) or Charles Dick (941-1924).

Cub Pack 231 Has Openings

BELLEVILLE — Cub Scout Pack No. 231 announced that it has openings for cub scouts.

The troop is sponsored by Trinity Episcopal church of Belleville. Boys should be eight years old or in the Third Grade. If interested or for any information applicants are asked to contact Cubmaster Jesse Slade, at OX 7-8022, or Alfred Gotts at 697-5142.

Scheduled Fall Roundup

BELLEVILLE — "Uncle Bob" Siegler, noted children's worker from Allegan, Michigan, will be conducting the annual "FALL ROUNDUP" at the Zion Missionary Church, 89 Edgemont avenue, Belleville.

"Uncle Bob" will appear at 7 p.m. each evening from Sept. 20-22.

He has been a worker for many years in the Rural Bible Mission, specializing in magic, illustrated Bible stories, ruses, and contests, he appeals greatly to the boys and girls.

Pastor, Donald Crocker invites all boys and girls school age and up to attend.

"Uncle Bob" Siegler

Liquor La Violation Brings Fine

BELLEVILLE — Charges of selling to a minor against Louis J. Richardson, doing business at Canton Party Store, 43431 Michigan, resulted in a heavy fine of \$350 and a 30-day suspension of his license.

The penalties were assessed following a hearing before a trial examiner of the Michigan Liquor Control Commission.

Charges grew out of a sale to a minor on May 17 and May 31, the commission reported. The fine of \$150 on each count must be paid by Oct. 16.

Data-Phone Service Installed 10 Years Ago

Ten years ago this month (August), a new Bell Telephone Laboratories development made it possible for two machines to "talk" over the phone much the way humans do.

The nation's first installation of Data-Phone service by Michigan Bell enabled a savings and loan association in Detroit to speed up the transmission of information about customer accounts. This initial use of Data-Phone service in August, 1958, eliminated the need to truck information to and from branch offices and a downtown Detroit data processing center.

It also enabled the company to offer customers improved service, tighten controls, eliminate night work for the data processing staff, and handle efficiently the firm's future growth.

Today, more than 2,000 Data-Phone data sets in Michigan have access to the nationwide communications network and 102 million telephones and other telecommunications devices throughout the United States and Canada. More than 50,000 Data-Phone data sets are linked to the coast-to-coast switching system.

Michigan doctors use Data-Phone service to transmit the "heart beats" of patients from bedside telephones to distant specialists skilled in reading electrocardiograms. They can quickly obtain an instant diagnosis.

Insurance companies transmit information to headquarters to update your family's policies. Airlines query a computer hundreds of miles away and confirm your reservations while you wait on the phone.

A bank teller, before cashing a check, can query a central computer by tapping a series of numbers on a Touch-Tone pushbutton telephone. The computer answers from its taped vocabulary of 128 spoken words and the teller can immediately relay the new balance of your account.

A chemical company is able to test drugs and chemicals in a west coast customer's inventory within hours instead of days. A western Michigan trucking company is able to keep an up-to-the-minute check on freight shipments.

Engineers send engineering drawings and specifications for the manufacture of auto parts to a distant plant within minutes.

A whole new service industry is growing rapidly in Michigan and elsewhere. Its role is to permit a number of clients located anywhere to share the use of a single computer simultaneously. Other computer-to-computer hookups, using the nationwide communications switching network, can transmit volumes of information within minutes. To send all the books of the Bible would require only a minute or two.

Utilizing the nationwide communications network—the world's largest computer—the information could be transmitted to any of the 102 million telephones and other telecommunications devices in the U.S. and Canada.

H.L. Romnes, American Telephone and Telegraph Company board chairman, recently told a group of New York security analysts that by 1975 upwards of 750,000 Data-Phone sets are expected to be in use.

The day is foreseen when the volume of "machine talk" will rival that of voice messages. Some concept of this volume can be grasped from the fact that last year Americans made more than 306 million local and long distance calls—every day.

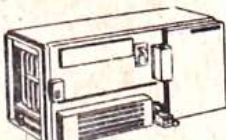

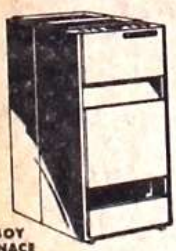

MONTGOMERY WARD

15-YEAR GUARANTEE

Wards will repair free any part of a Signature® warm air furnace which fails within 15 years of purchase. During the next 14 years, Wards will furnish a replacement heat exchanger, if this should burn out or rust out, charging 1/15 of the current price for each year of use, plus installation. In addition, Wards will make free adjustments, if needed, for a 90-day period following installation. This protection plan applies only to warm air furnaces installed and used according to instructions and excludes failures due to accident or abuse.

BEFORE YOU BUY ANY FURNACE CHECK THESE FEATURES

- Heavy-duty steel heat exchanger for high efficiency and maximum heat extraction
- Rubber mounted motor and blower are dynamically balanced for quiet operation
- Specifically designed for economical addition of central air conditioning
- Combustion chamber air is sealed from heated air to insure greater safety
- Safety pilot shuts off gas if pilot flame goes out
- Gas valve won't flash back when the burner is lighted
- Easy access to all controls

UF Names Poling Area's Business Campaign Head

Chairman of Western Wayne's community business campaign in the 1968 Torch Drive will be Harold A. Poling, divisional controller, engine and foundry division, Ford Motor Co.

Poling lives at 23666 Fordson, Dearborn, with his wife, Marian, and three children: Palm, 13; Kathy, 10, and Douglas, 8.

His appointment to the campaign leadership post was announced by the assistant controller for Ford Motor Co., Edward J. Blanch, tri-county chairman for community business campaigns.

"I am delighted and grateful Mr. Poling has accepted this important assignment," Blanch said.

"HE TURNED in an outstanding performance as select prospects chairman for the Western Wayne unit last year. I know we can count on him in the forthcoming campaign."

Poling received a bachelor of arts degree in economics and business administration from Monmouth College, Monmouth, Ill., and a master's degree in accounting from Indiana University.

He is a member of the National Association of Accountants, the Economic Club and Washtenaw Country Club.

The 20th annual United Foundation campaign will be held Oct. 15 through Nov. 7 to raise operating funds for nearly 200 health and community services.

Accounting Service Opens Here

BELLEVILLE — A new accounting service has opened headquarters in the City of Belleville.

The firm — B & D Accounting Service — has offices at 258 Main street, and is operated by two partners experienced in the field of accounting. They are:

Daniel E. Christensen, 50, who resides at 202 Darwin, Westland, with his wife and four children. And Robert Stoner, 28, of 2351 Ross, Plymouth. He and his wife are parents of two children.

Christensen holds a Bachelor of Arts Degree in Accountancy. He is a graduate of Plymouth High School (1957) and Cleary College. He is recipient of the "Arthur Summerville Award" from the college for being the outstanding male graduate. He served in the Army and was discharged in June, 1964. He also spent nine years with the Nelson Chard Accounting in Livonia.

Stoner has five years in public accounting. He is a graduate of Monroe High School and received his Bachelor of Business Administration Degree from Cleary College. He also has spent 18 months at the United States General Accounting Office.

Huron Health Committee To Open Today At H.H.S.

By Mrs. William Havenstein 753-3801

The Huron Township Health Committee will hold its first meeting of the fall season today at 1 p.m. in Huron High School. Mrs. Ellen Weaver, Huron High School counselor, will again serve as liaison officer of the school district. The Health Committee is happy to welcome her back. The service she provides is most valuable in co-ordinating projects between school and committee.

The end of the 4-H year drew a dramatic conclusion when eight members of the Lazy Daisy 4-H Club competed at the State Fair.

Joan Otter received second place with her lightweight hereford, "Mewli". Clark Douglas also placed with his medium weight Hereford, "Blue". Martin and Cynthia Neddo also placed with their fine Angus Steers, "G. Wilkins" and "Gary John II". Brian Otter sold his Angus Steer "Henry", at the auction August 27 to the Farmer Jacks Markets, assuring the customers of good meat. Brian is twelve years old and this is his second year at the State Fair. All the other members had

H.M. Towe Returns

HOWARD M. TOWE

ROMULUS — United States Marine Private First Class Howard M. Towe, 21, son of Mr. and Mrs. Elmer Towe, 2978 Superior, has returned to duty at Vietnam.

He left for Vietnam last week after a two-week home leave. He will serve 13 months.

their first experience in State Fair Competition.

The members were pleased when on Governors Day, they were treated to breakfast with Governor Romney.

Also invited to the Fair were Wendy Neddo and Richard Hoffman, taking their Goats, "Sweetie Pie" and "Pebbles". Club members wish to express their thanks to the leaders and project leaders of Lazy Daisy, Mr. and Mrs. Richard Price. Special thanks to Clarence Otter, Beef Club Leader.

Mr. and Mrs. Norman Sanders, of Columbia, South Carolina, announce the birth of their first child, a son, August 15. He has been named Norman Daniel.

The new mother is the former Doris M. Koller. Maternal grandparents are Mr. and Mrs. Frederick Koller, of Merriman road, Romulus.

The paternal grandparents are residents of Louisville, Tennessee.

Since September 1, the Downriver Regional Office of the American Red Cross has occupied new offices at 2034 and 2036 Ford avenue (Northline), Wyandotte.

The monthly mobile unit will be held at this new facility on the first Thursday of each

month from 3 to 9 p.m.

Anyone interested in donating blood may obtain an appointment by calling (288-2434).

James McDonald announces that this new location will provide more facilities to the downriver area.

Mr. and Mrs. Charles Elliott and Children, of River lane, have returned home after a relaxing week of vacation at Fife Lake near Manton.

The administrative offices of the Huron School District have moved from the Huron Elementary School to the senior high buildings. The telephone number remains the same 782-2461.

Mr. and Mrs. Joseph Balog, of Prescott road, spent a week vacationing at Hubbard Lake, Tawas, and several other northern Michigan towns. They enjoyed visiting many friends and spent much of their time antique hunting. Mr. Balog also kept an eye open for additions to his steam engine hobby.

Mrs. Edith James, of Blairsville, Georgia, is the house guest of Mr. and Mrs. Harry Wagstaff, of Sibley road. Her many friends have been happy to see her while she has been visiting here.

Unusual Items Sale

LANSING — A hyfrecator and a slush machine sent Department of State Highways employees scurrying for their dictionaries — to no avail.

Neither is listed in Webster, although the Department is responsible for selling one of each.

Auditions For U D Play Set

Open auditions will be heard for the University of Detroit Theatre production of "Death of a Salesman" at 7:30 p.m. Thursday and Friday, Sept. 19 and 20 in Room 113 of the Ford Life Sciences Building.

Eight men and five women will be cast in the Arthur Miller classic American drama. Readings will be selected by the director, Dr. James Rodgers, chairman of the Theatre Department.

The tale of Willy Loman, the "peddler" of American industry, will be presented in the new theatre in the Ford Life Sciences Building at 8:30 p.m. for three consecutive weekends, Friday through Sunday, Nov. 1-3, 8-10, and 15-17.

THE UNUSUAL items appear on inventories of a veterinary clinic and an ice cream stand on property purchased by the Department for construction of Interstate 96 in Detroit.

These inventories, along with those of a service station and a supermarket, will be sold by sealed bid at 10 a.m., Sept. 12, at the Department's Detroit Metropolitan District office, 18101 W. Nine Mile Road, Southfield, where information can be obtained prior to the sale.

Several thousand items, which have ranged from a steel mill to a field of green tomatoes, are sold each year by the Department. Proceeds go to highway construction.

'TV High School' Gets County Library Support

DETROIT — Michigan's first TV High School program has been pledged the support of the Wayne County Federated Library system, John C. McCabe, president of Michigan Blue Shield, and Dr. Joseph C. Paige, executive director of the Urban Adult Education Institute, announced.

Michigan Blue Shield and the Urban Adult Education Institute are two of the program's sponsors.

Designed to prepare Detroit area young persons and adults, 18 and older, to pass high school graduation equivalency tests, the 60-session TV High School program will be offered twice daily over WTVS — Channel 56, starting Oct. 7.

Leo T. Dinnan, deputy county librarian, described the new educational project as "imaginative" and assured the sponsoring organizations of the willingness of the County system to have all 52 member libraries serve as TV High School registration centers, McCabe and Dr. Paige said.

most unions, colleges, and universities.

According to the Urban Adult Education Institute, applications to take the course have been received from Detroit and 17 other communities since the TV High School was announced two weeks ago.

People may register at any Detroit high school, public or federated library, neighborhood READ center or Community Action Center or subcenter or at the UAEI

headquarters in the old Herman Kiefer Hospital nurses quarters, 8721 Lodge Freeway.

REGISTRATION IN OTHER cities within the Channel 56 viewing area is being arranged by the UAEI. An announcement on the location of registration centers in these areas will be made in the near future, UAEI officials said.

In the meantime, registration information may be obtained from UAEI officials by dialing 871-7831.

U of D Theater Has New Permanent Home

DETROIT — The University of Detroit Theatre has a new permanent home.

The 1968-69 season will include three major productions and three special attractions in the new U. of D. Ford Life Sciences Building.

"The sell-out summer season in these quarters was so well received," said Theatre chairman Dr. James Rodgers, "that the University has arranged for us to convert the lecture hall into a permanent theatre."

Critics, while often praising the U. of D. productions, have from time to time panned the auditorium located in 1950 "as a temporary measure" on the third floor of the McNichols Campus Library Building.

Prior to that time U. of D.'s performers were like strolling players, staging shows where nooks and crannies were available.

They did Shakespeare in a gymnasium, Shaw for a three-night stand in a converted classroom, Pinero in the lounge of an eating club.

A Passion Play was staged at what is now Cinerama Music Hall, and other plays in the Art Institute Auditorium.

THE NEW facility has 250 permanent, raked seats in an

air conditioned auditorium.

There is spacious lobby space for displays and receptions, and additional back stage costume, properties and other production shop facilities.

The building, opened last year, is located immediately north of the Memorial Tower, campus landmark.

The season will open with a special attraction Sept. 27, 28 and 29-an evening on one-acts, "Zoo Story" by Edward Albee and "The Ridiculous Young Ladies" by Moliere.

The three major plays will be Arthur Miller's "Death of a Salesman" opening Nov. 1; "School for Scandal," Richard Sheridan's 18th century comedy of manners, opening Feb. 14; and "A Lion in Winter," a new play by James Goldman about Henry II and intrigues in his court, opening March 21.

THESE THREE productions will each run for three Friday through Sunday weekends.

The other special attractions will be Edgar Lee Masters' "Spoon River Anthology," Nov. 29, 30; Dec. 1; and "By George," starring Max Adrian as George Bernard Shaw Friday, Dec. 6.

All performances begin at 8:30 p.m.

Readers may write U. of D. Performing Arts Box Office, Detroit 48221 or phone 341-1838 or 342-1000.

Belafonte Concert Announced

The University of Michigan Men's Glee Club will sponsor a concert by Harry Belafonte and his company on Thursday, Sept. 26, at 8:30 p.m. in the University Events Building.

Tickets are priced at \$4.50, \$3.50 and \$3.00. Block tickets will go on sale Sept. 18 and 19 in the lobby of the Student Activities Building. Individual tickets may be purchased there from 9 a.m. to 6 p.m., Sept. 20-25.

Mail orders should be sent to Men's Glee Club, Belafonte Concert, 6044 Administration Building Before Sept. 23 and should be picked up at the Events Building ticket office

Carelessness by the homeowner and the growing number of portable valuables in the home are the two reasons given by Liberty Mutual Insurance Companies for the rising number of burglaries reported in this country.

on the day of the concert. Proceeds from the concert will go to the Glee Club Scholarship Fund and to the fund for the club's next world tour, in 1970.

Huron Park Authority Shows Big Attendance

High or "record attendance" was reported for the month of August this year by three of the four major parks of the Huron-Clinton Metropolitan Authority, Kenneth L. Hallenbeck, director has announced.

Kensington Metropolitan Park near Milford had over 335,000 visitors in August compared to 252,000 for the same month in 1967. This was the second highest attendance for August, exceeded only by the 360,000 persons in August, 1959. Kensington Park led Huron-Clinton's four major parks in attendance for the month and it is the oldest park

in operation. It covers 4,300 acres and opened in 1948.

Metropolitan Beach along Lake St. Clair near Mt. Clemens had over 320,700 persons visit in August. This is a record for the month, topping last year's August figure of 238,000 persons and the previous high of 254,900 persons using Metropolitan Beach in August, 1965. Metropolitan Beach covers 550-acres and was opened in 1950.

Stony Creek Metropolitan Park north of Utica also had record attendance for August with over 233,200 visitors. This surpasses last year's August figure of 194,000 which was the previous record. Stony Creek Metropolitan Park covers 3,500 acres and opened in July, 1964.

Lower Huron Metropolitan Park near Belleville had 206,100 visitors during in August, a drop from the over 222,700 visitors of the comparable month in 1967.

The record high for the month of August at Lower Huron Park is 281,000 which was set in 1961. This site covers 1,000 acres and was opened in 1951.

Tiger Song Becoming Popular

The 1968 Detroit Tiger fight song is being played not only in the English language but is also being sung in Polish and Yiddish translation by some of Detroit's foreign speaking Tiger fans.

The record has also taken hold out-state where Tiger pennant fever is rapidly mounting.

Just one week ago, "SOCKIT TO 'EM TIGERS" was released by the Detroit Sound Record Co. The song is written by Leonard Moss, and produced by Ervin A. Steiner, Jr. is rapidly taking hold in the Detroit and out-state areas of Michigan.

Ervin A. Steiner, Jr., producer of the record, says "this song should serve as a unifying factor for Tiger fans all over the country, and should let the Tigers know that the citizens of Detroit are behind them 100%."

The record can be purchased at record shops and other retail outlets in the Detroit area. Steiner also commented "that if you can't get 'SOCKIT TO 'EM TIGERS' from your record store, records can be purchased by sending \$1 to: 'SOCKIT TO 'EM TIGERS', 12730 E. Warren, Detroit, Michigan 48215.

Air Show Opens Saturday at Willow Run

THE GATES WILL OPEN this Saturday morning at nearby Willow Run Airport for the two-day National Aviation and Space Exposition. It will without doubt be the greatest air event staged anywhere in the United States in 1968.

Over 100 static displays, indoor and outdoor, will dot the exhibit area with everything from special space shows and missiles from Cape Kennedy to late military fighters and bombers. Of major interest to the taxpayer will be several of the military aircraft that have been blazing combat history in the skies over Vietnam.

Among the combat aircraft will be the F4C "Phantom",

The F-105 "Thunderstreak" and Army helicopters. These are just a few of the aircraft that are bearing the brunt of the air war in Southeast Asia.

The ground displays will open for the public both days at 9 a.m.

The major events on both days of the weekend event will be the three-hour air show beginning each day at 1:30 p.m. The three-hour thrill-packed flight demonstrations alone will be worth the day's effort.

Six of the nation's most outstanding aerobatic pilots, each in a different type of aircraft, will perform on both days.

The civilian aerobatics will include: "Bob" Hoover of North American Rockwell Corporation in an F-51 "Mustang"; Bill Fornof in an F8F "Bearcat"; Captain Dick Schram, better known as "The Flying Professor," doing his antics in a Piper J3; Scotty McCray in a Schweizer sailplane; Captain Bill Barber in a Bucker-Jungman bi-plane; and Jim Dombey in a jet powered helicopter, the "Jet-Ranger". In addition, a Detroit, Jerry

Marlin, will kickoff the opening ceremonies with a parachute jump.

Former test pilot Bob Hoover is one of America's foremost demonstrators of precision aerial maneuvers. Hoover has flown his famed F-51 "Mustang" with skill and precision in flight demonstrations before millions of persons throughout the world. The Mustang was one of the most fabulous fighters during World War II. Over 15,000 were built in nine different production versions.

The F8F "Bearcat" that will be flown by Bill Fornof in his thrilling demonstration of precision aerobatics, is the last propeller-driven fighter built in the United States. Designed as a shipboard fighter for the Navy, it was not completed soon enough to see action in World War II. With this war-time 23-year-old fighter, Bill Fornof brings back the thrill and romance of the prop-fighter days to the millions who have seen him put this beautiful little copper colored "Bearcat" through its paces.

Possibly the greatest crowd pleaser could be the nutty

"Flying Professor," who really is precision flight instructor Captain Dick Schram, USNR. A. revives the thrills of the old aerobatic aviators and air circuses of the early 1930's with his amazing low altitude "grass cutting" aerobatics in a stock Piper Cub airplane. He virtually stages a comedy ballet in the air as an absent-minded professor who learned to fly from his own book and suddenly finds himself in the air... but without his valued textbook.

Something very new for this part of the country will be staged by "Scotty" McCray who will perform a precision sailplane (glider) flight demonstration. It will provide a sharp contrast to the other noisy, high-performance aircraft demonstrations. Flying a standard Schweizer 2-22E two-place trainer, Scotty performs hammerhead stalls, slow rolls, a split "S" and a series of loops. This type of flight maneuvers, especially in a sailplane have never been staged in this area for an air show.

Captain Bill Barber of Ypsilanti, was a former captain of

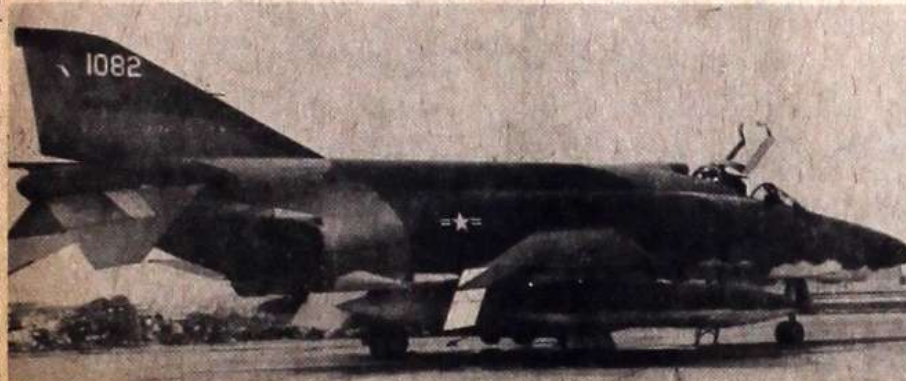

the U.S. Aerobatic Flight Team to Hungary. He will perform in both the opening ceremonies in a Curtiss Falcon Biplane and later in the program in a German Bucker-Jungman.

Jim Dombey of the Bell Helicopter Company will demonstrate the slim, new Bell "Jet Ranger." This helicopter is capable of jet speeds of over 140 mph and has a range of over 400 miles.

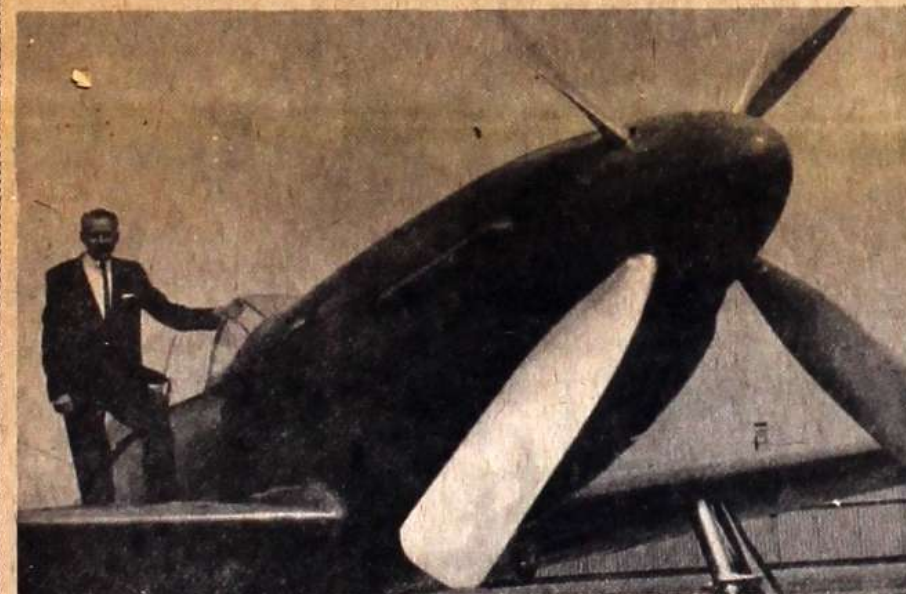

Topping off this three-hour, breathtaking flight show will be the nation's elite aerial precision flight team, the U.S. Navy's "Blue Angels". This team of six navy pilots perform most of their aerial maneuvers in close formations at speeds over 500 miles per hour with rarely over six feet of space between their Grumman F-11 "Tigercat" jet fighters. Under the command of Flight Leader Commander Bill Wheat, the Blue Angels will also perform both days of the air show.

All gates to the ground displays will be open both Saturday and Sunday, at 9 a.m. this weekend, Sept. 14-15.

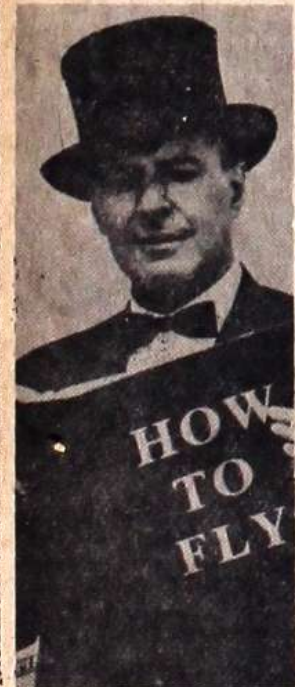

LOCAL "STUNT PILOT" - Internationally famous precision aerobatic pilot, Captain Bill Barber, who makes his home on Ford Lake near Belleville, will be one of top aerial acts during the three-hour flight portion of the air show. Barber led the United States Aerobatic Team to the highest score ever achieved by a U.S. Team in international competition in Budapest, Hungary. Rated as one of the finest aerobatic pilots in the world, Barber has logged over 18,000 hours in every known propeller airplane to DC-9 Jetliners. He will appear during the flight show on both days.

VIETNAM WAR BIRD - Adding a sober note to aircraft on display will be one of the jet fighters blazing headlines everyday in the skies over Vietnam. The U.S. Air Force's F4C "Phantom" in full war paint. The F4C is one of the many modern military jet aircraft that will be on display for the taxpayer.

WORLD WAR II MUSTANG - Test Pilot Bob Hoover of the North American Rockwell Corporation will put on an exhibition of precision aerobatics with his famous wartime F-51 fighter, the F-51 was the backbone of our airforces in Europe in 1944-45.

QUICKIE FLIGHT LESSON - The flight antics of "The Flying Professor" alone ought to keep most spectators howling and on the edge of their seats. His crazy mode of flying has been tabbed the world over as the "Crowd Pleaser".

NEXT WEEK THE FLYING WORLD WILL FEATURE A FULL PAGE OF AIR SHOW PICTURES.

ROMULUS TOWNSHIP ORDINANCE NO. 68-71

AN ORDINANCE TO PROVIDE FOR THE OPERATION OF THE TOWNSHIP WATER SYSTEM AND THE SEWAGE DISPOSAL SYSTEM OF THE TOWNSHIP OF ROMULUS AS A SINGLE COMBINED SYSTEM; TO PROVIDE FOR THE CONSTRUCTION OF ADDITIONS, EXTENSIONS, AND IMPROVEMENTS TO SAID COMBINED SYSTEM; TO PROVIDE FOR THE FIXING, COLLECTION, SEGREGATION AND DISPOSITION OF THE REVENUES OF THE COMBINED SYSTEM AND FOR THE PAYMENT OF REVENUE BONDS HERETOFORE OR HEREAFTER ISSUED OUT OF SAID REVENUES; TO PROVIDE FOR THE CREATION OF A STATUTORY LIEN WITH RESPECT TO THE COLLECTION OF SAID REVENUES; AND TO PROVIDE FOR OTHER MATTERS RELATING TO SAID COMBINED SYSTEM.

WHEREAS, there now exist in the Township of Romulus (hereinafter referred to as the Township) a Township water system and a sewage disposal system which have been built and acquired by the Township through Township funds collected by the means allowed by law, including debt service charges, millage, and the issuance and sale of bonds secured by contracts between the Township and the County of Wayne, by its Board of County Road Commissioners, which contracts have been entered into pursuant to authorization provided by Act 342, Public Acts of Michigan, 1939, as amended, by the terms of which the Township is obligated to pay the principal and interest on said bonds as they mature; and

WHEREAS, THE TOWNSHIP has heretofore by ordinance established a schedule of rates and charges to users of the Township water system and the sewage disposal system, the revenue derived from the collection thereof being used to operate and maintain the facilities of said systems, to make the contract payments required by virtue of the contracts between the Township and the County of Wayne and the obligation of the Township to the bondholders, and

WHEREAS, the Township and the County of Wayne, by its Board of County Road Commissioners, have entered into a contract dated June 18, 1953, providing for the acquisition, construction, financing, operating, and maintaining of such sewage disposal system as a part of the metropolitan system, and for the payment by the Township of amounts necessary to pay the principal and interest on bonds in the aggregate principal amount of \$465,000.00; and

WHEREAS, the Township and the County of Wayne, by its Board of County Road Commissioners, have entered into a contract dated October 30, 1958, providing for the acquisition, construction, financing, operating, and maintenance of such township water system; and

WHEREAS, the Township, other municipalities, and the County of Wayne, by its Board of Public Works, have entered into a contract dated August 10, 1961, providing for the Township's payment of its share of the municipal cost of certain interceptor sewer facilities which share is 1.457% of the aggregate principal amount of \$16,815,000.00; and

WHEREAS, the Township, other municipalities, and the County of Wayne, by its Board of Public Works, have entered upon a contract dated March 1, 1962, providing for the Township's payment of its share of the cost of certain sewer facilities representing the principal and interest Disposal Bonds (Downriver System) Series I, II, III, to wit:

- (a) 19.486% of the \$14,070,000.00 Series I bonds
- (b) 31.751% of the \$2,200,000.00 Series II bonds
- (c) 100.00% of the \$2,000,000.00 Series III bonds

WHEREAS, the Township and the Board of County Road Commissioners of the County of Wayne have entered into an additional contract dated April 27, 1963, providing for the financing and construction of additional sewer lines; and for the payment by the Township of amounts necessary to pay the principal and interest on bonds in the aggregate principal amount of \$3,500,000.00; and

WHEREAS, the Township, other municipalities, and the Board of County Road Commissioners of the County of Wayne have entered upon a further contract dated March 11, 1965, providing for the payment by the Township of its share of the cost of the acquisition and construction of a certain sewer improvement which share is 54.87% of the aggregate principal amount of \$420,000.00; and,

WHEREAS, the Township, by its Township Board determines that it is necessary for the public health, safety and general welfare of the people of Romulus Township and conducive to the efficient operation of government to operate the Township water system and the sewage disposal system as one combined system, to be operated on a combined-rate basis.

NOW, THEREFORE, THE TOWNSHIP OF ROMULUS ORDAINS:

Section 1. In construing this Ordinance, terms and words hereinafter defined, unless the context clearly indicates otherwise, shall be given the meanings hereinafter set forth:

- (a) Township Water System. The term "Township Water System" shall mean the totality of all water mains and lines now in existence or hereafter acquired and constructed within the Township together with all present or future works, instrumentalities and properties used or designed for use in the obtaining of a water supply or the distribution thereof.
- (b) Sewage Disposal System. The term "Sewage Disposal System" shall mean the totality of all sanitary sewers and combined sanitary and storm sewers now in existence in the Township or hereafter acquired or constructed therein, together with all present or future works, plants, instrumentalities and properties used or designed for use in the collection, treatment, and/or disposal of sewage and industrial wastes.
- (c) Water and Sewer System. The term "Water and Sewer System" shall mean the Township water system and the sewage disposal system combined for operational purposes into a single system as hereinafter provided.
- (d) Contract Payments. The term "Contract Payments" shall mean the payments required to be made by the Township of Romulus to either the Board of County Road Commissioners of the County of Wayne, or the Board of Public Works of the County of Wayne under the provisions of the respective contracts referred to in the preamble to this Ordinance, which payments we pledged to the payment of the bonds of the County of Wayne specified in said contracts.
- (e) User or Users. The terms "user" or "users" shall mean any premises connected with and using or able to use any of the facilities of the Water and Sewer System.
- (f) Township. The term "Township" as used throughout this Ordinance, shall mean the Township of Romulus, Wayne County, Michigan.
- (g) Township Board. The term "Township Board" shall mean the Township Board of the Township of Romulus, the governing body of said Township.

Section 2. From and after the effective date of this Ordinance, the Township water system and the sewage disposal system shall be operated by the Township as one combined system to be known as the Water and Sewer System. The operation thereof shall be on a public utility basis as authorized by law. It is hereby declared to be the intent and purpose of the Township Board to establish and maintain reasonable and uniform rates and charges applicable to various classifications of users so as to provide funds to:

- (a) Operate and maintain the facilities of the combined system.
- (b) Make the contract payments required by contracts heretofore entered upon or required by future obligations of the Township incurred with respect to the acquisition or construction of additional facilities for the Water and Sewer System.
- (c) Make additions, extensions and improvements to the Water and Sewer System.

Section 3. The Water and Sewer System shall be and remain under the Supervision and ultimate control of the Township Board, but shall be under the immediate management and control of the Water and Sewer Commission of the Township of Romulus, consisting of nine members serving three-year terms, which terms shall so be staggered that the terms of three members shall expire each year. Appointments to the Water and Sewer Commission shall be made by the Township Board. No more than three members of the Township Board shall simultaneously be members of said Commission. Such Commission may elect officers and adopt rules and regulations relating to the use of the Water and Sewer System and the making of connections thereto subject to the prior approval by resolution or Ordinance of the Township Board. The existing Commission Members appointed pursuant to Ordinance No. 30 or Ordinance No. 63-53 shall continue their terms until replaced or reappointed at the expiration of such terms pursuant to this section. The Township Board, may, after public hearing, remove any member of the Commission for cause prior to the expiration of his term by a majority vote of the members - elect of the Township Board.

Section 4. The fiscal year of the Water and Sewer System shall commence on April 1st of each year and end on the following March 31st.

Section 5. Rates and Charges. The rates and charges for the services and benefits provided by the Water and Sewer System shall be established by Ordinance. The initial rates and charges, effective immediately, are appended hereto as Schedule A and Schedule B. Alterations to or amendments of such rates and charges shall be reflected by amended or substituted schedules.

(See Schedule A and B)

Section 6. Billing and Collection of Charges. All charges, other than those charges designated herein to be payable in advance or when incurred shall be collected in four quarterly periods, corresponding as near as may be to the dates of billing for water by the City of Detroit. Bills for all services and charges shall be itemized and shall be payable within twenty(20) days from the postmarked date of the billing. For all such bills not paid when due, a collection charge of ten per cent (10%) of such bill shall be added thereto for each billing period, compounded quarterly. Failure to receive bill does not excuse non-payment nor avoid collection charge. The payment of all charges provided for herein may be enforced by shutting off the water supply to the user after a delinquency in payment of twenty (20) days. In the event that the water department is dispatched to a user to discontinue service for non-payment a special discontinuance fee of \$2.50 shall be charged, and, if, after service has been discontinued for non-payment, service is reinstated, recommencement fee of \$2.50 shall be charged. Both the discontinuance of the recommencement fee shall be payable forthwith. Charges for water supply and sewage disposal service as set forth in this Ordinance shall constitute a lien on the property served. On or before October 1st of each year, the Township Clerk shall deliver to the Supervisor a certified statement of all water and sewage disposal charges then over six months due and unpaid. The Supervisor shall place such charges on the next general tax roll and the same shall be collected as part of the general Township taxes. If notice is given to the Township Board pursuant to Section 21 of Act 94 of 1933, as amended, that a tenant is occupying user premises, together with a copy of the lease, the Township shall require a cash deposit of \$50.00 as security for payment of charges before any service is furnished, and when the deposit is depleted, no further service shall be rendered the user premises until the deposit shall have been made whole.

Section 7. The gross revenues of the Water and Sewer System derived from the collection of the rates and charges imposed by this Ordinance shall be set aside as collected in a bank duly qualified to do business in Michigan as designated by the Township Board in an account to be designated Water and Sewer System Receiving Fund (hereinafter referred to as "Receiving Fund.") said revenues so deposited to be transferred from said Receiving Fund periodically in the manner, at the times, and in the order of priority herein set forth:

(A) Operation and Maintenance Fund. Out of the revenues in the Receiving Fund there shall be first set aside during each quarterly period of each operating year into a separate depository account designated Operation and Maintenance Fund, a sum sufficient to provide for the payment of the next quarter's current expenses of administration and operation of the combined system and such current expenses for the maintenance of those facilities as may be necessary to preserve the same in good repair and working order. The Township Board shall, prior to each fiscal year, upon recommendation from the Water and Sewer Commission adopt a budget to cover the foregoing expenses for the forthcoming year.

(B) Contract Payment Fund. There shall next be established and maintained a separate depository account designated Contract Payment Fund the monies from time to time on deposit therein to be used solely and only for the purpose of making the contract payments. Out of the revenues remaining in the Receiving Fund after provision has been made for current expenses of operation and maintenance of the Water and Sewer System, there shall be set aside on the first day of each quarter into said Contract Payment Fund all remaining revenues until such time as there are sufficient monies in said contract payment fund to pay principal and interest on the contract payments due or becoming due and payable within the next twelve months.

(C) Contract Payment Reserve Fund. Out of the revenues remaining in the Receiving Fund after meeting the current requirements of the Operation and Maintenance Fund and the Contract Payment Fund as herein before required, there shall next be set aside into a separate depository account designated Contract Payment Reserve Fund, a sufficient sum to satisfy the reserve requirement of all applicable contracts between the Township and the Board of County Road Commissioners of the County of Wayne and the Board of Public Works of the County of Wayne.

(D) Surplus. Any monies remaining in the Receiving Fund after meeting the requirements of the Operation and Maintenance Fund, the Contract Payment Fund, and the Contract Payment Reserve Fund may be used at the option of the Township Board, for advance Contract Payments or for the acquisition, and construction of extensions and improvements to the Water and Sewer System, or for any other legal purpose.

Section 8. Monies in the several funds established pursuant to the provisions of this Ordinance may be invested and reinvested in the United States Government obligations or in evidences of indebtedness of a bank or banks insured by the Federal Deposit Insurance Corporation and designated by the Township Board. Investment of monies in the Contract Payment Fund shall be deposited in a separate depository bank account and may be invested in United States Government obligations bearing maturity dates not later than the day prior to the date of the next due Contract Payment.

Section 9. The Township shall cause to be maintained and kept proper books of record and account, in which shall be made full and correct entries of all transactions relating to the Water and Sewer System. Such books shall be substantially in conformity to the uniform system of accounts as prescribed by the Michigan Public Service Commission. No later than two (2) months after the close of each fiscal year, the Township shall cause to be prepared detailed statements of income and disbursements of the Water and Sewer System during the fiscal year together with such other information as may be necessary fully to inform the bondholders and the taxpayers of the Township of the fiscal operation and position of the system. Such statements shall be filed and available for inspection in the office of the Township Clerk. Such statements shall annually be audited by a Certified Public Accountant selected by the Township Board and a copy of such audit shall be filed with the Township Clerk.

Section 10. No connection shall be made to any of the facilities of the Water and Sewer System otherwise than as prescribed by Ordinance. No free service shall be given any person, firm, or public or private corporation.

Section 11. The following Ordinances of the Township are hereby repealed: 56-38, 59-46, 59-38, 60-46, 63-53, and 66-46, insofar as they conflict with the terms of this Ordinance.

Section 12. If any section, paragraph, clause or provision of this ordinance shall be held invalid, the invalidity of such section, paragraph, clause or provision shall not affect any of the other provisions of this Ordinance.

Section 13. This Ordinance shall be published as provided by law and shall thereupon be of immediate effect.

I, Alfred J. Perry, Clerk of the Township of Romulus, do hereby certify that the foregoing is a true copy of an Ordinance passed by the Romulus Township Board at its Special Meeting held on August 23, 1968, at the Township Hall.

ALFRED J. PERRY, Clerk
Township of Romulus

SCHEDULE A

WATER RATES & CHARGES

The Charges for services rendered and water supplied by the water system shall be assessed against, and payment thereof shall be collected from, each customer served or supplied on the following basis:

A. SERVICE METERS: All services will be metered and a separate meter installed for each individual business, or family or household unit, provided that in the case of mobile home parks, apartment unit projects, other multiple household unit projects and multiple business unit projects, e.g. office buildings, integrated shopping units, etc., the person or entity in general charge of control of the premises, or the duly appointed representative for the project in question, may choose to have the overall project premises served by one meter installed at some central point. In such cases, the rate differentials provided for in this section shall be applicable and the person or entity contracting with the Township for this combined treatment shall be treated as the customer and as to the Township, responsible for all charges provided in said section.

Meters will be installed, controlled, and maintained by the Township, except that where meters are damaged by the negligence or wilful conduct of customers, their employees, agents, contractors, or other persons permitted by them to be on the premises, the cost of repairs or the amount of the damage, if the meter cannot reasonably be repaired, shall be borne by the customer. Initial meters will be provided by the Township at customer expense, the charge therefore being the cost to the Township of the meters installed plus ten (10%) per cent. Replacement meters will be provided by the Township without specific charge to the customer, except to the extent the replacement cost is attributable to the negligence or wilful conduct of customers, their employees, agents, contractors, or other persons permitted by them to be on the premises.

B. WATER CONSUMPTION RATES: The quarterly water consumption charge shall be based on the following schedule of consumption rates.

WATER USED	CHARGE
0 - 10,000 cu. ft.	\$2.50 per 1000 cu. ft.
10,000 to 100,000 cu. ft.	\$2.40 per 1000 cu. ft.*
above 100,000 cu. ft.	\$2.30 per 1000 cu. ft.*

*Note: These rates are based on single use consumption and are therefore not applicable where the customer's meter is used to measure the consumption of water by users not part of the customer's individual business, or family or household unit. Without limiting the generality of the foregoing, these rates are not applicable to mobile home parks, apartment unit projects, other multiple household unit projects, and business unit projects unless separate meters are installed for each business, or family household unit.

**Note: Minimum quarterly water consumption charge shall be based on 1,000 cu. ft.

C. QUARTERLY METER SERVICE CHARGE:			
5/8 inch meter \$1.50	3 inch meter \$20.33
3/4 inch meter 1.82	4 inch meter 34.56
1 inch meter 3.75	6 inch meter 69.12
1 1/2 inch meter 7.13	8 inch meter 89.16
2 inch meter 10.70	10 inch meter 115.91
		12 inch meter 144.89

D. WATER SERVICE INSTALLATION CHARGE: Service connections from mains to customer's property line will be installed by the Township at the established rates as are shown in the following table:

SIZE OF PIPE	WIDTH OF STREET
3/4"	Less than 60 feet
1"	\$145.00
1 1/2"	\$175.00
2"	\$268.00
	\$415.00
WIDTH OF STREET	
61 feet to 90 feet	91 feet to 120 feet
\$180.00	\$224.00
\$215.00	\$251.00
\$325.00	\$400.00
\$485.00	\$750.00

over 2" cost plus 20%, regardless of length of pipe.

* Note: On streets 121 feet or wider, all footage in excess of 120 feet will be done at cost plus 20%, with amount of deposit established by Water Department.

** Note: Minimum one inch (1") diameter service

required for all commercial and industrial connections.

E. DEBT SERVICE CHARGE: A debt service charge of \$2.50 each quarter year is applicable to all business or residence units connected with the system, whether directly or indirectly. Without limiting the generality of the foregoing, each individual family or household unit in mobile home parks, apartment unit projects, other multiple household unit projects, and each individual business unit in a multiple business unit project, shall be treated as a separate and independent connection for purposes of this debt service charge, regardless of whether or not a water usage meter is installed for each said family or household unit, or business unit. This charge shall continue in effect until a total of \$250 shall have been paid by each said connection. The Debt Service Charge for premises intended for resale shall be paid in full at the time of the permit application.

F. METER DEPOSIT CHARGE: The meter deposit charge is to secure payment of bills. For residence household type customers the meter deposit charge shall be Ten Dollars (\$10.00). For all other customers the meter deposit charge shall be as specified by the Commission.

G. CHARGES FOR WATER AND SERVICES TO THE PUBLIC: No free services or free water shall be furnished to any person, firm, or corporation. 1) The Township at large will pay to the Board of Water and Sewer Commissioners each year an amount equal to ten (\$10.00) dollars for each fire hydrant in the system. 2) The users of fire hydrants in the system, which have been established for a specific purpose other than the general fire protection of the Township and which are not readily available for use by the Township, shall be charged an annual hydrant fee of fifteen dollars (\$15.00) for each hydrant.

H. HYDRANT USE CHARGE: Permission for temporary use of the water system through the public fire hydrant can be obtained upon application to the Water Department and the deposit of the following charges:

HYDRANT USE CHARGES

A deposit of \$250.00 will be required application for use of hydrant with use charges as follows:

1 week \$15.00 Minimum Charge
1 month \$50.00
Each additional month \$25.00
Fraction thereof.	

Charge for water, including all service and debt charges, to be paid in addition to hydrant use charge.

Meters must be used and obtained from Romulus Township Water Department, the full price of meter must be deposited with application. The title to meter will be retained by Romulus Township and a refund of purchase price less depreciation, will be made when meter is returned in good condition.

METER DEPRECIATION RATES

Size of Meter	1st Month Price Chg.	Depreciation each month thereafter
3/4"	\$ 40.00	\$ 4.00
1 "	88.00	8.80
1 1/2 "	165.00	16.50
2 "	442.00	44.20
Fire Meter	350.00	35.00
		17.50

Deposit - \$550.00 \$350.00 - Fire Meter
\$200.00 - Hydrant rental + Consumption

J. STANDBY FIRE LINE CHARGE: Where standby fire service is provided by the Township through detector check meters or other similar devices the following monthly fire line charge shall apply:

Size of line	Monthly Charge
1"	\$ 5.00
1 1/2"	5.00
2"	5.00
3"	5.00
4"	5.00
6"	8.00
8"	12.00
10"	15.00
12"	18.00

K. SERVICE DISCONNECTION CHARGE: Whenever any building is demolished or removed from its site, the water service will be disconnected at the main and the same shall be plugged. A service charge of Fifty and no/100 (\$50.00) Dollars will be made for said disconnection and plugging of the main.

SCHEDULE B

SEWER RATES & CHARGES

The rates and charges for services rendered by and benefits derived from the sewer system shall be assessed against, and payment thereof shall be collected from each Customer served on the following basis:

A. SEWAGE DISPOSAL RATE: There shall be charged to each user having any connection with the system a disposal charge equal to seventy per cent (70%) of the water consumption charged to said user for the same premises for the same period of time to be computed from the water consumption figures of the water department of the Township as evidenced by the water meter readings. If any user connected with the sewage disposal system has no water connection, a special rate or rates shall be established by the Township Board upon recommendation of the Commission.

B. SEWER CONNECTION RATE: The following rate shall be collected from each premises hereafter connecting to any of the sewer lines of the sewer system:

1. In addition to all other applicable charges as specified in this ordinance, a sewer connection rate charge of Three Hundred (\$300.00) Dollars, on each Residence or Business Unit connecting to the system. These units shall pay in advance before the Connection Permit is issued, provided, that for any existing Residence or Business Unit, said Sewer Connection Rate may be paid in cash, or at the option of the owner only, on a quarterly basis at the rate of Two Dollars and Fifty Cents (\$2.50) per quarter per unit for a forty (40) year period.

2. Hotel and motel units designed for the use of transients for sleeping quarters only, shall pay a Sewer Connection Rate of Two Hundred (\$200.00) Dollars for each room or unit, in cash, at the time a Connection Permit is requested.

3. The preceding connection rates are for premises served with a water meter of a size of 3/4 inch. The Connection charge, where a water meter is in excess of 3/4 inches shall, be in accordance with the following schedule, based upon the size of the water meter:

(continued on page 18)

Chrysler Sales Up

DETROIT—Retail sales of Chrysler Corp. passenger cars in August totaled 112,546 units, an increase of 35 percent over August, 1967, when sales totaled 83,590 units.

For the first eight months of 1968, retail sales of Chrysler-built passenger cars totaled 1,043,510 units setting a new record for sales in the first eight months of a calendar year. The previous record was set in 1966 when sales totaled 942,749 units for the similar period. In 1967, the total for the first eight months was 863,471 units.

what does A&P stand for?

(Besides The Great Atlantic and Pacific Tea Co., Inc.)

Fairness, honesty, dependability and quality.
 Our founder established these business guides for A&P over 100 years ago.

It is from this basic foundation that so many of our current-day policies have grown:

Our Raincheck policy, for example, which assures you that you will never miss out on an advertised item.

Our policy of packaging meats, that guarantees that the side you can't see is equal to or better than the side you can see.

Our complete and unconditional guarantee of anything you buy at A&P, no matter who makes it.

Our dedication to quality in the production of our own brands. Quality standards so high that we guarantee any product bearing the A&P Seal is equal to or better than the nationally famous brands.

You can probably sum it up in one word, "CARE." We care about you.

When you think about it... shouldn't A&P be your store?

Youth Builds Car

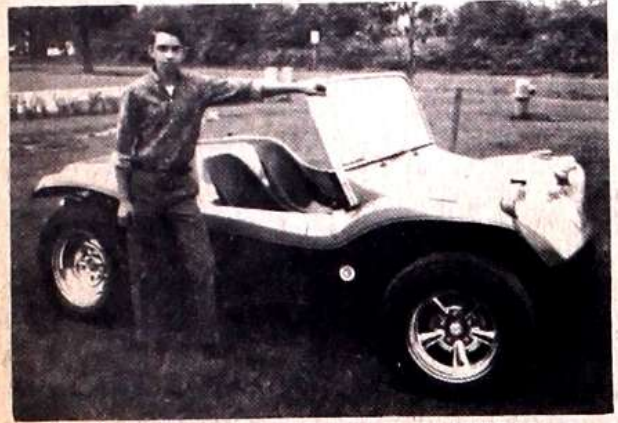

BELLEVILLE — Mark A. Kosin, 14, son of Mr. and Mrs. Chester F. Kosin, of 14167 Elwell Road, spent all of his free time during the summer building a "dune buggy."

The vehicle is constructed from a 1959 Volkswagen. After removing the body, the frame was cut and shortened 14-1/2 inches and then re-assembled.

The body is a design known as "Sand Shark" and comes in a variety of colors. Mark's is tangerine. It is equipped with headlights, taillights, turn signals, windshield wipers and horn. Also, a rear bumper painted metalflake purple.

Mark enjoys working with cars, but says it isn't all just fun.

At one point while doing the wiring, he turned on the headlight switch and the windshield wipers started working.

ROMULUS PERSONALS

Out-of-Towners Are Honored At A Family Get-Together

By Pearl Morris
WH 1-1187

Lt. Col. and Mrs. Ray Deuchele (she's the former Shirley DeMara) and two daughters, Denise and Leslie, spent two weeks here recently, visiting her mother, Mrs. Walter DeMara, of Porter street, and with other relatives and friends. Last Friday night a family get-together was hosted by Mrs. DeMara in the Deucheles' honor. Attending were Mr. and Mrs. Leonard Pitcher of Allen Park; Mr. and Mrs. LeRoy DeMara of Angola, Indiana; Mr. and Mrs. Gerald Dugan of Romulus, and Mr. and Mrs. Ray Vorret. Mr. and Mrs. James DeMara of Wayne were unable to be present. Miss Joan DeMara flew in from Florida, where she is teaching, to surprise the group.

Last Sunday morning the Deucheles left for Washington, D.C., where he is assigned for the next year. Lt. Col. Deuchele recently retired after serving 20 years in the U. S. Air Force. The same morning Miss Joan DeMara departed by air for her home in Florida.

Funeral services for Mrs. Lizzy Mathews, 97, were held September 3, with burial in Charlotte, Michigan. Mrs. Mathews' husband passed away about 14 years ago at the age of 86. The deceased is the mother of Mr. Hiram H. Mathews, formerly of Huron River drive South, who moved recently with his family to Elk Rapids, Michigan. Also surviving are Lew, of Charlotte, a twin brother of Hiram; and two daughters, Della Lesher of East Lansing and Rilla Thornell of Charlotte.

Mr. and Mrs. Lewis Skeels and son, Harold, of Castle drive, and Mr. and Mrs. Bob Stanton, of Romulus, the couple's son-in-law and daughter, returned recently from a week's vacation trip to Florida, where they visited relatives of the Stantons and enjoyed sightseeing. Before that the Skeels family enjoyed vacationing in the Upper Peninsula, around Copper Harbor.

Mr. and Mrs. Harley Halcorn from Orlando, Florida, are visiting friends, Mr. and Mrs. I. Icenogle and Bruce, on Huron River drive South and with other friends and relatives in this vicinity. The Halcorns formerly resided on Mortonview drive in Taylor.

Karen Arquette of Belleville spent the past week visiting her grandmothers, Mrs. Mary Fry and Mrs. Pearl Shick, on Perry street.

The new fall Sunday School schedule for the Romulus Community Methodist Church was started Sunday, September 8, at 9:30 a.m. There will be a regular adult class this year, taught at the same hour by Mrs. Frank Leineke. The other church school teachers are: Nursery: Mrs. Harvey Rhodes; Mrs. Wm. Ballard; Kindergarten, Mrs. Clifford

Collier; First & Second grades, Mrs. Dean Fitch; Third & Fourth, Mrs. Larry Ervin; Fifth & Sixth, Mr. Ronald Bird; Seventh & Eighth, Rev. Frank Leineke; Ninth & Tenth (teacher to be secured); Eleventh & Twelfth, Mr. Dale Benton. Mrs. Marge McCloskey is the new Church School Superintendent.

Mr. I. Ecenogle of Huron River drive South, was Chairman of the Wyandotte Chemical Union Country Fair, which was held Thursday, Friday and Saturday at the Credit Union office, Wyandotte. Handicraft work by members and their families, as well as a fine assortment of antiques, were on display at this year's fair which drew the largest crowd in its history. Awards and ribbons went to the finest displays. The fair was also marked by a fish pond, free balloons and treats for the kids.

On Monday, September 16,

the regular meeting of the W.S.C.S. will be held at the Community Methodist Church on Olive street.

Mrs. Mary Fry, Perry street, celebrated her 95th birthday of September 1, with a picnic dinner Saturday at the local John F. Kennedy Park, at Five Points, and with a dinner at home on Sunday. Guests over the weekend included: Mrs. Ivan LeVoy, daughter, Lynn, and two grandchildren, all of Dundee; Mrs. Bessie Fox of Grand Rapids, Ohio; Mrs. Elsie Drummond of Osprey, Florida; Mrs. Helen Demets, Mrs. Hazelle Speiser, Jack Shick, Mrs. Anne Chekowitz, all of Romulus; Mrs. Fred Miank, of Belleville. Other recent visitors were Mrs. Hazel Kamerer of Wayne, Mr. and Mrs. Everts and Dr. and Mrs. Nelson of Long Beach, California. Also Donald Shick of Inkster, Mr. and Mrs. Frank Weber of Sheldon, Mrs. Jeanette McKay of Wayne, and daughter and grandson of New Boston.

SING BEFORE PRESIDENT--ALMOST

4-H Chorus Members Sing at International Women's Forum

Associated Country Women of the World Conference at Michigan State University.

The eight were scheduled to sing as part of a massed State 4-H Chorus group which included invited guests.

THE LOCAL VOCALISTS, members of the Wayne County 4-H Chorus, are: Flora Diepenhorst, Joy Rhodes, James Wagner, Fred Hay, Marie Diepenhorst, James Smith, James Morris, and Carla Hay. They made the trip with their leader, Mrs. Frederick W. Hay, and Mrs. Carl W. Morris, parent, both of Romulus.

The Honorable Governor and Mrs. George Romney attended this world forum of women from some 56 nations of the world, and Gov. Romney opened the afternoon program with a stirring address.

They watched with interest the 4-H Chorus group which was rehearsing when they entered the auditorium of Jenison Field House.

The governor received a standing ovation from the world assembly of women, representatives of a six million member organization whose purpose is to improve living conditions around the world. The group met from Sept. 3 through 14.

Another highlight of the day was a performance by the Great Lakes Navy Band from Chicago, Illinois. They offered a program of stirring patriotic and classical numbers and received a resounding ovation from the crowd.

The 4-H Chorus singers of more than 100 voices were then introduced. They offered the following numbers: "4-H Chorale"; "Build Them More Stately Mansions"; "Hallelujah"; "I've Got A Hammer"; "Born Free" and "Young Americans". The group was directed by Miss Wanda Cook, Music Specialist from Michigan State

University, who first founded the 4-H Chorus about seven years ago.

TENSION MOUNTED in Jenison Field House as the hour arrived for President Johnson to appear, but the absence of scores of Secret Servicemen and uniformed police began to be apparent—and, with it, the crowd began to realize that there had been a change in the program. The President of the United States had sent his regrets.

Despite this big disappointment, the 4-H Chorus members enjoyed the compliments of women delegates from many foreign lands who were eager to converse with the young people and ask questions about their group.

They talked with delegates from Ireland, Australia, England, India and other countries and well as women delegates from all parts of the United States.

AT THE close of their exciting day, each 4-H singer was given an envelope containing money so that the various county groups could enjoy dinner together.

The Wayne County 4-H young people stopped at Jackson enroute home that evening, where they had a get-together and reviewed the day's events.

Director of the Wayne County 4-H Chorus is Miss Grace Mathews, well-known vocal teacher in the Romulus Community Schools for the past 25 years, who officially resigned in June to accept a similar position in the Elk Rapids, Michigan Public School System.

It was with regret that she was unable to attend the chorus' performance at the International Women's Forum in East Lansing.

Porter Receives Bronze Star Medal

PRESENTS BRONZE STAR MEDAL — Chaplain (Lt. Col.) Clayton Day, Provisional Corps chaplain in Vietnam (right) presents Army Specialist J. Michael Porter of Belleville and Plymouth, a Bronze Star Medal for meritorious service in combat in Vietnam.

PHU BAI, VIETNAM — Army Specialist Five J. Michael Porter, (right) son of Mr. and Mrs. C.L. Porter, 250 Auburn Street, Plymouth, has received the Bronze Star Medal during ceremonies near Phu Bai, Vietnam, July 11.

The award was presented July 11, by Chaplain (Lt. Col.) Clayton Day, Provisional Corps Chaplain in Vietnam.

Spec. Porter received the award for outstanding meritorious service in combat operation against hostile forces in Vietnam.

Spec. Porter, senior chaplain assistant with the corps, entered the Army in

September, 1966, completed basic training at Ft. Hood, Tex., and arrived in Vietnam in July, 1967. He holds the Army Commendation Medal.

THE SPECIALIST, whose wife, Lesley, lives at 163 Madelon Street, Belleville, Mich., graduated in 1960 from Plymouth (Mich.) High School.

He received a B.S. degree in landscape architecture in 1965 from Michigan State University, East Lansing. He is a Mason. Before entering the Army, he was assistant commissioner of parks for the City of Toledo Parks Division, Toledo, Ohio.

NOTICE OF PUBLIC HEARING

There will be a public hearing on the following described properties zoned R-T (Mobile Home Park) and R1C (Residential) to amend the Zoning Ordinance No. 9-20-65 by amending the zoning map.

From R-T (Mobile Home Park) to M-2 (Heavy Industrial) as follows:

DESCRIPTION OF LOHR PROPERTY

The East 1/2 of the Northeast 1/4 of the Southeast 1/4 of Section 31, Town 3 South, Range 8 East, Van Buren Township, Wayne County, Michigan, except the South part thereof measuring 420.0 feet along the East section line and 150.0 feet along the West line thereof, containing 16.13 acres;

That part of the North 1/2 of the East 1/2 of the East 1/2 of the Southeast 1/4 of Section 31, Town 3 South, Range 8 East, Van Buren Township, Wayne County, Michigan, lying Southerly of the South line of the Wabash Railroad right-of-way, containing 1.20 acres;

That part of the West 1/2 of the Southwest 1/4 of Section 32, Town 3 South, Range 8 East, Van Buren Township, Wayne County, Michigan, lying northerly of the Wabash Railroad right-of-way, containing 11.69 acres;

That part of the West 1/2 of the Southwest 1/4 of Section 32, Town 3 South, Range 8 East, Van Buren Township, Wayne County, Michigan, lying Southerly of the Wabash Railroad right-of-way, except that part thereof described as beginning at the Southwest corner of Section 32 and proceeding thence North 0 degrees 08 minutes West along the West line of said section 670.80 feet; thence North 89 degrees 57 minutes East 1294.33 feet; thence South 0 degrees 26 minutes 10 seconds West along the center line of Lohr Road 671.93 feet to the South line of Section 32; thence West along said South line 1287.65 feet to the point of beginning, containing 43.87 acres.

Excepting from the above described premises the home located at 49495 Martz Road and 0.5 acre upon which the same is situated, more particularly described as the East 110.0 feet of the East 1/2 of the Northeast 1/4 of the Southeast 1/4 of said Section 31 as above described.

SCHOOL SITE TO REMAIN (RIC)

The South 433.0 feet of the East 545.0 feet of the E 1/2 of the E 1/2 of the SW 1/4 of Section 11, T. 3 S., R. 8 E., Van Buren Township, Wayne County, Michigan, except that part taken for Tyler Road, 66' wide, 5 acres more or less.

From RIC (Residential) in Section 11, Morton Taylor Road to the following proposed zones:

PLANNED SHOPPING (C-2)

Beginning at a point on the South line of Ecorse Road being distant Southerly 226.95 feet and Westerly 400.0 feet from the N 1/4 corner of Section 11, T. 3 S., R. 8 E., Van Buren Township, Wayne County, Michigan; thence Southerly 1250 feet; thence Westerly 960 feet; thence Northerly 1250 feet to the South line of Ecorse Road; thence Easterly along the South line of Ecorse Road to the point of beginning, 27.5 acres.

MOBILE HOME PARK (R-T)

Beginning at a point on the North and South 1/4 line of Section 11, T. 3 S., R. 8 E., Van Buren Township, Wayne County, Michigan, and the South line of Ecorse Road, said point being Southerly 226.95 feet from the N 1/4 corner of said Section 11, thence along the North and South 1/4 line of Section 11, Southerly 3580.0 feet; thence Westerly at right angle 1268.0 feet; thence Northerly at right angle 670.0 feet; thence N. 19° 30' East 1190.0 feet; thence Northerly 540.0 feet; thence Easterly at right angle 470.0 feet; thence Northerly 1250.0 feet to the South line of Ecorse Road; thence along the South line of Ecorse Road Easterly to the point of beginning, 69.3 acres.

TOWN HOUSES (RM)

Part of Section 11, T. 3 S., R. 8 E., Van Buren Township, Wayne County, Michigan described as part of E 1/2 of the E 1/2 of the SW 1/4 also the E 1/2 of the W 1/2 of the SW 1/4 also the N 1/2 of the E 1/2 of the NW 1/4 also the W 1/2 of the E 1/2 of the SW 1/4 also the SE 1/4 of the NW 1/4 and the South 20 acres of the W 1/2 of the NW 1/4 excepting those parts taken for road purposes also excepting the following:

The South 433.0 feet of the East 545.0 feet of the E 1/2 of the E 1/2 of the SW 1/4 of Section 11, T. 3 S., R. 8 E., Van Buren Township, Wayne County, Michigan, except that part taken for Tyler Road 66' wide.

Beginning at a point on the South line of Ecorse Road being distant Southerly 226.95 feet and Westerly 400.0 feet from the N 1/4 corner of Section 11, T. 3 S., R. 8 E., Van Buren Township, Wayne County, Michigan; thence Southerly 1250 feet; thence Westerly 960 feet; thence Northerly 1250 Feet to the South line of Ecorse Road; thence Easterly along the South line of Ecorse Road to the point of beginning.

Beginning at a point on the North and South 1/4 line of Section 11, T. 3 S., R. 8 E., Van Buren Township, Wayne County, Michigan, and the South line of Ecorse Road, said point being Southerly 226.95 feet from the N 1/4 corner of said Section 11; thence along the North and South 1/4 line of Section 11, Southerly 3580.0 feet; thence Westerly at right angle 1268.0 feet; thence Northerly at right angle 670.0 feet; thence N. 19° 30' East 1190.0 feet; thence Northerly 540.0 feet; thence Easterly at right angle 470.0 feet; thence Northerly 1250.0 feet to the South line of Ecorse Road; thence along the South line of Ecorse Road Easterly to the point of Beginning, 128.7 acres more or less.

Public Hearing will be held in the Council Room, 46425 Tyler Road, Van Buren Township, Wayne County, Belleville, Michigan, Wednesday, September 18, 1968 at 8:00 P.M.

IRVING WALLACE,
Chairman, Planning Commission

ERMA J. PAYNE,
Clerk, Van Buren Township

ROMULUS TOWNSHIP, ORDINANCE NO. 68-71

(continued from page 16)

SIZE OF METER IN INCHES	CONNECTION RATE
1	\$ 425.00
1 1/2	950.00
2	1,700.00
2 1/2	2,600.00
3	3,800.00
3 1/2	5,200.00
4	6,800.00
5	10,600.00
6	15,300.00
8	25,000.00
10	37,500.00
12	50,000.00
14	63,000.00
16	75,000.00

4. Any Residence or Business Unit and any Commercial or Industrial Unit, including Schools or any other Public Facility, other than a single family homestead, shall pay the larger amount of either (a) the amount computed pursuant to Paragraph One (1) above, or (b) the amount determined by the meter size in Paragraph three (3) above, or (c) the amount determined by multiplying the sum of Three Hundred (\$300.00) Dollars times the number of acres comprising the original parcel of the applicant's land upon which the building, to be connected, is located.

C. DEBT SERVICE RATES CHARGEABLE UNTIL BONDS ARE RETIRED: In addition to the above specified rates, there shall be collected from each user having any connection to the sewer lines of the sewer system, a debt service rate in accordance with the following schedule:

1. For any Residence or Business Unit, including Commercial, Industrial, School or other public facility, served with a 3/4 inch water meter, hereafter connecting to the system, the debt service rate shall be \$20.00 annually, payable in quarterly installments of \$5.00 each. However, on any premises presently connected to the existing sewer system, the debt service rate shall remain at \$3.75 per quarter until a total of \$300.00 has been paid, provided that present connections shall receive credit for debt service rate payments previously made.

2. For any subdivisions or other major development where the developer or other party shall construct all laterals to serve the area, the Township Board on recommendations of the commission shall have the power to permit a reduction of the debt service charge, of up to Ten (\$10.00) Dollars annually, provided findings are made that the system has been saved pro rata expense, by such construction and that no jeopardy to debts or operations can occur.

3. For Residence or Business unit, including Commercial, Industrial, School or other Public Facility, served with a water meter in excess of 3/4 inch size and connecting to the sewer system, the monthly debt service rate shall be in accordance with the following schedule of payments:

SIZE OF METER IN INCHES	MONTHLY DEBT SERVICE RATE
1	\$ 2.00
1 1/2	5.50
2	9.50
2 1/2	14.50
3	21.00
3 1/2	28.50
4	38.00
5	59.00
6	83.00
8	139.00
10	208.50
12	278.00
14	350.00
16	417.00

D. SEWER SERVICE INSTALLATION CHARGE: All connections to any of the sewers of the sewer system shall be made by agents of the Township, except as hereinafter provided. At the time a sewer service installation is requested, the following installation charges shall be paid. Said charges to be paid prior to the installation.

1) The basic sewer service installation charge for a six inch (6") diameter connection shall be \$250.00.

2) The charge for all sewer service installations for industrial or commercial premises, or any other premise established for the purpose of making a profit, shall be 120% of the cost of making the installation, but in no case less than the current established installation charge.

3) The charge for all sewer service installations larger than six (6) inches in diameter, irrespective of their intended use, shall be 120% of the cost of making the installation but in no case less than the current established installation charge.

4) All taps other than those outlined in items two (2) and three (3) above shall be catalogued into one of the following categories and indicated on a set of master sanitary sewer plans which shall be maintained on file in the water and sewer department. The categories and charges shall be as follows:

a) A Township operated sanitary sewer is available to the premises in question and a sewer service installation will be provided to the nearest available property line to the sewer by the Township for the basic sewer service installation charge except in those cases where the provisions of items two (2) or three (3) apply.

b) A Township operated sanitary sewer can be made available to the premises in question. However, such a connection was not anticipated in the development of the Township sewer program or the establishment of the sewer service installation charge; therefore, the charge for such an installation shall be 120% of the cost of making the connection, but in no case less than the current established sewer service installation charge.

c) A sanitary sewer operated by an agency other than the Township can be made available to the premises in question provided the necessary permits can be obtained from that agency. However, such a connection was not anticipated in the development of the Township sewer program or the establishment of the sewer service installation charge; therefore, the charge for such an installation shall be 120% of the cost of making the connection, but in no case less than the current established sewer service installation charge.

d) A sanitary sewer operated by either the Township or another agency is located in the area. However, due to existing physical conditions, it is not practical to make a sewer service installation.

5) In those instances where, with the consent of the commission, an applicant elects to install the entire sanitary sewer house lead, from the sanitary sewer to the property line at his own expense, the sewer service installation charge may be waived and a special inspection charge of fifty dollars (\$50.00) per tap assessed in its place.

E. SPECIAL RATES: In the event a user desires sewer service but has no water connection, the consumption rate, connection rate and debt service rate shall be as recommended by the Commission and approved by the Township Board, which rates shall, as near as may be determined, be comparable to that paid by a user having a water connection.

F. NO FREE SERVICE: No service shall be furnished by the sewer system to any person, firm or corporation, public or private, or to any public agency or instrumentality, without appropriate charges for expenses including maintenance, reserves, administrative costs and other factors.

THE 1969 CADILLAC is dramatically restyled to look lower, wider and longer. In the front, dual horizontal head lamps and combined parking and cornering lights wrap around the fender, as shown in this Fleetwood Brougham (above). The familiar cross-hatch grille features horizontal and vertical bars with grille fins recessed within each rectangular opening to create a "floating fin" effect. Cadillac's Climate Control option, factory installed in over 95 per cent of total production, and a new air flow system result in the elimination of all vent windows to provide cleaner functional lines and improved vision. The cars will be on display Sept. 26 at Paul C. Chapman & Son, Inc., 15 East Michigan, Ypsilanti.

WITH SCHOOL BOARD

Faust Asks for Meeting On VB Sumpter Dispute

BELLEVILLE — Senator William Faust (D) of the 13th Senatorial District has requested a meeting with the Van Buren Township Board of Education on the financial dispute involving the Sumpter School District reorganization, it was disclosed.

Dale E. Kaulitz, school superintendent, reported that Senator Faust had asked for a meeting with the School Board on the Sumpter situation by letter dated Aug. 28 and that arrangements are being made to set up such a meeting within two weeks.

In preliminary telephone discussions with the senator, Kaulitz stated that Senator Faust had nothing immediately to offer toward

a quick solution. He (Faust) offered his assistance to seeing what could be done to get the required financial aid promised to the Van Buren School System by the State Board of Education when approving the reorganization of the Sumpter School District.

FAUST REPORTED that he had been given a report on the reorganization and financial recommendation for the adjacent school districts that are absorbing the Sumpter students and facilities from Ira Polley, state superintendent of public instruction.

The State Board of Education, Polley told Faust, adopted a staff recommendation (Jan. 7, 1968) which would provide

additional state aid for capital outlay to school districts receiving children from Sumpter School District. Van Buren was to receive the sum of \$476,237.

After formal action was taken by the State Board of Education, House Bill 3976 was introduced in order to provide the means for fulfilling the State Board recommendation, Polley reported to Senator Faust.

"Unfortunately House Bill 3976 did not pass the Legislature. On July 9, the State Board reiterated its earlier action," Polley stated.

Polley also told Faust that he had written Gov. Romney asking him to recommend a special appropriation for the school districts taking over Sumpter.

Farmers Urging NO On Daylight Saving

Apparently this summer's experience with daylight-saving time has done nothing to convince Michigan farmers that it is a good idea.

A Livingston County farmwife, Mrs. Andrew Jackson, (Claudine) complained:

"Sunday morning we were really wishing some of those who support 'double daylight' time would volunteer to come and get the cows in. At 5:00 a.m. it was dark, wet underfoot and raining.

"The cows knew it just wasn't time to go to the barn in all that darkness, so it meant going around the pasture and inviting each one to get up. By the time over 70 had received their personal invitation, we were soaked and had lost almost an hour, and needless to say it didn't improve our outlook in the day or the farming business.

"One can't help but wonder which is the most important — an extra evening hour to play golf, or milk for the baby? To the golfers, it probably would be golf."

FARMERS CALL IT "Double-Daylight Saving Time" because the Federal Act placed most of Michigan two full hours ahead of "sun" time — giving them a too-early start in the day on work such

as hay, fruit, or grain harvest which cannot begin until the day dries off. "As we finished the hay, we came to the conclusion that we haven't been able to start baling a single day before noon. Any hired help we have want to live by 'community' time, so we often lose them just when our work is going best..." Mrs. Jackson says.

It appears that most farmers have tolerated daylight saving time as a somewhat silly nuisance and something to be done away with as soon as possible.

That opportunity, farmers are quick to point out, will come election day, Nov. 5, when the question of federally mandated daylight saving time will appear on our Michigan ballots. The proposal on the ballot will read:

PROPOSAL No. 2 -- Referendum on Act 6 of Public Acts of 1967 (Daylight Saving Time)

Public Act 6 provides that Michigan shall be exempted from observing Daylight Saving Time. The purpose of this referendum is to approve or reject this act.

Shall the State of Michigan observe Daylight Saving Time? Fed up with the whole idea, farmers are urging all-out support for a "No" vote.

AS NATION'S SCHOOLS RE-OPEN

Pupil Population Is at New High

America's dropping birthrate isn't going to affect the nation's primary and secondary schools for quite awhile.

The Health Insurance Institute reports that the number of boys and girls attending schools will increase for several years — well into the 1970's — before the declining birthrate becomes noticeable in classrooms.

This year, in fact, a record number of youngsters — 50.9 million, 800,000 more than last year — will attend the kindergarten through high school classes. That may surprise some because the birthrate began dropping a decade ago.

center of basic knowledge. As times have changed, so have curricula. New subjects are being taught to better prepare youngsters for the world. Some school systems have introduced vocational courses relevant to the new technologies of industry. And, many schools — some guided by progressive state education departments — are offering programs in money management. These are designed to teach the young how to handle present and future incomes.

Forecasters predict that school systems will continue to grow and physically improve for the foreseeable future, investing about \$4 billion a

The 1968 - 1969 School Problem

Federal officials, who compile education statistics, say that demographic factors aren't solely responsible for the continuing increase in school populations.

"Others forces are coming into play," says one authority in the field. Among them: the success of continuing efforts to persuade high school youngsters not to drop out; America's growing appreciation of the educational value of kindergarten and other pre-school programs.

Educating America's youngsters continues to be costly. It's estimated that it cost, on the average, \$623 to pay for the schooling given each youngster last year. (The year before it cost \$569, and decade ago it was \$341!)

This figure does not include the cost of building schools or paying off bonds. It's just for current expenses — teachers, books, supplies, maintenance, insurance and pension plans for school employees. In short, exclusive of capital outlay, the American people are investing somewhere around \$30 billion a year in the basic educations of the young.

Doing this requires an army of teachers, an army that's growing. This coming year 1,926,000 teachers will work in the nation's public schools and another quarter-million will teach in private institutions.

Changing educational philosophy — going well beyond

Don't be fooled into letting your evergreens die. Most people water their evergreens during summer droughts, but they forget them during the winter. Follow MSU agricultural specialist's tip to water evergreens during severe winter droughts, too, whenever the ground is not frozen.

Services For Motor State Shows Owner

Joseph J. Frederick, 56, of 21825 Haggerty rd., Belleville, founder and owner of Motor State Shows, died Sept. 7 in Detroit Osteopathic Hospital following a short illness. He was president of the Showman's Club of American and the Lion's Club. His shows played the mid-way at the Wayne County 4-H Fairs for the past 11 years.

Surviving are his wife, Mary, two daughters, Mary Jo, six, and Jeanette, five; eight sisters, and one brother.

Services will be held tomorrow, Thursday, Sept. 12, from the Wasik Funeral Home, Seven Mile rd., Detroit, and from St. Stanislaus Church, Detroit. Burial will be in Mt. Olivet Cemetery.

PRITULA, Betty Jean, seven-year old daughter of William and Catherine Pritula, 16200 Huron River dr., Romulus, died last week following a lengthy illness. She was a member of St. Paul's Lutheran Church.

Surviving are her parents; six brothers and sisters, Bill, Tony, Cathy, Elsie, Christine, and Sandy, all at home; and her grandparents, Mr. and Mrs. Anthony Balogh, of Ecorse.

Services were held Thursday, Sept. 5, at Baum Funeral Home, the Rev. Daniel Richert officiating. Burial was in Ferndale Cemetery, Wyandotte.

Martin had been in the Pine Knoll Convalescent Home, Taylor.

Nine living children, of 14 born to her, are left to mourn her passing: Mrs. Zilka; Ambrose of California; Richard of Las Vegas, Nevada; Mrs. Theresa Marklein of Trenton; David and Stanley of Taylor; Lawrence, Clarence and Mrs. Elizabeth Barnosky, of Wyandotte. She is also survived by 39 grandchildren and 128 great grandchildren, as well as eight great-great grandchildren.

Rotary Bar-B-Que

ROMULUS — The annual Bar-B-Que Chicken Dinner sponsored by the Romulus Rotary Club will be held Sunday, Sept. 15 from 10 a.m. through 8 p.m.

The Bar-B-Que will be held at John Kennedy Park, located at Five Points. Tickets are \$1.75.

Wayne County Community College Trustees Ask Approval on Millage

The Board of Trustees of the Wayne County Community College District has voted to ask Wayne County voters to approve a two and one-half mill levy for a county-wide community college system, it was announced by Donald M. D. Thurber, of Grosse Pointe, board chairman.

The millage proposal will be submitted at the Nov. 5 election to all voters except those residing in the existing Dearborn and Schoolcraft community college districts.

Highland Park Community College has decided to join the new district as soon as Wayne County millage has been approved.

Terming the millage "a very small investment in a high priority need," Thurber said it would be combined with state and federal funds, private gifts and student fees to build and operate several two-year college campuses accessible to all parts of Wayne County.

"Once funds are available," Thurber stated, "the college can start quickly. The Board will use every reasonable short-cut to begin classes and to get students into them."

STATING THAT 45 percent of Michigan's high school graduates are now enrolling in community colleges, Thurber said the percentage was considerably lower in Wayne County, where the three existing two-year colleges cannot meet the need.

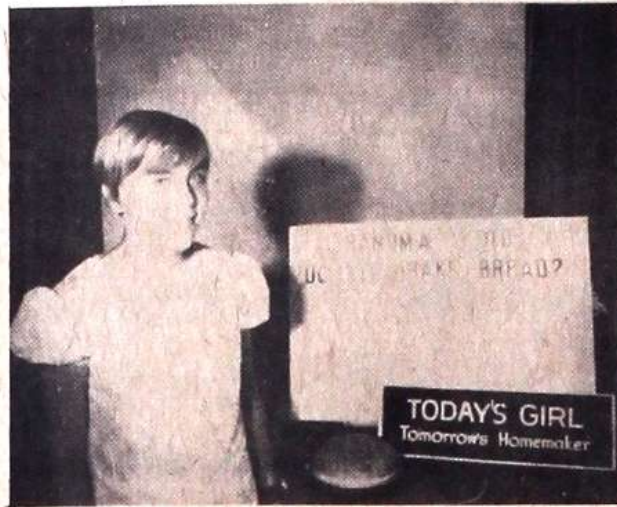

"Many Wayne County students are attending community colleges in neighboring counties and paying a high, non-resident tuition they would not have to pay if Wayne County had its own community college system," Thurber said. "It is only a question of time before neighboring colleges will have to restrict or even refuse Wayne County applicants in favor of their own residents. We must be ready before that happens," Thurber stated.

Estimating the college would enroll 30,000 full-time students and many more part-time ones within five years, Thurber described Wayne County as "the most disadvantaged in the state and the nation in community college facilities. Every other large urban area in the country has forged ahead of

Wayne County. Outstate Michigan has a network of community colleges, all partly supported by local millage approved by voters who would not be without a community college," he said.

Thurber said a citizens' committee would be formed "to spearhead the campaign and to inform voters that the high school graduate, the

drop-out, the adult who wants to study something useful and interesting, business and industry that require employees with modern skills, and the ordinary taxpayer who wants a prosperous, progressive county with strong property values all stand to benefit greatly from a comprehensive community college development in Wayne County."

BAKING BREAD — Miss Nancy Baker of Belleville presents an action exhibit in foods and nutrition at the State 4-H Show. The exhibit involved an explanation of baking bread. Over 2,000 action exhibits were given during the show held Aug. 20-23.

"Tigers" Awarded Title

(See Picture on Page 1)

BELLEVILLE — The American Little League Championship was won in the American Division by the victorious Tigers.

The team, which is sponsored by Burhop Collision Shop, compiled an amazing record of 14 victories and one defeat in capturing the league championship.

The Tigers were led to victory by their ace pitcher Doug Meyer who posted a record of 10 victories and one defeat. Meyer, a 12 year old, averaged 11 strikeouts per game while beating every other club in the circuit.

In addition to Meyer's fine record, two other team pitchers, Mike Lytle and Bill Buckner, posted 3-0 records. The combined pitching and a lusty hitting attack produced 104 runs for the Tigers while they held their opposition to only 44 runs.

SOME OF THE batting averages of the team members were as follows: Mike Lytle, .299, Eric Cullin - .294, Tom Vacek - .329, Mark

Three Area Men End Navy Class

BELLEVILLE — Three area young men, U.N. Navy enlistees, have completed their basic training at the Great Lakes Naval Training Station, Great Lakes, Ill. They are: Seaman Apprentice Robert C. McLaughlin, USN, 19, son of Mr. and Mrs. Robert R. McLaughlin of 46696 Ayres Road.

Seaman Apprentice Robert B. Gregory, USN, 20, son of Mr. and Mrs. Park E. Gregory of 375 Brain Avenue.

Seaman Apprentice Charles E. Doyle, Jr., USN, 19, son of Mr. Charles E. Doyle of 7841 Haggerty Road.

In the first weeks of their naval service they studied military subjects and lived and worked under conditions similar to those they will encounter on their first ship or at their first shore station.

In making the transition from civilian life to Naval service, they received instruction under veteran Navy petty officers. They studied seamanship, as well as survival techniques, military drill and other subjects.

Two free classes for Downriver residents whose physical reserves have been lowered by heart disease are scheduled for Thursday, Sept. 12, the Downriver Heart Information Center announced today.

One class, 9:30 - 11:30 a.m., will be held in the new offices of the Information Center, at 24365 Van Born, Road, Taylor; the second class is scheduled for 1:30 - 3:30 p.m. in the Doctor's Dining Room, Annapolis Hospital, 33155 Annapolis, Wayne.

The "Patterns for Living" class will teach men and women easy - on - the - heart techniques to do work - including reaching, lifting, climbing, and using tools. The Heart Association is a Michigan United Fund Agency. For further information about "Patterns for Living" classes write to 13100 Puritan, Detroit, 48227 or call 342-2100.

Is Security, all you need?

We think so! You see, we feel you ought to be able to take care of all your banking needs under one roof. As a result, we built our bank to meet your needs.

We've a loan department that will provide you with money for any worthwhile purpose. Whether you want a new car, or a new home... a boat or have a number of bills that must be paid, we can assist you.

If you've money to save we can show you how to make it earn from 4% on passbook savings to 5% on savings certificates.

If you've money to spend you'll find that our Security Chargecard makes spending, and paying for it, much easier. We call it the "everyday chargecard" because everyday more than 200,000 card holders use it at over 2000 shops in Metropolitan Detroit.

We've a trust department that stands ready to provide you with trust and estate planning advice for the personal side of your affairs and, should your business call for it, profit sharing and pension program suggestions for those you employ.

In addition, you'll find that we provide safe deposit boxes for your valuable papers, travel assistance that includes everything from the issuing of travelers checks to letters of credit, and personal and commercial checking accounts, including our popular "Thrifty-150" family checking account... the account that's yours with no service charge when you maintain a minimum monthly balance of \$150.00.

We built a bank for people. We designed it in such a manner as to offer all the banking services you will ever need, under one roof.

When we say, "Security is all you need", we mean it!

Security is all you need!

"Where the nicest things come from"

34-36 N. Washington, Ypsilanti

SOLID LINE — Forming what will be a formidable line for the Cougar Freshman squad are Greg Buckner, Con Samoner, Tom Laine, Joe Church. They're working under the watchful eye of head coach Sam Villa.

Tigers Launch Season at Wayne

'Tough One For Us,' Says Richendollar

BELLEVILLE — Second year coach Jim Richendollar has four lettermen back and that rank is rapidly thinning. He lost his second veteran last week when halfback Bruce Bara suffered a shoulder injury. That leaves him with only three regulars from last year's squad. And the Tigers have a date with Wayne Memorial Friday night at 8 p.m. The Zebras have 16 lettermen on their roster and a new coach in Vas Badalov.

Wayne would like nothing better to avenge last year's 20-13 defeat at the hands of Belleville.

But don't hand coach Richendollar any towels as yet. He's still as eager as ever to see his boys in real action and that stems from last week's productive scrimmages.

"I'm a pessimist," said the Tiger coach, "but we looked pretty good in scrimmage last Saturday. Yocum is coming along fine and our defense proved to be tough when needed."

"I'm as anxious as these boys

to get things rolling," he said. Yocum, John Yocum, that is, is Belleville's All-Area quarterback.

In their game with East Catholic, coach Richendollar singled out his linebackers Rick Muschl and Chris Boyd as the bright spots of their game.

"We also received a good game from tackle Jim Singleton; end Mike Kowalski and DHB Derick King," the Tiger coach added.

Tiger grid boss went on to say that he expected a tough fight from Wayne and "that they weren't going to be easy pickings."

"They (Wayne) have a lot of boys back from that team that kept us on our toes for all of the game last year and we barely got by," said Richendollar, "and we expect another tough one from them Friday night."

PIGSKIN DETAIL — Members of Belleville's first Little League grid team prepare to launch the season. Above the Junior Varsity get down to serious business as coach Bob Pokerswinski points out the fundamentals of the game. On the learning side are Jeff Kinzinger (left to right), Steve Pate, Sam Robinson and Kevin Ion.

Horste Wins WWGC Title

WAYNE — Bob Horste, averaging 73 for the 15 week season, captured the Western Wayne Golf Conference title last week with little difficulty.

Horste's main opposition came from Jack Latoski who chalked up an 88 for the league year and claimed runnerup honors.

Horste, along with the other 20 members of the golf league, were feted at the Ninth Annual WWGC Banquet held last week at the Skipper's Table.

BROTHERS SHINE IN SCRIMMAGES

Pratt Wants More Offense

ROMULUS — A inconsistent offensive machine which sputters inexplicably has Romulus George Pratt at the drawing boards fervently working out a new design.

It was his offensive machine which caused the Eagle downfall in his initial year as head Romulus planner and the

second year coach doesn't want a rerun.

"This first game is a big one for us," said Pratt. "We must prove to ourselves that we can compete in football and the only way you can win is to score touchdowns."

"That's one thing we didn't do a lot of last year - score - and we're going to get those TDs this year or else," Pratt said.

For the first game the Eagles will take on Livonia Franklin on Saturday at 2 p.m. at Franklin High. The Patriots polished off the Eagles 34-0 in the opener last year and have plenty of last year's power around for the coming campaign.

Franklin also has a new coach in George Lovich who

replaced Bob Bentley.

In order to accomplish TD production, Pratt has sent his dynamic tackle, Nate Williams, into the backfield. Williams, who was an All-Area wrestler last year in the heavyweight category has made the transition without difficulty.

Two juniors Chris Gielsinski and Paul Seestadt are vying for the quarterbacking job and both will see considerable action before the Romulus coach makes his final decision on the starter.

In scrimmage against Huron, a pair of brother teams proved they're heading for starting assignments. Gary and John Stanek, defensive tackles, picked off 17 tackles between them while Malcom and Roy Williams collected 13 at their linebacker slots.

Football Fever Spreads To Prep Sports Scene

"Optimistically cautious" high school football coaches and prep gridders have been dreaming of the 1968 campaign for some time now and whether those dreams turn into nightmares will be better this weekend when city, area and state teams launch the season.

The 1968 grid models will tune up with non-conference clashes on Friday. Some enter the battle on Saturday while the Parochial Leagues leap into divisional competition on Sunday.

Wayne Memorial, which had a dismal season in 1967, will have traditional rival Belleville as its guest Friday night at 8 p.m. The Zebras' quest for grid respectability is now in the hands of Vas Badalov, a veteran strategist.

Wayne has no established

stars this year and coach Badalov must rebuild a team denuded of much of its talent and left with only a core of three regulars who campaigned without a Sauk Trail victory or touchdown in 1967.

Belleville, meanwhile, will field one of its smallest teams in recent years but retains extra-talented quarterback John Yocum who could prove the difference in many a game for sophomore coach Jim Richendollar.

Romulus clashes with Livonia Franklin Saturday at 2 p.m. in an away from home game and, although the Eagles weren't impressive in coach George Pratt's inaugural year, they did field a reasonably good defensive squad.

"Our opponents scored on our offensive team more than they did on our defense," said

coach Pratt, "and we have all but three of that defensive platoon back."

"If our weakness on offense is solved, we could surprise a few people," said the Romulus coach.

George Lovich won't have the luxury of going into his first game as head Franklin grid coach as an underdog. And many feel he won't be an underdog in most of his games. The new Patriot boss has many of the assets of a championship team left to him by former head coach Bob Bentley.

Franklin is the co-defending Northwest Suburban champ, sharing the title with John Glenn.

Glenn is gambling its share of the throne on a youthful team which was stripped by graduation of 19 of its regulars. The Rockets will face "the sleeper" in the Tri-River Conference for their debut when they take the field against Garden City West Friday night on Garden City East gridiron.

West retains enough veteran from last year's squad and has enough talent around, according to some prognosticators to give the Tigers a crack at the championship.

Coach Harold Burkholder's "raw material" could be the best this area has seen in quite some time.

No one knows what's going on in Inkster where coach Sylvester Mosley is preparing to launch the season Friday at 3 p.m. against Crestwood. Inkster teachers have refused to enter classrooms without a contract and the Vikings may have to wait until the wind shifts before setting their grid sails.

It's a different story over at Robichaud where first year coach Jim Hadley is eager to test his Canines. Robichaud was to host Taylor Kennedy Friday afternoon, but Taylor teachers have not settled with their Board of Education and whether the Patriots will show up is doubtful at this point.

Football is also on the move at Cherry Hill where coach Joe LaScola is anticipating a move upwards. The Spartans, true to their names, are out to stage a battle to the end, they say.

But, alas, Cherry Hill will run up against Thurston on Saturday at Thurston. And what coach LaScola will return home with no one knows.

Huron has depth deficiency to fill and coach Tom Grange feels he's about a year away from fielding a team with little deficiency. He has a speedy backfield this year, but that alone won't get him into the winning columns as much as he and his chief would like.

The Chiefs, forced to play away from home until their field is completed, open up the season with Gibraltar Friday.

THE SPORTS MERIDIAN

By Tom Mooradian

Some Clean Up Notes

Before we head into football we have a little bit of unfinished business and swiping to do. And first of all we would like to thank Margie Fithian for that wad of tickets she sent us for the Detroit Olympic game Sunday.

Needless to say, the tickets went like hotcakes and I know those fans who got in were awfully pleased.

And Detroit's representatives in Lacrosse didn't disappoint the fans either. The Olympics came up with a 14-10 victory over Peterborough to clinch the Eastern Division championship.

Thanks, again, Margie.

Coaches who have been frustrated in getting a hold of the Sports Meridian lately should take note. The Establishment has booted Meridian and sports into a niche where he can talk to himself. That's not bad — but they have grabbed his private line away from him.

So, for future contact, the Hot Line is Parkway 2-6760. And NEVER on WEDNESDAY. Meridian can be found hiding in that niche on Friday, Saturday, Sunday, Monday, and Tuesday.

But, whatever you do, don't bet on it. Speaking of bets, "Poor" Joe LaScola! (He's Cherry Hill's football and basketball coach). Joe saved up all of two dollars and went to a track one fine day last week and guess what? He fell upon a horse by the name of MERIDIAN. Of course he did what comes naturally and ran up to the hunch box and placed all of it on the horse.

Yep, he lost.

Hey, Joe, who do you think I am anyway, Judd Arnett?

'Good-Bye', Mr. Clack

Rick Clack, a fine-looking lad who starred at Garden City East in basketball last season dropped by the office to say "Good-Bye". He and his teammates Charlie Sakmar and Mike Maciasz will be attending Olivet College this fall.

Clack and his pals were honored on the ANP's "All-Cage" selections after an outstanding year for the Panthers and coach Billy Joe Young. That outstanding year included an undefeated season in the Mid-Wayne Conference, the district and regional titles and a trip to Ann Arbor where they finally lost to Catholic Central.

I asked the youngest what he thought the most important

SPORTS MERIDIAN

(continued from page 21)

thing he learned from participating in sports. "To compete," Clack said. "Let me qualify. You learn to mobilize everything you possess physically and mentally in order to compete successfully. And in order to compete you have to have a vast knowledge of everything — this you realize soon or you don't last."

Clack used his keen sense of ability to compete this summer working for Am-Way Products under the supervision of Chum Stockwell.

And you can bet that Olivet (not you Joe) that Olivet is going to keep on producing winners with talent like Clack-Mociasz-Sakmar.

Lombardi's Credo

And before we launch the 1968 football campaign I would like to swipe a few paragraphs from a speech made by that invincible Vince Lombardi who "retired" this year as the head coach of the Green Bay Packers.

Here's what Vince said, in part, and I only regret I'm unable to publish the entire text.

"Football is a symbol, I think, of what this country's best attributes are — courage and stamina and co-ordinated efficiency of teamwork. It is a Spartan game and it requires Spartan-like qualities of its players."

"It is a game in which millions of Americans take part, and yet is completely uninhibited by racial barriers. This has always been true on the field, and, God willing, it will be true always off the field. It is a game of team action where the only success that the individual has is to be part of the successful whole."

"It is a game that gives 100 per cent elation when you win and demands 100 per cent determination or resolution when you lose. It's like war and it's a flame like life."

"Football teaches that work and perseverance and competitive drive and respect for authority is the price we must all pay to achieve any goal that is worthwhile."

Thank's Vince.

Cougars Debut On This Sunday

Belleville will make its first venture in Little League football when the Cougars take to the field against Roseville's Chiefs Sunday at 1 p.m.

It's the first time we have attempted to organize Little League football in our city," said president of the Cougar club, Ed Gielinski. "We feel the time was ripe for such an organization."

Gielinski added that Belleville needed little league competition in order to develop the youngsters both physically and mentally. He said that athletic competition would keep the boys off the street and give them something constructive to look forward to each week.

The Belleville Jaycees were the instigators of the plan, getting the franchise for the teams. Approximately 100 boys will be suited up this season.

The team, which is financed through the efforts of the Booster Club and via candy sales, will play a six-game schedule.

The officers of the club also include vice-president Gerry Cole; secretary Diane Villa and treasurer Sam Villa. The board

of directors is made up of Walt Crawford, Howard Hayes, Brian Fry, Bob Sullivan and Conrad Samonek.

Coaches include head coach Earl Polenz who will handle the Varsity squad with Guy Young and Jim Fielder; Con Samonek, head coach of the junior Varsity, assisted by Chuck May and Mike Remus; and Sam Villa, head coach of the Freshman, assisted by Phil Roberts and George Grubbe.

Cougar Schedule

Sept. 22 Roseville	Home*
Sept. 28 NE Detroit	Home
Oct. 5 Taylor	There
Oct. 13 Melvindale	Home
Oct. 20 Grosse Pointe	There
Nov. 3 East Detroit	Home

*All Home Games will be played at Belleville High School at 1 p.m. except Sept. 28, which is Homecoming and will begin at 5:30 p.m.

WIBC Bowling Standings

TEAM	W	L
Memerings	4	0
R & J Service	4	0
Dudick Construct.	4	0
Krueger Hydraulics	3	1
Sumpter Collision	1	3
Rogalles	0	4
No. 1	0	4
Travel Queen Campers	0	4

Memerings, with a total of 2009 pins and a 667 average, leads the Woman's International Bowling Congress. The front-runners also have a team high game of 718 to Dudick's 670, which gave them second in that category.

Penny Mills holds the individual high three-game series of 474 while Barb McArthur and Donna Dahlgren have pulled in with 458.

A 193 game registered by Barb McArthur is the highest for the league while Donna Dahlgren has a 172.

More than 1,702,000 Americans over the age of 35 have glaucoma and half of them do not know it, warns the National Society for the Prevention of Blindness. Glaucoma, the "sneak thief of sight," may result in blindness unless detected early and treated continuously.

FARM BUREAU
INSURANCE GROUP

AT FORD DEALERS

PP&K Registration Begins

Registration for America's No. 1 boys' sports contest — the annual Punt, Pass and Kick competition — began Tuesday (Sept. 3) and continues through Oct. 4.

The event, entering its eighth year, is sponsored by the Ford dealers of America and the National Football League. Registration will be held at participating Ford dealerships, or at locations designated by them.

P P & K pits the youths' punting, passing and place-kicking skills and is open to boys from eight through 13 years of age.

Since its inception in 1961, the program has attracted more than 4,000,000 entrants, including a record 917,000 last year. Each boy must be accompanied by one of his parents or a legal guardian. All registrants receive a free P P & K lapel pin and a "tips booklet" containing stories on NFL stars.

The first round of competition will be held the weekend of Oct. 12-13. Zone competitions will be conducted the following weekend and district champions will be determined on Oct. 26. The boys will proceed to area

competitions in each of the NFL team stadiums at halftime of a home game.

Divisional champions, determined Dec. 14 at St. Louis and Dec. 15 at Atlanta, will compete for national honors at halftime of the NFL Play-Off Bowl game at the Orange Bowl in Miami, Jan. 5, 1969, and will go on a Tour of Champions to Washington, D.C., accompanied by their mothers and fathers.

P P & K success depends upon distance, plus accuracy, in three football skills: punting, passing and place-kicking. Boys compete

only against youngsters of their own age, and identical awards will be given at all six levels.

The awards will be beautifully designed trophies, and can be accepted without impairing amateur standing.

Scoring is simple. In each of the P P & K categories, judges award one point for each foot the ball travels in the air and deduct one point for each foot the ball lands to the left or right of a center line.

When the three figures are totaled, there's as much premium on accuracy as for distance.

Complete rules are available at participating Ford dealerships.

Shawver is Road News Director

LANSING — Tom Shawver of Grosse Pointe Woods, has been named public information director for the Department of State Highways.

He succeeds Tom Farrell who resigned last January. Assistant Director J. Michael Jones has been acting director in the interim.

Thomas Nowak

Ends Naval Tour

BELLEVILLE — Electronics Technician Second Class Thomas A. Nowak, USN, son of Mr. and Mrs. Thomas A. Nowak, of 45257 Willis Road, completed a seven month deployment off the coast of Vietnam aboard the destroyer USS Rogers.

While in Vietnam the Rogers engaged in search and rescue missions, served as a lifeguard ship for the carriers operating on Yankee Station, and participated in "Operation Sea Dragon."

Detroit Port Commission Appoints Clifton Lind Director

DETROIT — F. Clifton Lind, assistant port director since March 1966, will be the new Port Director succeeding Andrew W. Fleming, who is retiring Sept. 6 after 10 years service with the Detroit-Wayne County Port Commission.

Harry H. Meisner, chairman of the Port Commission, announced the appointment following a meeting of the Commission Sept. 3. Lind became Acting Director September 7 and is to assume the post of Port Director Oct. 29, when the retiring director's accumulated leave days have been used.

Lind was selected for the post after an open competitive Civil Service Commission examination, in which he topped a field of 21 aspirants, who responded to a nationwide advertisement announcing the examination.

BORN IN Cadillac, Michigan 51 years ago, the new director has been a resident of Wyandotte most of his life. He was an Assistant Prosecuting Attorney for Wayne County from 1958 until becoming Assistant Port Director in March of 1966. While attached to the Civil Division of the Prosecutor's Office, he served as Port Counsel to the Port Commission beginning in 1962. He received his law degree from Wayne State University Law School in 1951, having been awarded an A.B. degree after under-graduate work at the University of Chicago and Wayne State.

A VETERAN of World War II, Lind served in the Navy as a deck officer in the Caribbean area, South Pacific and Japan. A Weekend Warrior at Grosse Ile Naval Air Station since 1954, he is presently Administrative Officer with Squadron VS23Y4.

Upon his return to civilian life after World War II, he worked as a newspaper reporter for Down River weeklies and United Press in Detroit.

As a result of his more than six years of service connected with the Port Commission, Lind has become well known to port people throughout the Great Lakes area and has served since 1963 as chairman of the Law and Legislation Committee of the International Association of Great Lakes Ports.

Cinderella Ball Queen Tells Of Her Long Road to Recovery

(Editor's Note: Following is a first person story by Barbara Cronin which relates vividly how a person can have tuberculosis - even while under a doctor's care - and not be aware of it. Miss Cronin will reign at the fabulous Cinderella Ball in the Sheraton-Cadillac Hotel on Oct. 5 and will serve as Christmas Seal chairman for Michigan.)

low he put me on homebound teaching for the ninth and tenth grades. From the ages 13 to 15, I went to the doctor's office almost every day.

Finally, I seemed to be getting better and the doctor was going to put me back in school. But, as fate would have it, I became very ill instead.

I had been to the doctor on Good Friday and he said I was fine. I felt a little ill that day, but that wasn't unusual.

On Easter Sunday, though, I was in extreme pain and very short of breath.

My mother telephoned the doctor and he ordered her to take me to a nearby hospital for an x-ray. He said "it sounded like pleurisy."

WE WENT to the hospital and I had the x-ray. The hospital physicians informed my parents that they thought I had tuberculosis and to take me to Herman Kiefer Hospital the next day to make sure. They said they would make arrangements.

The next day we went to Herman Kiefer Hospital but no one there had been informed that we were coming.

As soon as I entered Herman Kiefer I collapsed.

I was rushed into a room where oxygen was applied. I was so deathly ill that I was admitted as an emergency patient. My mother and father were with me and, as you can guess, they were worried sick. They thought, as the doctor had said, that I had pleurisy.

IT WAS April 19, 1965, and I was 15 at this time. The day I entered Herman Kiefer Hospital many people thought I wouldn't be around much longer. But, with the help of some wonderful people - and God - I am.

I stayed at Herman Kiefer 2 and 1/2 years.

When I entered I not only had tuberculosis but double pneumonia and other complications. I was on the critical list for three months and in serious condition for almost a year. I had lung surgery twice within three months and this paved the way for going home.

To go on and tell how I occupied myself those 2 and 1/2 years would take a novel.

I CAN tell you though, I met many wonderful people who will always be my friends. In fact, one of those friends wrote a beautiful letter recommending me as the 1968 Cinderella.

Also, I found I have a slight talent for writing poetry and drawing.

It was on Sept. 20, 1967, when I was finally discharged from Herman Kiefer Hospital and reunited with my family. Going home was one of the happiest days of my life!

I am now continuing with school and plan to go to college. I hope to become a psychologist, social worker or teacher - someone who can help people.

All that is in the future, of course. Right now a most exciting and wonderful experience has happened to me - being selected as the 1968 Cinderella and 1968-69 Christmas Seal Chairman for Michigan.

Toll Set

Michigan traffic deaths climbed again in August, totalling 201, an increase of 14 or 7 per cent, compared with 187 in the same month a year ago, State Police provisional figures disclosed.

The August toll also was an increase of four over the average of 197 for that month in the years 1963 to 1967.

The Parthenon, Art Wonder Is Threatened with Collapse

ATHENS, GREECE (KF) — A wonder of the modern as well as the ancient world, the Parthenon, is threatened with collapse unless urgent measures are taken to save it.

The feet of visitors and vandals have worn down the paving stones in the temple's 2400 years. So have the storms that rage about its marble columns set on the Acropolis overlooking Athens.

A team of international experts will soon go to Greece, sent by Unesco at the request of Greek authorities, to ascertain the proper measures to save the temple, which was originally built to honor the goddess Athena.

GEORGE DONTAS, Director of the Acropolis, described the severe disintegration of the marble columns, which through exposure to the weather and occasional fires over the centuries has become calcified.

In recent years, the industrial fumes from factories in the Athens area have aggravated this corrosion.

"The only answer," Dontas continues, "would seem to be to coat the entire marble surface of the Parthenon with a transparent film." But this solution is fraught with problems. Some plastics used might eat into the marble or change its color. Much caution is needed in tampering with the already decayed material.

OTHER EVIDENCES of decay are the crevices in the foundation which fill with water and widen at every freeze; the wear and tear by tourists; the rusting of iron clamps used in constructing the temple, and the tremor cracks in the columns, many of which were caused by the explosion in 1687 of a powder magazine kept in the Parthenon by the Turkish army and shelled by a Venetian ship.

A new problem is the passage of jet planes over the temple. The vibrations they set up are so powerful that the Greek Archeological Service fears they will cause fragments of marble to come loose, or stone blocks to shift their positions.

The Greeks, who built the Parthenon in the golden age of the Athenian statesman Pericles, in the fifth century B.C., have never worried about the durability of Athena's temple.

LEGEND HELD it to be invulnerable. But dozens of marble shards are picked up each time the Acropolis freezes and foundation stones shift under the still-graceful arcade of classic columns. Recent earth tremors have shaken Athens as well, convincing officials that drastic steps are in order.

Some of the remedies suggested are to ban tourists from the temple, to halt all aircraft flights over it, and to rebuild the entire foundation. These measures and others will be discussed when the Unesco team arrives at Athens some time in October.

THE PARTHENON, the finest single example of ancient Greek art and skill, may one day be a crumbled ruin unless modern art and skill come to the rescue (photo by Unesco).
